

1. Title page for the state’s substance use disorder (SUD) demonstration or the SUD component of the broader demonstration

The state should complete this title page at the beginning of a demonstration and submit as the title page for all monitoring reports. The content of this table should stay consistent over time. Definitions for certain rows are below the table.

State	<i>Wisconsin.</i>
Demonstration name	<i>BadgerCare Reform</i>
Approval period for section 1115 demonstration	<i>10/31/2018-12/31/2023</i>
SUD demonstration start date^a	<i>2/1/2020</i>
Implementation date of SUD demonstration, if different from SUD demonstration start date^b	<i>2/1/2021</i>
SUD (or if broader demonstration, then SUD -related) demonstration goals and objectives	<i>Increased rates of identification, initiation, and engagement in SUD treatment, increased adherence to and retention in treatment, fewer readmissions to the same or higher level of care where admissions is preventable, reduction in overdose deaths, reduced inappropriate utilization of emergency departments and inpatient hospital settings via improved access to other SUD continuum of care services.</i>
SUD demonstration year and quarter	<i>DY1 Q3</i>
Reporting period	<i>1/1/2021 – 3/31/2021</i>

^a **SUD demonstration start date:** For monitoring purposes, CMS defines the start date of the demonstration as the *effective date* listed in the state’s STCs at time of SUD demonstration approval. For example, if the state’s STCs at the time of SUD demonstration approval note that the SUD demonstration is effective January 1, 2020 – December 31, 2025, the state should consider January 1, 2020 to be the start date of the SUD demonstration. Note that the effective date is considered to be the first day the state may begin its SUD demonstration. In many cases, the effective date is distinct from the approval date of a demonstration; that is, in certain cases, CMS may approve a section 1115 demonstration with an effective date that is in the future. For example, CMS may approve an extension request on 12/15/2020, with an effective date of 1/1/2021 for the new demonstration period. In many cases, the effective date also differs from the date a state begins implementing its demonstration.

^b Implementation date of SUD demonstration: The date the state began claiming federal financial participation for services provided to individuals in institutions for mental disease.

2. Executive summary

The executive summary should be reported in the fillable box below. It is intended for summary-level information only. The recommended word count is 500 words or less.

The State of Wisconsin was approved for the extension and amendment of the Badger Care Reform Waiver as of October 31, 2018, authorizing the Wisconsin Division of Medicaid Services to operate the Badger Care Reform services through December 31, 2023. The new residential substance use disorder (SUD) treatment benefit was developed under this section 1115 demonstration waiver, allowing Wisconsin Medicaid to claim federal funding for residential SUD services provided in IMD settings.

The Wisconsin Medicaid residential SUD treatment benefit launched February 1, 2021. Treatment services are available to members of all ages who are enrolled in a full-benefit Medicaid plan and who are pursuing recovery from one or more SUDs. Residential SUD treatment is reimbursed only for services delivered in facilities certified by the Wisconsin Division of Quality Assurance as medically monitored treatment (Wis. Admin. Code DHS 75.11) or transitional treatment (Wis. Admin. Code DHS 75.14). The residential SUD treatment benefit does not include coverage in non-treatment residential settings, such as sober living homes, recovery residences, or community arrangements.

The policy and implementation teams have focused on provider enrollment, providing technical assistance via group and individual meetings, providing training and support related to the use of American Society of Addiction Medicine (ASAM) program standards, monitoring and adjusting systems processes for prior authorization and claims, and ensuring that members are accessing treatment. As of August 1, 2021, over 1600 members had approved prior authorizations for residential SUD treatment. As of August 1, 2021 the residential SUD treatment benefit had one denied prior authorization, no appeals, and no grievances filed. Outcome data for reporting purposes will be available in November.

11. SUD-related demonstration operations and policy		
11.1 Considerations		
11.1.1 The state should highlight significant SUD (or if broader demonstration, then SUD-related) demonstration operations or policy considerations that could positively or negatively affect beneficiary enrollment, access to services, timely provision of services, budget neutrality, or any other provision that has potential for beneficiary impacts. Also note any activity that may accelerate or create delays or impediments in achieving the SUD demonstration's approved goals or objectives, if not already reported elsewhere in this document. See report template instructions for more detail.		To comply with the requirements related to enhanced FMAP authorized by the Families First Coronavirus Response Act, for this first quarter, the State of Wisconsin has maintained eligibility for individuals who may have been determined ineligible for Medicaid, with the exception of individuals who voluntarily declined benefits or who are no longer residents of Wisconsin.
11.2 Implementation update		
11.2.1 Compared to the demonstration design and operational details, the state expects to make the following changes to:		The State of Wisconsin originally planned to launch the benefit through the managed care system. Based on input from stakeholders and further consideration by the policy team, the benefit launched on 2/1/2021 as a fee-for-service benefit.
11.2.1.i. How the delivery system operates under the demonstration (e.g. through the managed care system or fee for service)		
11.2.1.ii. Delivery models affecting demonstration participants (e.g. Accountable Care Organizations, Patient Centered Medical Homes)	X	
11.2.1.iii. Partners involved in service delivery	X	
11.2.2 The state experienced challenges in partnering with entities contracted to help implement the demonstration (e.g., health plans, credentialing vendors, private sector providers) and/or noted any performance issues with contracted entities	X	
11.2.3 The state is working on other initiatives related to SUD or OUD		Separate from this demonstration project, the state launched a pilot SUD health home project as of 7/1/2021. The pilot program is geographically limited to 8 counties and 4 tribes.

11.2.4 The initiatives described above are related to the SUD or OUD demonstration (The state should note similarities and differences from the SUD demonstration)		Some members receiving SUD health home services via the pilot may be referred for residential SUD treatment, which may modestly increase treatment utilization and compliance. Health home services and residential SUD treatment are non-duplicative.
12. SUD demonstration evaluation update		
12.1 Narrative information		
12.1.1 Provide updates on SUD evaluation work and timeline. The appropriate content will depend on when this report is due to CMS and the timing for the demonstration. There are specific requirements per Code of Federal Regulations (CFR) for annual reports. See report template instructions for more details.		As of August 2020, the evaluation of Wisconsin's Medicaid § 1115 waiver proceeds according to the workplan, but has required various adjustments due to the COVID-19 pandemic. The Wisconsin Medicaid program, with the federal and state public health emergency (PHE), delayed or suspended several of the provisions attached to the waiver. As well, the circumstances of the PHE have required other adjustments to data collection.
12.1.2 Provide status updates on deliverables related to the demonstration evaluation and indicate whether the expected timelines are being met and/or if there are any real or anticipated barriers in achieving the goals and timeframes agreed to in the STCs		As of August 2020, the evaluation of Wisconsin's Medicaid § 1115 waiver proceeds according to the workplan, but has required various adjustments due to the COVID-19 pandemic. 14. Notable state achievements and/or innovations		
14.1 Narrative information		
14.1.1 Provide any relevant summary of achievements and/or innovations in demonstration enrollment, benefits, operations, and policies pursuant to the hypotheses of the SUD (or if broader demonstration, then SUD related) demonstration or that served to provide better care for individuals, better health for populations, and/or reduce per capita cost. Achievements should focus on significant impacts to beneficiary outcomes. Whenever possible, the summary should describe the achievement or innovation in quantifiable terms, e.g., number of impacted beneficiaries.		During the first six months of the benefit, over 1600 members had approved prior authorizations for residential SUD treatment.
