700 Governors Drive
Pierre, SD 57501-2291

Dear Mr. Snyder:

Your title XXI Children’s Health Insurance Program (CHIP) state plan amendment (SPA), SD-19-0009, has been approved. SD-19-0009 demonstrates compliance with the CHIP managed care regulations at 42 CFR 457, Subpart L, for utilization of a managed care delivery system. This SPA has an effective date of July 1, 2019.

Sections 2101(a), 2103(f)(3), 2107(b), and 2107(e) of the Social Security Act, as implemented through regulations at 42 CFR 457 Subpart L, describe the application of managed care requirements to CHIP. South Dakota has provided the necessary assurances indicating that the state complies with the managed care requirements in the delivery of CHIP services and benefits covered under the state’s separate child health plan as of July 1, 2019.

This SPA approval does not substitute for CMS review of any contracts between the state and managed care entities that serve the state’s CHIP populations. All managed care contracts for CHIP populations in effect as of the state fiscal year beginning on or after July 1, 2018 must comply with the CHIP managed care regulations and be submitted for CMS review.

Mr. Richard Allen, Director, Division of Medicaid Field Operations West
private effort to provide very limited health coverage to low-income children, however operations under that program ceased in 1999. There are no other private programs that offer creditable coverage for low-income children in South Dakota.

The Indian Health Service continues as a provider of creditable coverage to Indian children. The IHS functions as a provider of services and also provides coverage for certain specialty services through their contract health program. Coordination with the IHS will continue in the same way as coordination with the Medicaid program. The IHS will be reimbursed for the direct services they provide to SCHIP children at the same rate of payment as the South Dakota Medicaid program. Since the IHS contract care program is the payer of last resort under Federal Regulations, the SCHIP program will be primary to IHS contract care. Benefit coordination will be accomplished by the IHS denying claims they receive and causing the claims to be submitted to the SCHIP program for payment just as currently happens with Medicaid. Payment for those services under the SCHIP program will be on the same basis as established for the Medicaid program.

The IHS also plays a very important role in the delivery of outreach services to facilitate the identification and enrollment of low-income children for Medicaid and SCHIP. This role will continue for potentially eligible SCHIP children using the established means to interface with the Department of Social Services medical assistance programs. There are no other public programs providing creditable coverage to low-income children. Children potentially eligible for other public programs will be referred to those programs for services in addition to those provided by Medicaid, M-SCHIP or CHIP-NM.

Children covered by Medicare will not be enrolled in SCHIP as they have creditable coverage.

Section 3. Methods of Delivery and Utilization Controls (Section 2102)(a)(4))

☐ Check here if the state elects to use funds provided under Title XXI only to provide expanded eligibility under the state's Medicaid plan, and continue on to Section 4.

3.1. Delivery Systems (Section 2102(a)(4)) (42 CFR 457.490; Part 457, Subpart L)

Describe the methods of delivery of the child health assistance using Title XXI funds to targeted low-income children. Include a description of the choice of financing and the methods for assuring delivery of the insurance products and delivery of health care services covered by such products to the enrollees, including any variations. (Section 2102)(a)(4) (42CFR 457.490(a))
South Dakota’s original implementation of SCHIP began in July of 1998 with the expansion of the State’s Medicaid program to include children age 6 through 18 from 100% to 133% of the Federal Poverty Level. Under this program expansion eligible children with insurance coverage were enrolled in Medicaid and uninsured children not otherwise eligible for Medicaid were enrolled in SCHIP. In April of 1999, SCHIP implementation via Medicaid expansion continued as the income level for eligibility was increased from 133% of the FPL to 140% for children from birth to age 19 for both the Medicaid and M-SCHIP programs. Again, insured children received Medicaid benefits, and targeted uninsured children received M-SCHIP.

