Iowa CARTS FY2020 Report

Basic State Information

Welcome!

We already have some information about your state from our records. If any information is incorrect, please contact the <u>CARTS Help Desk</u>.

1. State or territory name:

2.

Program type:

lacksquare	Both Medicaid	Expansion	CHIP and S	Separate CHIP

- O Medicaid Expansion CHIP only
- Separate CHIP only
- 3. CHIP program name(s):

Medicaid Expansion, Healthy and Well Kids in Iowa (Hawki)

Who should we contact if we have any questions about your report?

4. Contact name:

Anna Ruggle

5. Job title:

Management Analyst III

6. Email:

aruggle@dhs.state.ia.us

7. Full mailing address:

Include city, state, and zip code.

Iowa Department of Human Services Iowa Medicaid Enterprise 1305 E. Walnut Des Moines, IA 50315

8. Phone number:

515-201-4713

PRA Disclosure Statement.

This information is being collected to assist the Centers for Medicare & Medicaid Services (CMS) in partnership with States with the ongoing management of Medicaid and CHIP programs and policies. This mandatory information collection (42 U.S.C. 1397hh) will be used to help each state meet the statutory requirements at section 2108(a) of the Social Security Act to assess the operation of the State child health plan in each Federal fiscal year and to report the results of the assessment including the progress made in reducing the number of uncovered, low-income children. Under the Privacy Act of 1974 any personally identifying information obtained will be kept private to the extent of the law. According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-1148 (CMS-10398 #1). The time required to complete this information collection is estimated to average 40 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to CMS, 7500 Security Boulevard, Attn: Paperwork Reduction Act Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.

Program Fees and Policy Changes

Part 1: Medicaid Expansion CHIP Enrollment Fees, Premiums, and Delivery Systems

1.

Does your program charge an enrollment fee?

O Yes

No

Does your program charge premiums?

YesNo

3.

Is the maximum premium a family would be charged each year tiered by FPL?

O Yes

No

4. Do premiums differ for different Medicaid Expansion CHIP populations beyond FPL (for example, by eligibility group)? If so, briefly explain the fee structure breakdown.

5.

Which delivery system(s) do you use?

Select all that apply.

Managed Care

Primary Care Case Management

Fee for Service

6. Which delivery system(s) are available to which Medicaid Expansion CHIP populations? Indicate whether eligibility status, income level, age range, or other criteria determine which delivery system a population receives.

All Medicaid expansion is covered through Managed Care

Part 2: Separate CHIP Enrollment Fees, Premiums, and Delivery Systems

1.

Does your program charge an enrollment fee?

O Yes

No

2.

Does your program charge premiums?

Yes

O No

3.

Is the maximum premium a family would be charged each year tiered by FPL?

Yes

O No

4. Do your premiums differ for different CHIP populations beyond FPL (for example, by eligibility group)? If so, briefly explain the fee structure breakdown.

Dental only FPL 168 -204% is \$5/mo/member, \$10/mo for 2 or more family members, \$60-\$120 per year, FPL 205-254% is \$10/mo/member, \$20/mo for 2 or more family members, \$120 to \$240 per year FPL 255-302% is \$15/mo/member, \$30/mo for 2 or more family members is \$180 to \$360 per year

5.

Which delivery system(s) do you use?

Select all that apply.

Managed Care

Primary Care Case Management

Fee for Service

6. Which delivery system(s) are available to which CHIP populations? Indicate whether eligibility status, income level, age range, or other criteria determine which delivery system a population receives.

All CHIP populations are Managed Care

Part 3: Medicaid Expansion CHIP Program and Policy Changes

Indicate any changes you've made to your Medicaid Expansion CHIP program policies in the past federal fiscal year. Many changes listed in this section require a State Plan Amendment (SPA), while some don't, such as changing outreach efforts or changing the health plan enrollment process. Please submit a SPA to reflect any changes that do require a SPA.

Have you made any changes to the eligibility determination process?

- Yes
 No
 N/A
 2.
 Have you made any changes to the eligibility redetermination process?
- YesNoN/A
- 3.

Have you made any changes to the eligibility levels or target populations?

For example: increasing income eligibility levels.

- O Yes
- No
- O N/A

Have you made any changes to the benefits available to enrollees?

For example: adding benefits or removing benefit limits.

\bigcirc	Yes	
\bigcirc	No	
\bigcirc	N/A	
5.		
Have you made any changes to the single streamlined application?		

- O Yes
- No
- O N/A

Have you made any changes to your outreach efforts?

For example: allotting more or less funding for outreach, or changing your target population.

\bigcirc	Yes	
lacksquare	No	
\bigcirc	N/A	
7.		

Have you made any changes to the delivery system(s)?

For example: transitioning from Fee for Service to Managed Care for different Medicaid Expansion CHIP populations.

\bigcirc	Yes
lacksquare	No
\bigcirc	N/A

Have you made any changes to your cost sharing requirements?

For example: changing amounts, populations, or the collection process.

9.

Have you made any changes to the substitution of coverage policies?

For example: removing a waiting period.

\bigcirc	Yes
G	No
\bigcirc	N/A

10.

Have you made any changes to the enrollment process for health plan selection?

