### Separate Child Health Insurance Program Non-Financial Eligibility - Substitution of Coverage

**CS20** 

Section 2102(b)(3)(C) of the SSA and 42 CFR 457.340(d)(3), 457.350(i), and 457.805

### Substitution of Coverage

SPA#PA-14-0005

The CHIP Agency provides assurance that it has methods and policies in place to prevent the substitution of group health coverage or other commercial health insurance with public funded coverage. These policies include:

Substitution of coverage prevention strategy:

	Name of policy	Description	-
	Application	Questions are included on the application and renewal forms regarding insurance coverage to help ensure that only uninsured children are enrolled in CHIP.	X
	Monitoring	Pennsylvania enjoys one of the nation's highest rates of persons insured by employer based coverage. The continued stability of the rate of employer based coverage supports the hypothesis that no serious degree of crowd out has or is occurring as the result of expansion of publicly funded health care programs. Pennsylvania will continue to monitor the rate of employer based coverage for changes. If Pennsylvania finds a significant level of substitution (10% of enrollees dropping or being dropped from private coverage), it will collaborate with CMS to identify potential strategies to reduce substitution.	×
	Data Matching	In addition to using information obtained from the applications, Pennsylvania implemented a cross match through a Third Party Liability contract to determine current and recent health insurance status. This match provides us a source of data, other than applicant provided information, on the number of individuals who applied for CHIP and had private insurance within the previous six months prior to application. With the addition of this data, we are able to more accurately determine the possibility of substitution among these individuals. This match is only applicable to individuals not eligible for free CHIP.	X
-	Cost Sharing	Another disincentive for dropping private coverage is the addition of cost sharing (premiums and point-of-service copayments) in the CHIP benefit package for families with household incomes in excess of 200% of FPL.	X

A waiting period during which an individual is ineligible due to having dropped group health coverage. No

If the state elects to offer dental only supplemental coverage, the following assurances apply:

SEP 1 1 2014 Approval Date: Effective Date: January 1, 2014 Page 1 of 2

The other coverage exclusion does not apply to children who are otherwise eligible for dental only supplemental coverage as provided in section 2110(b)(5) of the SSA.	
The waiting period does not apply to children eligible for dental only supplemental coverage.

#### Non-Payment of Premiums

Does the state impose premiums or enrollment fees?

Yes

Can non-payment of premiums or enrollment fees result in loss of CHIP eligibility?

Yes

Does the state have a premium lock out period?

Yes

Please describe the lock-out period:

Failure to pay the premium for the Low-Cost or Full-Cost program will result in termination. Within 7 days of the start of the 30-day grace period, a notice of proposed termination must be sent to the parent in advance of the effective date of termination. For example, a family's premium is due September 30 for the new coverage period beginning October 1. If the premium is not received by September 30, the contractor must send a notice to the family no later than October 8 (no later than seven days after the first day of the coverage period) stating that payment must be received by October 30 or coverage will be terminated effective September 30.

The notice must include at least the following information:

- The effective date of termination:
- The reason for termination (i.e., non-payment);
- · What corrective measures the parent may take to prevent termination from occurring;
- The contractor's customer service telephone number a parent may call if they have questions or wish to resolve the situation:
- That the 90-day premium lock out requirement will be imposed if they reapply.

In order for a child to be reinstated without implementing the 90-day premium lock out period, all unpaid monthly premiums must be paid prior to reinstatement.

There is no limit to the number of reinstatements that may be granted as long as the family is willing to pay all unpaid monthly premiums.

If the family is unwilling to pay all unpaid premiums, then the 90-day premium lock out period will be imposed.

This policy does not apply to families that fail to make their initial premium payments.
