Dear Director Rains:

Your title XXI Children's Health Insurance Program (CHIP) State Plan Amendment (SPA) OK-24-0010, submitted on June 28, 2024, has been approved. Through this SPA, Oklahoma has demonstrated compliance with both the Inflation Reduction Act (IRA) Section 11405(b)(1) and the longstanding requirement in regulations at 42 CFR § 457.410(b)(2) and 457.520(b)(4) to cover age-appropriate vaccines. This SPA has an effective date of October 1, 2023.

Section 11405(b)(1) of the IRA requires states with separate CHIPs that include coverage for adults to provide coverage and payment for approved adult vaccines recommended by the Advisory Committee on Immunization Practices (ACIP), and their administration, without cost-sharing. Current regulations at 42 CFR § 457.410(b)(2) and 457.520(b)(4) require states to cover age-appropriate vaccines and their administration in accordance with the recommendations of the ACIP without cost sharing. The state provided the necessary assurances to demonstrate compliance with both requirements.

**MODEL APPLICATION TEMPLATE FOR
STATE CHILD HEALTH PLAN UNDER TITLE XXI OF THE SOCIAL SECURITY ACT
STATE CHILDREN'S HEALTH INSURANCE PROGRAM**

Preamble

Section 4901 of the Balanced Budget Act of 1997 (BBA) amended the Social Security Act (the Act) by adding a new title XXI, the State Children's Health Insurance Program (SCHIP). Title XXI provides funds to states to enable them to initiate and expand the provision of child health assistance to uninsured, low-income children in an effective and efficient manner. To be eligible for funds under this program, states must submit a state plan, which must be approved by the Secretary. A state may choose to amend its approved state plan in whole or in part at any time through the submittal of a plan amendment.

This model application template outlines the information that must be included in the state child health plan, and any subsequent amendments. It has been designed to reflect the requirements as they exist in current regulations, found at 42 CFR part 457. These requirements are necessary for state plans and amendments under Title XXI.

The Department of Health and Human Services will continue to work collaboratively with states and other interested parties to provide specific guidance in key areas like applicant and enrollee protections, collection of baseline data, and methods for preventing substitution of Federal funds for existing state and private funds. As such guidance becomes available, we will work to distribute it in a timely fashion to provide assistance as states submit their state plans and amendments.

Section 1. General Description and Purpose of the State Child Health Plans and State Child Health Plan Requirements (Section 2101)

1.1 The state will use funds provided under Title XXI primarily for (Check appropriate box) (42 CFR 457.70):

1.1.1 Obtaining coverage that meets the requirements for a separate child health program (Section 2103); **OR**

1.1.2. Providing expanded benefits under the State's Medicaid plan (Title XIX); **OR**

1.1.3. A combination of both of the above.

Oklahoma provides medically necessary services under its expansion program to children up to, and including, 185 percent of the Federal Poverty Level (FPL), converted to the MAGI-equivalent percent of FPL and applicable disregards. In Oklahoma, this expansion program is called SoonerCare.

Oklahoma also provides medically necessary services under two distinct programs that operate under the separate child health program authority. The separate child health programs are called Soon-to-be-Sooners (STBS) and Insure Oklahoma (IO).

In Oklahoma, Soon-to-be-Sooners (STBS) is the unborn child program, while Insure Oklahoma (IO) is the program that offers premium assistance to eligible and enrolled families and children.

Oklahoma operates a combination program.

SoonerCare (Medicaid Expansion)

The state operates a Medicaid expansion program, namely SoonerCare, which serves children in families earning up to and including 185 percent of the federal poverty level, converted to the MAGI-equivalent percent of FPL and applicable disregards.

Oklahoma also operates a standalone SCHIP program with two components: 1) children covered from conception to birth under Soon-To-Be Sooners, and 2) a premium assistance program referred to as Insure Oklahoma.

Soon-To-Be-Sooners (STBS/Separate CHIP)

Under this program unborn children of families earning up to and including 185 percent of the federal poverty level, converted to the MAGI-equivalent percent of FPL and applicable disregards, are covered. This program allows coverage of pregnancy related services under Title XXI for the benefit of unborn children enrolled through the STBS program through birth. Oklahoma does not intend to include the Insure Oklahoma premium assistance program as an option for members participating in the STBS program.

Insure Oklahoma (IO/Separate CHIP):

Oklahoma manages a standalone CHIP program, IO for children in families earning up to and including 225 percent of the federal poverty level, allowing select groups the ability to receive benefits through the Premium Assistance Employer Sponsored Insurance (ESI) coverage. ESI is a benefit plan providing premium assistance to qualified children in families employed by an Oklahoma business with access to a private-market, employer sponsored insurance plan. With ESI the cost of health insurance premiums is shared by the employer, the children's family and the Oklahoma Health Care Authority. The state assures that Title XXI funds are used only for the coverage of children. By nature of the enrollment methods established by private, group employer sponsored insurance plans, children participate in subsidized ESI plans as a dependent child on their parents/guardians employment-based private coverage. In areas of this SPA the reader finds mention of employee or family processes and procedures which correspond to their dependent children's private group coverage, the state assures this mention is included only for clarification/explanation of processes and procedures used to gain subsidized coverage for dependent children.