YesNoN/A

Have you made any changes to the protections for applicants and enrollees?

For example: changing from the Medicaid Fair Hearing process to the review process used by all health insurance issuers statewide.

Yes	
No	
N/A	
	No

12.

Have you made any changes to premium assistance?

For example: adding premium assistance or changing the population that receives premium assistance.

\bigcirc	Yes
•	No
\bigcirc	N/A

Have you made any changes to the methods and procedures for preventing, investigating, or referring fraud or abuse cases?

\bigcirc	Yes
\bigcirc	No
\bigcirc	N/A
14.	
Have	e you made any changes to eligibility for "lawfully residing" pregnant women?
\bigcirc	Yes
\bigcirc	No
\bigcirc	N/A
15.	

Have you made any changes to eligibility for "lawfully residing" children?

- O Yes
- No
- О N/А

Have you made changes to any other policy or program areas?

- Yes
- O No
- О N/А

17. Briefly describe why you made these changes to your Medicaid Expansion CHIP program.

A public health emergency was declared in March 2020. At that time, Iowa did not collect premiums or co payments sharing for members. Renewals were also delayed. Per our SPA: In the event of a national emergency as declared by both the President and the Secretary of Health and Human Services, a State-declared emergency, or any situation in which an emergency continues in Iowa beyond such time as a national emergency ends, and at the State's discretion, enrollees residing or working in the state or federally-declared disaster areas may have their renewals delayed and receive eligibility and services beyond their certification period and may be provided additional time to submit a renewal or verification. Additionally, in the event of any of the emergency situations above, and at the State's discretion for families residing or working in the state or federally-declared working in the state or federally-declared working in the state or federally.

18.

Have you already submitted a State Plan Amendment (SPA) to reflect any changes that require a SPA?

Yes

O No

O N/A

Part 4: Separate CHIP Program and Policy Changes

Indicate any changes you've made to your Separate CHIP program and policies in the past federal fiscal year. Many changes listed in this section require a State Plan Amendment (SPA), while some don't, such as changing outreach efforts or changing the health plan enrollment process. Please submit a SPA to reflect any changes that do require a SPA.

Have you made any changes to the eligibility determination process?

- Yes
 No
 N/A
 2.
 Have you made any changes to the eligibility redetermination process?
- YesNoN/A
- 3.

Have you made any changes to the eligibility levels or target populations?

For example: increasing income eligibility levels.

- O Yes
- No
- O N/A

Have you made any changes to the benefits available to enrolees?

For example: adding benefits or removing benefit limits.

\bigcirc	Yes	
\bigcirc	No	
\bigcirc	N/A	
5.		
Have you made any changes to the single streamlined application?		

- O Yes
- No
- O N/A

Have you made any changes to your outreach efforts?

For example: allotting more or less funding for outreach, or changing your target population.

\bigcirc	Yes	
lacksquare	No	
\bigcirc	N/A	
7.		

Have you made any changes to the delivery system(s)?

For example: transitioning from Fee for Service to Managed Care for different Separate CHIP populations.

\bigcirc	Yes
\bigcirc	No
\bigcirc	N/A

Have you made any changes to your cost sharing requirements?

For example: changing amounts, populations, or the collection process.

9.

Have you made any changes to substitution of coverage policies?

For example: removing a waiting period.

\bigcirc	Yes
•	No
\bigcirc	N/A
10.	

Have you made any changes to an enrollment freeze and/or enrollment cap?

YesNoN/A

Have you made any changes to the enrollment process for health plan selection?

YesNoN/A

12.

Have you made any changes to the protections for applicants and enrollees?

For example: changing from the Medicaid Fair Hearing process to the review process used by all health insurance issuers statewide.

YesNoN/A

Have you made any changes to premium assistance?

For example: adding premium assistance or changing the population that receives premium assistance.

\bigcirc	Yes
•	No
\bigcirc	N/A

14.

Have you made any changes to the methods and procedures for preventing, investigating, or referring fraud or abuse cases?

\bigcirc	Yes	
•	No	
\bigcirc	N/A	

Have you made any changes to your conception to birth expansion (as described in the October 2, 2002 final rule)?

For example: expanding eligibility or changing this population's benefit package.

YesNoN/A

16.

Have you made any changes to your Pregnant Women State Plan expansion?

For example: expanding eligibility or changing this population's benefit package.

YesNoN/A

Have you made any changes to eligibility for "lawfully residing" pregnant women?

O Yes

- No
- O N/A

18.

Have you made any changes to eligibility for "lawfully residing" children?

YesNo

O N/A

19.

Have you made changes to any other policy or program areas?

YesNoN/A

Enrollment and Uninsured Data

Part 1: Number of Children Enrolled in CHIP

This table is pre-filled with your SEDS data for the two most recent federal fiscal years (FFY). If the information is inaccurate, adjust your data in SEDS (go to line 7: "Unduplicated Number Ever Enrolled" in your fourth quarter SEDS report) and then refresh this page. If you're adjusting data in SEDS, allow one business day for the CARTS data below to update.

Program	Number of children enrolled in FFY 2019	Number of children enrolled in FFY 2020	Percent change
Medicaid Expansion CHIP	21,705	19,451	-10.385%
Separate CHIP	83,210	82,268	-1.132%

1. If you had more than a 3% percent change from last year, what are some possible reasons why your enrollment numbers changed?

