Dear Director Baass:

Your title XXI Children's Health Insurance Program (CHIP) State Plan Amendment (SPA) CA-24-0008, submitted on March 15, 2024, has been approved. Through this SPA, California has demonstrated compliance with both the Inflation Reduction Act (IRA) Section 11405(b)(1) and the longstanding requirement in regulations at 42 CFR § 457.410(b)(2) and 457.520(b)(4) to cover age-appropriate vaccines. This SPA has an effective date of October 1, 2023.

Section 11405(b)(1) of the IRA requires states with separate CHIPs that include coverage for adults to provide coverage and payment for approved adult vaccines recommended by the Advisory Committee on Immunization Practices (ACIP), and their administration, without cost sharing. Current regulations at 42 CFR § 457.410(b)(2) and 457.520(b)(4) require states to cover age-appropriate vaccines and their administration in accordance with the recommendations of the ACIP without cost sharing. The state provided the necessary assurances to demonstrate compliance with both requirements.