South Dakota’s third effort under Title XXI to expand coverage to targeted uninsured children included the method of delivering child health assistance is through a state administered program. The State Administered program, called CHIP NM, is operated directly by the South Dakota Department of Social Services. Children to be covered under the CHIP-NM program are uninsured children from birth to age 19 in families with incomes above 140% of the FPL and not exceeding 200% of the FPL. Effective January 1, 2014, the implementation of the affordable care act required states to convert the established income limits to a Modified Adjust Gross Income (MAGI) equivalent. The MAGI equivalents are as follows:

- M-SCHIP uninsured children 6 to 19 – 111% to 181%
- M-SCHIP uninsured children 0 to 5 – 147% to 181%
- CHINP-NM uninsured children 0 to 19 – 182% to 204%

Effective July 1, 2016 South Dakota added coverage of unborn children of pregnant women with incomes from 0% FPL and up to and including 133% FPL not otherwise eligible for Medicaid due to citizenship requirements. As the single state agency for Medicaid the Department is jointly administering CHIP-NM with the Medicaid and M- SCHIP programs using DSS eligibility, outreach, benefit payment, reporting and management resources. General Funds have been appropriated by the South Dakota State Legislature to provide matching funds for Federal Title XXI funds.

Benefits delivered to targeted uninsured children under the CHIP-NM state administered program are identical to the benefits offered under the State’s Medicaid and M-SCHIP programs, including EPSDT benefits. Health care services are delivered using the existing delivery and payment systems including primary care case management and access to specialty health service providers, as approved under the State’s 1915(b) waiver under Medicaid. South Dakota will request the managed care waiver be incorporated into it’s Medicaid and SCHIP state plans. The State can assure that children receiving services under SCHIP will receive the same beneficiary protections as children receiving Medicaid coverage including grievances and appeals, privacy and confidentiality, respect and non-discrimination, access to emergency services, and an opportunity to participate in health care treatment decision and choice of providers. The State can also assure that it is
providing SCHIP services in an effective and efficient manner by using Medicaid policies and procedures.

Children are considered uninsured if they do not qualify for Medicaid and have not had group health plan coverage in the three months immediately prior to application for the SCHIP program.

3.1.1 Choice of Delivery System

3.1.1.1 Does the State use a managed care delivery system for its CHIP populations? Managed care entities include MCOs, PIHPs, PAHPs, PCCM entities and PCCMs as defined in 42 CFR 457.10. Please check the box and answer the questions below that apply to your State.

☐ No, the State does not use a managed care delivery system for any CHIP populations.

☒ Yes, the State uses a managed care delivery system for all CHIP populations.

☐ Yes, the State uses a managed care delivery system; however, only some of the CHIP population is included in the managed care delivery system and some of the CHIP population is included in a fee-for-service system.

If the State uses a managed care delivery system for only some of its CHIP populations and a fee-for-service system for some of its CHIP populations, please describe which populations are, and which are not, included in the State’s managed care delivery system for CHIP. States will be asked to specify which managed care entities are used by the State in its managed care delivery system below in Section 3.1.2.

If the State does not use a managed care delivery system for any or some of its CHIP populations, describe the methods of delivery of the child health assistance using Title XXI funds to targeted low-income children. Include a description of:

- The methods for assuring delivery of the insurance products and delivery of health care services covered by such products to the enrollees, including any variations. (Section 2102(a)(4); 42 CFR 457.490(a))

- The utilization control systems designed to ensure that enrollees receiving health care services under the State plan receive only appropriate and medically necessary health care consistent with the benefit package described in the approved State plan. (Section 2102(a)(4); 42 CFR 457.490(b))
3.1.1.2 Do any of your CHIP populations that receive services through a managed care delivery system receive any services outside of a managed care delivery system?

☐ No
☒ Yes

If yes, please describe which services are carved out of your managed care delivery system and how the State provides these services to an enrollee, such as through fee-for-service. Examples of carved out services may include transportation and dental, among others.