Some possible reasons are the number of applications lowa has received during the report year have decreased, and the churning between programs has decreased because of the Public Health Emergency. Children who normally would have moved from the Separate CHIP to Medicaid Expansion are continuing in Separate CHIP.

Part 2: Number of Uninsured Children in Your State

This table is pre-filled with data on uninsured children (age 18 and under) who are below 200% of the Federal Poverty Level (FPL) based on annual estimates from the American Community Survey.

Year	Number of uninsured children	Margin of error	Percent of uninsured children (of total children in your state)	Margin of error
2015	15,000	3,000	2.1%	0.4%
2016	11,000	3,000	1.5%	0.4%
2017	12,000	3,000	1.6%	0.4%
2018	10,000	2,000	1.4%	0.3%
2019	11,000	2,000	1.4%	0.3%

Percent change between 2018 and 2019

Not Available

2.

Are there any reasons why the American Community Survey estimates wouldn't be a precise representation of the actual number of uninsured children in your state?

O Yes

No

Do you have any alternate data source(s) or methodology for measuring the number and/or percent of uninsured children in your state?

O Yes

No

4. Is there anything else you'd like to add about your enrollment and uninsured data?

5.

Optional: Attach any additional documents here.

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png)

Browse...

Eligibility, Enrollment, and Operations

Program Outreach

1.

Have you changed your outreach methods in the last federal fiscal year?

- No
- 2.

Are you targeting specific populations in your outreach efforts?

For example: minorities, immigrants, or children living in rural areas.

- Yes
- O No

3. What methods have been most effective in reaching low-income, uninsured children?

For example: TV, school outreach, or word of mouth.

Local grassroots outreach to families in their communities has been the most effective and outreach coordinators working one-on-one with families to be sure they comply with the application process.

4. Is there anything else you'd like to add about your outreach efforts?

Optional: Attach any additional documents here.

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png)

Eligibility, Enrollment, and Operations

Substitution of Coverage

Substitution of coverage (also known as crowd-out) occurs when someone with private insurance drops their private coverage and substitutes it with publicly funded insurance such as CHIP.

1.

Do you track the number of CHIP enrollees who have access to private insurance?

O Yes

No

O N/A

5.

Do you match prospective CHIP enrollees to a database that details private insurance status?

\bigcirc	Yes	
\bigcirc	No	
\bigcirc	N/A	

5. Is there anything else you'd like to add about substitution of coverage that wasn't already covered? Did you run into any limitations when collecting data?

%

For number 3, above the eligibility system does not track the percentage.

6.

Optional: Attach any additional documents here.

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png)

Eligibility, Enrollment, and Operations

Renewal, Denials, and Retention

Part 1: Eligibility Renewal and Retention

1.

Does your state provide presumptive eligibility, allowing children to access CHIP services pending a final determination of eligibility?

This question should only be answered in respect to Separate CHIP.

\bigcirc	Yes	
•	No	
\bigcirc	N/A	

2.

In an effort to retain children in CHIP, do you conduct follow-up communication with families through caseworkers and outreach workers?

O Yes

No

Do you send renewal reminder notices to families?

Yes

O No

4. What else have you done to simplify the eligibility renewal process for families?

lowa implemented passive renewal.

5. Which retention strategies have you found to be most effective?

Passive renewal

6. How do you measure the effectiveness of your retention strategies? What data sources and methodology do you use to track retention?

lowa tracks how many passive renewal notices result in children being automatically renewed.

7. Is there anything else you'd like to add that wasn't already covered?

Children who are determined eligible for presumptive eligibility are enrolled in Medicaid and not the separate CHIP, Hawki.

Part 2: CHIP Eligibility Denials (Not Redetermination)

1.

How many applicants were denied CHIP coverage in FFY 2020?

Don't include applicants being considered for redetermination - this data will be collected in Part 3.

21339

2.

How many applicants were denied CHIP coverage for procedural reasons?

For example: They were denied because of an incomplete application, missing documentation, or a missing enrollment fee.

10758

How many applicants were denied CHIP coverage for eligibility reasons?

For example: They were denied because their income was too high or too low, they were determined eligible for Medicaid instead, or they had other coverage available.

5	569
	3a. How many applicants were denied CHIP (Title XXI) coverage and determined eligible for Medicaid (Title XIX) instead?
	1080

4.

How many applicants were denied CHIP coverage for other reasons?

5012

5. Did you have any limitations in collecting this data?

lowa determines Medicaid eligibility before determining CHIP eligibility. Some of the data above may include denials for Medicaid and thus would be denials for CHIP.

Table: CHIP Eligibility Denials (Not Redetermination)

Туре	Number	Percent
Total denials	21339	100%
Denied for procedural reasons	10758	50.41%
Denied for eligibility reasons	5569	26.1%
Denials for other reasons	5012	23.49%

This table is auto-populated with the data you entered above.

Part 3: Redetermination in CHIP

Redetermination is the process of redetermining whether a child is eligible to renew in CHIP (Title XXI) every 12 months. This section doesn't apply to any mid-year changes in circumstances that may affect eligibility (for example: income, relocation, or aging out of the program).

