1932 (a)(1)(A)

A. Section 1932 (a)(1)(A) of the Social Security Act.

The State of Ohio enrolls Medicaid beneficiaries on a mandatory ~~voluntary~~ basis into managed care entities (managed care organization (MCOs) and/or primary care case managers (PCCMs)) in the absence of section 1115 or section 1915 (b) waiver authority. This authority is granted under section 1932 (a)(1)(A) of the Social Security Act (the Act). Under this authority, a state can amend its Medicaid state plan to require certain categories of Medicaid beneficiaries to enroll in managed care entities without being out of compliance with provisions of section 1902 of the Act on statewideness (42 CFR 431.50), freedom of choice (42 CFR 431.51) or comparability (42 CFR 440.230). This authority may *not* be used to mandate (but enrollment in Prepaid Inpatient Health Plans (PIHPs), Prepaid Ambulatory Health Plans (PAHPs), nor can it be used to mandate the enrollment of Medicaid beneficiaries who are Medicare eligible, who are Indians (unless they would be enrolled in certain plans—see D.2.ii. below), or who meet certain categories of “special needs” beneficiaries (see D.2.iii. - vii. below)

4. Describe the public process utilized for both the design of the program and its initial implementation. In addition, describe what methods the state will use to ensure ongoing public involvement once the state plan program has been implemented. (Example: public meeting, advisory groups.)

*The Ohio Medicaid managed care program has consistently sought to involve interested parties in development and operational activities. During the design and development phase of the enhanced care management (ECM) program, public forums were held with a number of key stakeholders, including but not limited to: providers and provider associations, consumer advocates, county agencies, and other state agencies, such as the Department of Health, Bureau of Children with Medical Handicaps, which administers the state's Title V program. Information about the ECM program, including the request for applications (RFA) and questions and answers about the RFA have been posted at Ohio Medicaid's web site. The web site will continue to be updated as relevant information becomes available. Finally, the state's Medical Care Advisory Committee (MCAC) has also served as a forum for discussion of the ECM program. As the ECM program enters its implementation phase, Ohio Medicaid will continue to seek input through public meetings and the MCAC.*

1932 (a)(1)(A)