The following services are exempt from the State’s PCCM program:

- Emergency services for a condition that if not immediately diagnosed and treated could cause a person serious physical or mental disability, continuation of severe pain, or death;
- Pharmacy;
- Family planning services;
- Dental/orthodontic services including related services, such as a physical prior to oral surgery;

3.2. General Managed Care Contract Provisions

Describe the utilization controls under the child health assistance provided under the plan for targeted low-income children. Describe the systems designed to ensure that
enrollees receiving health care services under the state plan receive only appropriate and medically necessary health care consistent with the benefit package described in the approved state plan. *(Section 2102)(a)(4) (42CFR 457.490(b))*

*Services provided under SCHIP will share the utilization controls used by the Medicaid program to ensure that only health care services that are appropriate, medically necessary, and approved by the State are used. Children covered under SCHIP will be enrolled into a primary care case management system to ensure access to primary care and to provide monitoring and authorization for required specialty medical services. The primary care case management system used will be the PRIME program operated for Medicaid and SCHIP children in South Dakota, authorized by CMS under 1932 state plan authority. South Dakota will request the managed care waiver be incorporated into its Medicaid and SCHIP state plan.*

*The SCHIP program will also share the Medicaid SURS resources for post payment review of services provided to SCHIP children. Appropriateness and necessity for care are also monitored by the Department through a contract with the Professional Review Organization (PRO), also used by the Medicaid and Medicare programs in South Dakota. Pharmacy services for SCHIP will be dispensed via a Medicaid point of service computer system that provides prospective drug utilization review on each prescription filled. Additionally, specialized medical services requiring prior authorization under the Medicaid program will also require prior authorization under the SCHIP program.*

3.2.1 ☑ The State assures that it provides for free and open competition, to the maximum extent practical, in the bidding of all procurement contracts for coverage or other services, including external quality review organizations, in accordance with the procurement requirements of 45 CFR part 75, as applicable. *(42 CFR 457.940(b); 42 CFR 457.1250(a), cross referencing to 42 CFR 438.356(e))*

3.2.2 ☑ The State assures that it will include provisions in all managed care contracts that define a sound and complete procurement contract, as required by 45 CFR part 75, as applicable. *(42 CFR 457.940(c))*

3.2.3 ☑ The State assures that each MCO, PIHP, PAHP, PCCM, and PCCM entity complies with any applicable Federal and State laws that pertain to enrollee rights, and ensures that its employees and contract providers observe and protect those rights *(42 CFR 457.1220, cross-referencing to 42 CFR 438.100)*. These Federal and State laws include: Title VI of the Civil Rights Act of 1964 *(45 CFR part 80)*, Age Discrimination Act of 1975 *(45 CFR part 91)*, Rehabilitation Act of 1973, Title IX of the Education Amendments of 1972, Titles II and III of the Americans with Disabilities Act, and section 1557 of the Patient Protection and Affordable Care Act.
3.2.4 The State assures that it operates a Web site that provides the MCO, PIHP, PAHP, and PCCM entity contracts. (42 CFR 457.1207, cross-referencing to 42 CFR 438.10(c)(3))

- Based on public or private payment rates for comparable services for comparable populations; and
- Consistent with actuarially sound principles as defined in 42 CFR 457.10. (42 CFR 457.1203(a))

If the State is unable to meet the requirements under 42 CFR 457.1203(a), the State attests that it must establish higher rates because such rates are necessary to ensure sufficient provider participation or provider access or to enroll providers who demonstrate exceptional efficiency or quality in the provision of services. (42 CFR 457.1203(b))

3.3.2 The State assures that its rates are designed to reasonably achieve a medical loss ratio standard equal to at least 85 percent for the rate year and provide for reasonable administrative costs. (42 CFR 457.1203(c))

3.3.3 The State assures that it will provide to CMS, if requested by CMS, a description of the manner in which rates were developed in accordance with the requirements of 42 CFR 457.1203(a) through (c). (42 CFR 457.1203(d))

   • Submits a separate report describing the methodology used to determine the State and Federal share of the remittance with the annual report provided to CMS that summarizes the reports received from the MCOs, PIHPs, and PAHPs. (42 CFR 457.1203(e), cross referencing to 42 CFR 438.74(b))

3.3.6 ☐ The State assures that each MCO, PIHP, and PAHP calculates and reports the medical loss ratio in accordance with 42 CFR 438.8. (42 CFR 457.1203(f))

(42 CFR 457.1210(a)(1)(i))