1.

How many children were eligible for redetermination in CHIP in FFY 2020?

141796

Of the eligible children, how many were then screened for redetermination?

3.

How many children were retained in CHIP after redetermination?

How many children were disenrolled in CHIP after the redetermination process?

This number should be equal to the total of 4a, 4b, and 4c below.

Computed:

4a.

How many children were disenrolled for procedural reasons?

This could be due to an incomplete application, missing documentation, or a missing enrollment fee.

4b.

How many children were disenrolled for eligibility reasons?

This could be due to income that was too high or too low, eligibility in Medicaid (Title XIX) instead, or access to private coverage.

4c.

How many children were disenrolled for other reasons?

5. Did you have any limitations in collecting this data?

This includes the Medicaid Expansion children and Hawki children. Iowa chose to continue children on Medicaid Expansion and Hawki during the Public Health Emergency so redeterminations were not completed after March 2020.

Table: Redetermination in CHIP

These tables are auto-populated with the data you entered above.

Туре	Number	Percent
Children screened for redetermination	Not Answered	Not Answered
Children retained after redetermination	Not Answered	Not Answered
Children disenrolled after redetermination	Not Answered	Not Answered

Table: Disenrollment in CHIP after Redetermination

Туре	Number	Percent
Children disenrolled after redetermination	Not Answered	Not Answered
Children disenrolled for procedural reasons	Not Answered	Not Answered
Children disenrolled for eligibility reasons	Not Answered	Not Answered
Children disenrolled for other reasons	Not Answered	Not Answered

Part 4: Redetermination in Medicaid

Redetermination is the process of redetermining whether a child is eligible to renew in Medicaid (Title XIX) every 12 months. This section doesn't apply to any mid-year changes in circumstances that may affect eligibility (for example: income, relocation, or aging out of the program).

1.

How many children were eligible for redetermination in Medicaid in FFY 2020?

2.

Of the eligible children, how many were then screened for redetermination?

How many children were retained in Medicaid after redetermination?

3.

How many children were disenrolled in Medicaid after the redetermination process?

This number should be equal to the total of 4a, 4b, and 4c below.

Computed:

4a.

How many children were disenrolled for procedural reasons?

This could be due to an incomplete application, missing documentation, or a missing enrollment fee.

4b.

How many children were disenrolled for eligibility reasons?

This could be due to an income that was too high and/or eligibility in CHIP instead.

4c.

How many children were disenrolled for other reasons?

5. Did you have any limitations in collecting this data?

lowa chose to continue children on Medicaid Expansion and Hawki during the Public Health Emergency so redeterminations were not completed after March 2020.

Table: Redetermination in Medicaid

These tables are auto-populated with the data you entered above.

Туре	Number	Percent
Children screened for redetermination	Not Answered	Not Answered
Children retained after redetermination	Not Answered	Not Answered
Children disenrolled after redetermination	Not Answered	Not Answered

Table: Disenrollment in Medicaid after Redetermination

Туре	Number	Percent
Children disenrolled after redetermination	Not Answered	Not Answered
Children disenrolled for procedural reasons	Not Answered	Not Answered
Children disenrolled for eligibility reasons	Not Answered	Not Answered
Children disenrolled for other reasons	Not Answered	Not Answered

Part 5: Tracking a CHIP cohort (Title XXI) over 18 months

Tracking a cohort of children enrolled in CHIP (Title XXI) will indicate how long a specific group of children stays enrolled over an 18-month period. This information is required by Section 402(a) of CHIPRA.

To track your cohort, identify a group of children ages 0 to 16 years who are newly enrolled in CHIP and/or Medicaid as of January through March 2020 (the second quarter of FFY 2020). Children in this cohort must be 16 years and 0 months or younger when they enroll to ensure they don't age out of the program by the end of the 18-month tracking period.

You'll identify a new cohort every two years. This year you'll report on the number of children at the start of the cohort (Jan - Mar 2020) and six months later (July - Sept 2020). Next year you'll report numbers for the same cohort at 12 months (Jan - Mar 2021) and 18 months later (July - Sept 2021). If data is unknown or unavailable, leave it blank - don't enter a zero unless the data is known to be zero.

Helpful hints on age groups

Children should be in age groups based on their age at the start of the cohort, when they're identified as newly enrolled in January, February, or March of 2020. For example, if a child is four years old when they're newly enrolled, they should continue to be reported in the "ages 1-5" group at 6 months, 12 months, and 18 months later.

The oldest children in the cohort must be no older than 16 years (and 0 months) to ensure they don't age out of the program at the end of the 18-month tracking period. That means children in the "ages 13-16" group who are newly enrolled in January 2020 must be born after January 2004. Similarly, children who are newly enrolled in February 2020 must be born after February 2004, and children newly enrolled in March 2020 must be born after March 2004.

1.

How does your state define "newly enrolled" for this cohort?

• Newly enrolled in CHIP: Children in this cohort weren't enrolled in CHIP (Title XXI) during the previous month. For example: Newly enrolled children in January 2020 weren't enrolled in CHIP in December 2019.

