Kelly Cunningham
Medicaid Administrator
State of Illinois, Division of Medical Programs
Department of Healthcare and Family
201 South Grand Avenue East, 3rd Floor
Springfield, IL 62763-0001

Dear Administrator Kelly Cunningham:

Your title XXI Children's Health Insurance Program (CHIP) State Plan Amendment (SPA) number IL-25-0007-CHIP, submitted on February 13, 2025, with additional information received on April 7, 2025, has been approved. This SPA has an effective date of July 1, 2024.

Through this SPA, Illinois provides 12 months of continuous eligibility (CE) coverage to individuals enrolled in its separate CHIP, pursuant to section 5112 of the Consolidated Appropriations Act, 2023 (CAA, 2023). Section 5112 of the CAA, amended titles XIX and XXI of the Social Security Act to require that states provide 12 months of CE for children under the age of 19 in Medicaid and CHIP. In Illinois, this provision applies to the from-conception-to-end-of-pregnancy (FCEP) population. A copy of the approved CS27 state plan page is attached to be incorporated into the state's approved CHIP state plan. We note that although the state provides 12-month postpartum coverage to pregnant women under Medicaid as approved under Medicaid SPA IL-22-0020 on October 20, 2022, this portion of the CS27 is blank. This is because the 12-Month Postpartum Continuous Eligibility section of the CS27 is not applicable to states whose separate CHIP population is only the FCEP population.

Your Project Officer is Chanelle Parkar. She is available to answer your questions concerning this amendment and other CHIP-related matters. Her contact information is as follows:

If you have additional questions, please contact Mary Beth Hance, Acting Director, Division of State Coverage Programs, at (410) 786-4299. We look forward to continuing to work with you and your staff.

Sincerely,
/Signed by Sarah deLone/

Sarah deLone
Director

CHIP Eligibility

State Name:

OMB Control Number: 0938-1148

Transmittal Number: IL - 25 - 0007

Separate Child Health Insurance Program General Eligibility - Continuous Eligibility

CS27

2107(e)(1)(K) of the SSA and 42 CFR 457.342 and 435.926; 2107(e)(1)(J) and 1902(e)(16) of the SSA

Mandatory 12-Month Postpartum Continuous Eligibility in CHIP for States Electing This Option in Medicaid

At state option in Medicaid, states may elect to provide continuous eligibility for an individual's 12-month postpartum period consistent with section 1902(e)(16) of the SSA. If elected under Medicaid, states are required to provide the same continuous eligibility and extended postpartum period for pregnant individuals in its separate CHIP. A separate CHIP cannot implement this option if not also elected under the Medicaid state plan.

State elected the Medicaid option to provide continuous eligibility through the 12- month postpartum period ☐

Mandatory Continuous Eligibility for Children

The CHIP Agency must provide that children who have been determined eligible under the state plan shall remain eligible, regardless of any changes in the family's circumstances, for a 12-month continuous eligibility period.

Consistent with section 2107(e)(1)(K) of the SSA, the state assures that continuous eligibility is provided to its targeted low-income children for a duration of 12 months, regardless of any changes in circumstances, unless:

The child attains age 19.

The child or child's representative requests voluntary disenrollment.

The child is no longer a resident of the state.

The Agency determines that eligibility was erroneously granted at the most recent determination or renewal of eligibility because of Agency error or fraud, abuse, or perjury attributed to child or child's representative.

The child dies.

The child becomes eligible for Medicaid.

The state elects to provide coverage to the from-conception-to-end-of-pregnancy (FCEP) population (otherwise known as the "unborn").

☐ Yes

The state assures continuous eligibility for the FCEP population is provided in the same manner as continuous eligibility for other targeted low-income children, except for the duration of the continuous eligibility period.

The duration of continuous eligibility for the FCEP population depends on whether a state enrolls the birthing parent into Medicaid for coverage of labor and delivery or pays for the delivery under CHIP. The state conducts at least one of the following actions upon birth of the child:

CHIP pays for labor and delivery and the state screens the child for potential eligibility for Medicaid.

☐ No

CHIP Eligibility

Emergency Medicaid pays for labor and delivery and the state deems the newborn eligible for Medicaid and ends the continuous eligibility period in CHIP.

Yes

PRA Disclosure Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-1148. The time required to complete this information collection is estimated to average 50 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: CMS, 7500 Security Boulevard, Attn: PRA Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.

V.20240322

4/22/2025

As advised per CMS, Illinois left the following CS27 statement blank as it was not applicable for the state of Illinois because the state covers only the From-Conception-to-Birth population in CHIP, "State elected the Medicaid option to provide continuous eligibility through the 12-month postpartum period." Illinois elected to provide 12 months of postpartum under Medicaid as approved through Medicaid SPA:
Postpartum 12-month Expansion: IL-22-0020.