☐ The State maximizes continuation of existing provider-beneficiary relationships under 42 CFR 457.1210(a)(1)(ii) or if that is not possible, distributes the beneficiaries equitably and does not arbitrarily exclude any MCO, PIHP, PAHP, PCCM or PCCM entity from being considered. (Section 2103(f)(3) of the Social Security Act, incorporating section 1932(a)(4); 42 CFR 457.1212, cross referencing to 42 CFR 438.56; State Health Official Letter #09-008)

3.4.2.4 MCO, PIHP, PAHP, PCCM and PCCM Entity Requests for Disenrollment.
The State assures that contracts with MCOs, PIHPs, PAHPs, PCCMs and PCCM entities describe the reasons for which an MCO, PIHP, PAHP, PCCM and PCCM entity may request disenrollment of an enrollee, if any. (42 CFR 457.1212, cross-referencing to 42 CFR 438.56(b))

3.4.2.5 Enrollee Requests for Disenrollment.

- The procedures for exercising the rights specified above under this assurance.
- The circumstances under which an appeal process can be expedited and how to request it. (42 CFR 457.1260, cross-referencing to 42 CFR

Effective Date: October 1, 2017

438.404(b))

3.9.11 □ The State assures that the notice of an adverse benefit determination is provided in a timely manner in accordance with 42 CFR 457.1260. (42 CFR 457.1260, cross-referencing to 42 CFR 438.404(c))

3.9.12 □ The State assures that MCOs, PIHPs, and PAHPs give enrollees reasonable assistance in completing forms and taking other procedural steps related to a grievance or appeal. This includes, but is not limited to, auxiliary aids and services upon request, such as providing interpreter services and toll-free numbers that have adequate TTY/TTD and interpreter capability. (42 CFR 457.1260, cross-referencing to 42 CFR 438.406(a))

3.9.13 The state makes the following assurances related to MCO, PIHP, and PAHP processes for handling enrollee grievances and appeals:

□ Individuals who make decisions on grievances and appeals were neither involved in any previous level of review or decision-making nor a subordinate of any such individual.

□ Individuals who make decisions on grievances and appeals, if deciding any of the following, are individuals who have the appropriate clinical expertise in treating the enrollee's condition or disease:

- An appeal of a denial that is based on lack of medical necessity.
- A grievance regarding denial of expedited resolution of an appeal.
- A grievance or appeal that involves clinical issues.

□ All comments, documents, records, and other information submitted by the enrollee or their representative will be taken into account, without regard to whether such information was submitted or considered in the initial adverse benefit determination.

□ Enrollees have a reasonable opportunity, in person and in writing, to present evidence and testimony and make legal and factual arguments.

□ Enrollees are provided the enrollee's case file, including medical records, other documents and records, and any new or additional evidence considered, relied upon, or generated by the MCO, PIHP or PAHP (or at the direction of the MCO, PIHP or PAHP) in connection with the appeal of the adverse benefit determination. This information must be provided free of charge and sufficiently in advance of the resolution timeframe for appeals.

□ The enrollee and his or her representative or the legal representative of a deceased enrollee's estate are included as parties to the appeal. (42 CFR 457.1260, cross-referencing to 42 CFR 438.406(b))

3.9.15 The State assures that standard appeals are resolved (including notice to the affected parties) within 30 calendar days from the day the MCO, PIHP, or PAHP receives the appeal. The MCO, PIHP, or PAHP may extend the timeframe by up to 14 calendar days if the enrollee requests the extension or the MCO, PIHP, or PAHP shows that there is need for additional information and that the delay is in the enrollee's interest. (42 CFR 457.1260, cross-referencing to 42 CFR 438.408(b) and (c))

3.9.16 The State assures that each MCO, PIHP, and PAHP establishes and maintains an expedited review process for appeals that is no longer than 72 hours after the MCO, PIHP, or PAHP receives the appeal. The expedited review process applies when the MCO, PIHP, or PAHP determines (for a request from the enrollee) or the provider indicates (in making the request on the enrollee's behalf or supporting the enrollee's request) that taking the time for a standard resolution could seriously jeopardize the enrollee's life, physical or mental health, or ability to attain, maintain, or regain maximum function. (42 CFR 457.1260, cross-referencing to 42 CFR 438.408(b) and (c), and 42 CFR 438.410(a))