Newly enrolled in CHIP and Medicaid: Children in this cohort weren't enrolled in CHIP (Title XXI) or Medicaid (Title XIX) during the previous month. For example: Newly enrolled children in January 2020 weren't enrolled in CHIP or Medicaid in December 2019.

2.

Do you have data for individual age groups?

If not, you'll report the total number for all age groups (0-16 years) instead.

Yes

O No

January - March 2020 (start of the cohort)

3.

How many children were newly enrolled in CHIP between January and March 2020?

Ages 0-1	Ages 1-5	Ages 6-12	Ages 13-16
12	745	600	235

July - September 2020 (6 months later)

4.

How many children were continuously enrolled in CHIP six months later?

Only include children that didn't have a break in coverage during the six-month period.

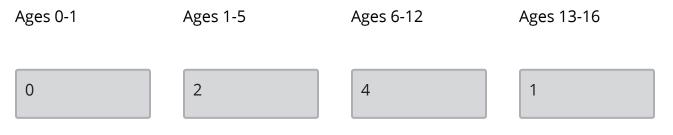

Ages 0-1	Ages 1-5	Ages 6-12	Ages 13-16
10	687	562	227

5.

How many children had a break in CHIP coverage but were re-enrolled in CHIP six months later?

Ages 0-1	Ages 1-5	Ages 6-12	Ages 13-16
0	2	4	1

Of the children who had a break in CHIP coverage (in the previous question), how many were enrolled in Medicaid during the break?

7.

How many children were no longer enrolled in CHIP six months later?

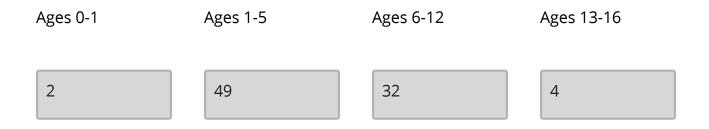

Possible reasons for no longer being enrolled:

- b" Transferred to another health insurance program other than CHIP
- b" Didn't meet eligibility criteria anymore
- b" Didn't complete documentation
- b" Didn't pay a premium or enrollment fee

Ages 0-1	Ages 1-5	Ages 6-12	Ages 13-16
2	56	34	7

8.

Of the children who were no longer enrolled in CHIP (in the previous question), how many were enrolled in Medicaid six months later?

9. Is there anything else you'd like to add about your data?

January - March 2021 (12 months later)

Next year you'll report this data. Leave it blank in the meantime.

10.

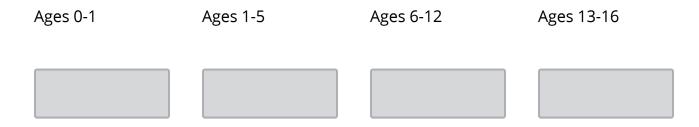

How many children were continuously enrolled in CHIP 12 months later?

Only include children that didn't have a break in coverage during the 12-month period.

Ages 0-1	Ages 1-5	Ages 6-12	Ages 13-16

11.

How many children had a break in CHIP coverage but were re-enrolled in CHIP 12 months later?

Of the children who had a break in CHIP coverage (in the previous question), how many were enrolled in Medicaid during the break?

13.

How many children were no longer enrolled in CHIP 12 months later?

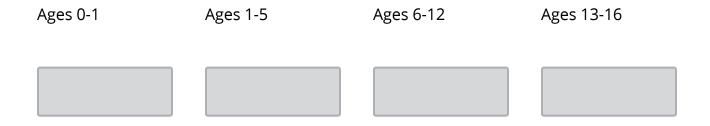

Possible reasons for not being enrolled:

- b" Transferred to another health insurance program other than CHIP
- b" Didn't meet eligibility criteria anymore
- b" Didn't complete documentation
- b" Didn't pay a premium or enrollment fee

Ages 0-1	Ages 1-5	Ages 6-12	Ages 13-16

14.

Of the children who were no longer enrolled in CHIP (in the previous question), how many were enrolled in Medicaid 12 months later?

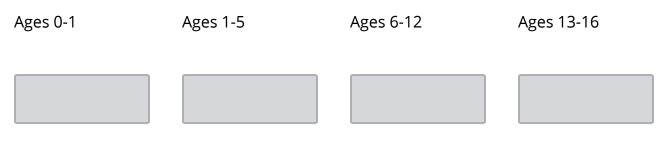

July - September of 2021 (18 months later)

Next year you'll report this data. Leave it blank in the meantime.

15.

How many children were continuously enrolled in CHIP 18 months later?

Only include children that didn't have a break in coverage during the 18-month period.

16.

How many children had a break in CHIP coverage but were re-enrolled in CHIP 18 months later?

Ages 0-1	Ages 1-5	Ages 6-12	Ages 13-16

Of the children who had a break in CHIP coverage (in the previous question), how many were enrolled in Medicaid during the break?

18.

How many children were no longer enrolled in CHIP 18 months later?

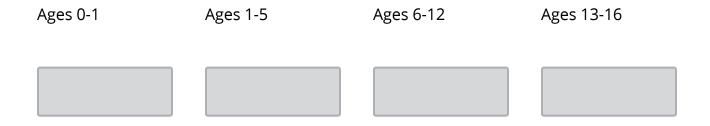

Possible reasons for not being enrolled:

- b" Transferred to another health insurance program other than CHIP
- b" Didn't meet eligibility criteria anymore
- b" Didn't complete documentation
- b" Didn't pay a premium or enrollment fee

Ages 0-1	Ages 1-5	Ages 6-12	Ages 13-16

19.

Of the children who were no longer enrolled in CHIP (in the previous question), how many were enrolled in Medicaid 18 months later?

Part 6: Tracking a Medicaid (Title XIX) cohort over 18 months

Tracking a cohort of children enrolled in Medicaid (Title XIX) will indicate how long a specific group of children stays enrolled over an 18-month period. This information is required by Section 402(a) of CHIPRA.

To track your cohort, identify a group of children ages 0 to 16 years, who are newly enrolled in Medicaid and/or CHIP as of January through March 2020 (the second quarter of FFY 2020). Children in this cohort must be 16 years and 0 months or younger when they enroll to ensure they don't age out of the program by the end of the 18-month tracking period.

You'll identify a new cohort every two years. This year you'll report the number of children identified at the start of the cohort (Jan-Mar 2020) and six months later (July-Sept 2020). Next year you'll report numbers for the same cohort at 12 months (Jan-Mar 2021) and 18 months later (July-Sept 2021). If data is unknown or unavailable, leave it blank - don't enter a zero unless the data is known to be zero.

Helpful hints on age groups

Children should be in age groups based on their age at the start of the cohort, when they're identified as newly enrolled in January, February, or March of 2020. For example, if a child is four years old when they're newly enrolled, they should continue to be reported in the "ages 1-5" group at 6 months, 12 months, and 18 months later.

The oldest children in the cohort must be no older than 16 years (and 0 months) to ensure they don't age out of the program at the end of the 18-month tracking period. That means children in the "ages 13-16" group who are newly enrolled in January 2020 must be born after January 2004. Similarly, children who are newly enrolled in February 2020 must be born after February 2004, and children newly enrolled in March 2020 must be born after March 2004.

How does your state define "newly enrolled" for this cohort?

• Newly enrolled in Medicaid: Children in this cohort weren't enrolled in Medicaid (Title XIX) during the previous month. For example: Newly enrolled children in January 2020 weren't enrolled in Medicaid in December 2019.

Newly enrolled in CHIP and Medicaid: Children in this cohort weren't enrolled in CHIP (Title XXI) or Medicaid (Title XIX) during the previous month. For example: Newly enrolled children in January 2020 weren't enrolled in CHIP or Medicaid in December 2019.

2.

Do you have data for individual age groups?

If not, you'll report the total number for all age groups (0-16 years) instead.

Yes

O No

January - March 2020 (start of the cohort)

3.

How many children were newly enrolled in Medicaid between January and March 2020?

Ages 0-1	Ages 1-5	Ages 6-12	Ages 13-16
34	474	335	126

July - September 2020 (6 months later)

4.

How many children were continuously enrolled in Medicaid six months later?

Only include children that didn't have a break in coverage during the six-month period.

5.

How many children had a break in Medicaid coverage but were re-enrolled in Medicaid six months later?

Ages 0-1	Ages 1-5	Ages 6-12	Ages 13-16
0	2	0	0

6.

Of the children who had a break in Medicaid coverage (in the previous question), how many were enrolled in CHIP during the break?

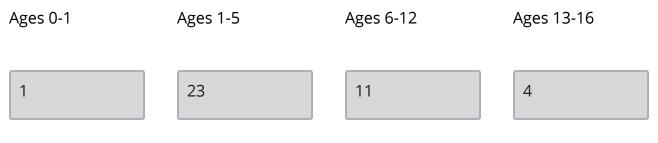

Ages 0-1	Ages 1-5	Ages 6-12	Ages 13-16
0	1	0	0

How many children were no longer enrolled in Medicaid six months later?

Possible reasons for no longer being enrolled:

b" Transferred to another health insurance program other than Medicaid

- b" Didn't meet eligibility criteria anymore
- b" Didn't complete documentation
- b" Didn't pay a premium or enrollment fee

8.

Of the children who were no longer enrolled in Medicaid (in the previous question), how many were enrolled in CHIP six months later?

Ages 0-1	Ages 1-5	Ages 6-12	Ages 13-16
1	12	8	2

9. Is there anything else you'd like to add about your data?

January - March 2021 (12 months later)

Next year you'll report this data. Leave it blank in the meantime.

How many children were continuously enrolled in Medicaid 12 months later?

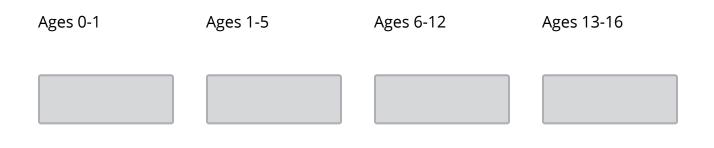

Only include children that didn't have a break in coverage during the 12-month period.

Ages 0-1	Ages 1-5	Ages 6-12	Ages 13-16
11.			
How many children ha Medicaid 12 months la	ad a break in Medicaid ater?	coverage but were re-e	enrolled in
Ages 0-1	Ages 1-5	Ages 6-12	Ages 13-16

12.