3.9.17 The State assures that if an MCO, PIHP, or PAHP denies a request for expedited resolution of an appeal, it transfers the appeal within the timeframe for standard resolution in accordance with 42 CFR 438.408(b)(2). (42 CFR 457.1260, cross-referencing to 42 CFR 438.410(c)(1))

3.9.18 The State assures that if the MCO, PIHP, or PAHP extends the timeframes for an appeal not at the request of the enrollee or it denies a request for an expedited resolution of an appeal, it completes all of the following:
   - Make reasonable efforts to give the enrollee prompt oral notice of the delay.
   - Within 2 calendar days give the enrollee written notice of the reason for the decision to extend the timeframe and inform the enrollee of the right to file a grievance if he or she disagrees with that decision.
   - Resolve the appeal as expeditiously as the enrollee's health condition requires and no later than the date the extension expires. (42 CFR 457.1260, cross-referencing to 42 CFR 438.408(c) and 42 CFR 438.410(c))

3.9.19 The State assures that if an MCO, PIHP, or PAHP fails to adhere to the notice and timing requirements in this section, the enrollee is deemed to have exhausted the MCO's, PIHP's, or PAHP's appeals process and the enrollee may initiate a State review. (42 CFR 457.1260, cross-referencing to 42 CFR 438.408(c)(3))

3.9.20 The State assures that has established a method that an MCO, PIHP, and PAHP will use to notify an enrollee of the resolution of a grievance and ensure that such methods meet, at a minimum, the standards described at 42 CFR 438.10. (42 CFR 457.1260, cross referencing to 42 CFR 457.408(d)(1))

  - The right to request and receive benefits while the hearing is pending, and how to make the request.
  - That the enrollee may, consistent with State policy, be held liable for the cost of those benefits if the hearing decision upholds the MCO’s, PIHP’s, or PAHP’s adverse benefit determination. (42 CFR 457.1260, cross referencing to 42 CFR 457.408(d)(2)(i) and (e))

3.9.22 For notice of an expedited resolution, the State assures that each contracted MCO, PIHP, or PAHP makes reasonable efforts to provide oral notice, in addition to the written notice of resolution. (42 CFR 457.1260, cross referencing to 42 CFR 457.408(d)(2)(ii))

3.9.23 The State assures that if it offers an external medical review:
- The review is at the enrollee's option and is not required before or used as a deterrent to proceeding to the State review;
- The review is independent of both the State and MCO, PIHP, or PAHP; and
- The review is offered without any cost to the enrollee. (42 CFR 457.1260, cross-referencing to 42 CFR 438.408(f))

3.9.25 The State assures that MCOs, PIHPs, or PAHPs must provide information specified in 42 CFR 438.10(g)(2)(xi) about the grievance and appeal system to all providers and subcontractors at the time they enter into a contract. This includes:
- The right to file grievances and appeals;
- The requirements and timeframes for filing a grievance or appeal;
- The availability of assistance in the filing process;
- The right to request a State review after the MCO, PIHP or PAHP has made a determination on an enrollee's appeal which is adverse to the enrollee; and
- The fact that, when requested by the enrollee, benefits that the MCO, PIHP, or PAHP seeks to reduce or terminate will continue if the enrollee files an appeal or a request for State review within the timeframes specified for filing, and that the enrollee may, consistent with State policy, be required to pay the cost of services furnished while the appeal or State review is pending if the final decision is adverse to the enrollee. (42 CFR 457.1260,
3.9.26 □ The State assures that it requires MCOs, PIHPs, and PAHPs to maintain records of grievances and appeals and reviews the information as part of its ongoing monitoring procedures, as well as for updates and revisions to the State quality strategy. The record must be accurately maintained in a manner accessible to the state and available upon request to CMS. (42 CFR 457.1260, cross-referencing to 42 CFR 438.416)