Of the children who had a break in Medicaid coverage (in the previous question), how many were enrolled in CHIP during the break?

How many children were no longer enrolled in Medicaid 12 months later?

Possible reasons for not being enrolled:

b" Transferred to another health insurance program other than Medicaid

b" Didn't meet eligibility criteria anymore

b" Didn't complete documentation

b" Didn't pay a premium or enrollment fee

14.

Of the children who were no longer enrolled in Medicaid (in the previous question), how many were enrolled in CHIP 12 months later?

July - September of 2021 (18 months later)

Next year you'll report this data. Leave it blank in the meantime.

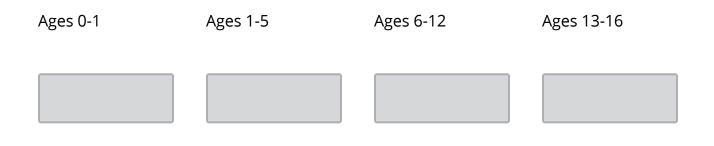

How many children were continuously enrolled in Medicaid 18 months later?

Only include children that didn't have a break in coverage during the 18-month period.

Ages 0-1	Ages 1-5	Ages 6-12	Ages 13-16
16.			
How many children ha Medicaid 18 months la	ad a break in Medicaid ater?	coverage but were re-e	enrolled in
Ages 0-1	Ages 1-5	Ages 6-12	Ages 13-16

17.

Of the children who had a break in Medicaid coverage (in the previous question), how many were enrolled in CHIP during the break?

How many children were no longer enrolled in Medicaid 18 months later?

Possible reasons for not being enrolled:

b" Transferred to another health insurance program other than Medicaid

b" Didn't meet eligibility criteria anymore

b" Didn't complete documentation

b" Didn't pay a premium or enrollment fee

19.

Of the children who were no longer enrolled in Medicaid (in the previous question), how many were enrolled in CHIP 18 months later?

Ages 0-1	Ages 1-5	Ages 6-12	Ages 13-16

20. Is there anything else you'd like to add about your data?

Eligibility, Enrollment, and Operations

Cost Sharing (Out-of-Pocket Costs)

States can choose whether or not to require cost sharing in their CHIP program. Cost sharing includes payments such as enrollment fees, premiums, deductibles,

coinsurance, and copayments.

1.

Does your state require cost sharing?

- Yes
- O No

Who tracks cost sharing to ensure families don't pay more than the 5% aggregate household income in a year?

- Families ("the shoebox method")
- O Health plans
- O States
- Third party administrator
- Other

3. How are healthcare providers notified that they shouldn't charge families once families have reached the 5% cap?

In process.

4. Approximately how many families exceeded the 5% cap in the last federal fiscal year?

Unknown at this time.

Have you assessed the effects of charging premiums and enrollment fees on whether eligible families enroll in CHIP?

O Yes

No

6.

Have you assessed the effects of charging copayments and other out-of-pocket fees on whether enrolled families use CHIP services?

O Yes

No

8. Is there anything else you'd like to add that wasn't already covered?

Currently lowa is working with CMS to determine how to best track cost sharing. This will require major system updates. The timeline is unknown at the present time.

Eligibility, Enrollment, and Operations

Employer Sponsored Insurance and Premium Assistance

States with a premium assistance program can use CHIP funds to purchase coverage through employer sponsored insurance (ESI) on behalf of eligible children and parents.

1.

Does your state offer ESI including a premium assistance program under the CHIP State Plan or a Section 1115 Title XXI demonstration?

Yes

No

Eligibility, Enrollment, and Operations

Program Integrity

States with a premium assistance program can use CHIP funds to purchase coverage through employer sponsored insurance (ESI) on behalf of eligible children and parents.

Do you have a written plan with safeguards and procedures in place for the prevention of fraud and abuse cases?

lacksquare	Yes	
\bigcirc	No	

2.

Do you have a written plan with safeguards and procedures in place for the investigation of fraud and abuse cases?

Yes

O No

3.

Do you have a written plan with safeguards and procedures in place for the referral of fraud and abuse cases?

• Yes

O No

4. What safeguards and procedures are in place for the prevention, investigation, and referral of fraud and abuse cases?

The general public may report suspected fraud and abuse at the following websites to the state of Iowa: 1. Iowa Department of Inspections and Appeals: https://dia.iowa.gov/abuse-fraud/medicaid-publicassistance#:~:text=Report%20Fraud&text=4615%20or%201.877.,446.3787%20(toll%2Dfree). 2. Iowa Department of Human Services: https://dhs.iowa.gov/report-abuse-andfraud Through contract provisions, the Department requires managed care entities and PAHP plans to make available a mechanism for the general public to report suspected fraud and abuse cases. A streamlined referral process was implemented for reporting fraud and abuse cases by the managed care and PAHP to the Department. Credible allegation of fraud cases are referred to the Medicaid Fraud Control Unit (MFCU) for investigation.

5.

Do the Managed Care plans contracted by your Separate CHIP program have written plans with safeguards and procedures in place?

Yes

O No

O N/A

6.

How many eligibility denials have been appealed in a fair hearing in FFY 2020?

How many cases have been found in favor of the beneficiary in FFY 2020?

0			

8.

How many cases related to provider credentialing were investigated in FFY 2020?

0		

9.

How many cases related to provider credentialing were referred to appropriate law enforcement officials in FFY 2020?

How many cases related to provider billing were investigated in FFY 2020?

720

11.

How many cases were referred to appropriate law enforcement officials in FFY 2020?

44

12.

How many cases related to beneficiary eligibility were investigated in FFY 2020?

0

13.

How many cases related to beneficiary eligibility were referred to appropriate law enforcement officials in FFY 2020?

Does your data for Questions 8-13 include cases for CHIP only or for Medicaid and CHIP combined?

\bigcirc	CHIP only
------------	-----------

O Medicaid and CHIP combined

15.

Do you rely on contractors for the prevention, investigation, and referral of fraud and abuse cases?

O Yes

No

16.

Do you contract with Managed Care health plans and/or a third party contractor to provide this oversight?

O Yes

No

17. Is there anything else you'd like to add that wasn't already covered?

The responses to questions 10 and 11 include all of Medicaid and CHIP.

Optional: Attach any additional documents here.

Eligibility, Enrollment, and Operations

Dental Benefits

Tell us about the children receiving dental benefits in your Separate CHIP program. Include children who are receiving full benefits and those who are only receiving supplemental dental benefits. Include the unduplicated number of children enrolled in all types of delivery systems (Managed Care, PCCM, and Fee for Service).

Note on age groups

Children should be in age groups based on their age on September 30th, the end of the federal fiscal year (FFY). For example, if a child turns three years old on September 15th, the child should be included in the "ages 3-5" group. Even if the child received dental services on September 1st while they were still two years old, all dental services should be counted as their age at the end of the FFY.

18.

Do you have data for individual age groups?

If not, you'll report the total number for all age groups (0-18 years) instead.

lacksquare	Yes	
\bigcirc	No	

2.

How many children were enrolled in Separate CHIP for at least 90 continuous days during FFY 2020?

3.

How many children (who were enrolled in Separate CHIP for at least 90 continuous days) received at least one dental care service during FFY 2020?

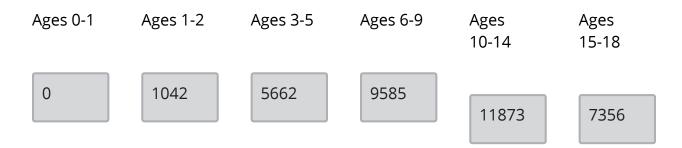

Dental care service codes and definitions

The dental service must be provided by or under the supervision of a dentist as defined by HCPCS codes D0100-D9999 (or equivalent CDT codes D0100-D9999, or equivalent CPT codes) based on an unduplicated paid, unpaid, or denied claim.

All data should be based on the definitions in the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Report (Form CMS-416).

4.

How many children (who were enrolled in Separate CHIP for at least 90 continuous days) received at least one preventative dental care service during FFY 2020?

Dental care service codes and definitions

The dental service must be provided by or under the supervision of a dentist as defined by HCPCS codes D0100 - D9999 (or equivalent CDT codes D0100 - D9999, or equivalent CPT codes) based on an unduplicated paid, unpaid, or denied claim. All data should be based on the definitions in the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Report (Form CMS-416).

How many children (who were enrolled in Separate CHIP for at least 90 continuous days) received dental treatment services during FFY 2020?

This includes orthodontics, periodontics, implants, oral and maxillofacial surgery, and other treatments.

Dental treatment service codes and definitions

The dental service must be provided by or under the supervision of a dentist as defined by HCPCS codes D2000-D9999 (or equivalent CDT codes D2000-D9999 or equivalent CPT codes that involve periodontics, maxillofacial prosthetics, implants, oral and maxillofacial surgery, orthodontics, adjunctive general services) based on an unduplicated paid, unpaid, or denied claim.

All data should be based on the definitions in the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Report (Form CMS-416).

6.

How many children in the "ages 6-9" group received a sealant on at least one permanent molar tooth during FFY 2020?

Sealant codes and definitions

The sealant on a permanent molar tooth is provided by a dental professional for whom placing a sealant is within their scope of practice. It's defined by HCPCS code D1351 (or equivalent CDT code D1351) based on an unduplicated paid, unpaid, or denied claim. Permanent molars are teeth numbered 2, 3, 14, 15, 18, 19, 30, and 31, and additionally - for states covering sealants on third molars ("wisdom teeth") - teeth numbered 1, 16, 17, and 32.

All data should be based on the definitions in the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Report (Form CMS-416).

7.

Do you provide supplemental dental coverage?

Yes

O No

8. Is there anything else you'd like to add about your dental benefits? If you weren't able to provide data, let us know why.

9.

CAHPS Survey Results

Children's Health Insurance Program Reauthorization Act (CHIPRA) requires that all CHIP programs submit survey results from the Consumer Assessment of Healthcare Providers and Systems (CAHPS). The survey assesses your CHIP program quality and customer satisfaction.

1.

Did you collect the CAHPS survey?

Yes

O No

Part 2: You collected the CAHPS survey

Since you collected the CAHPS survey, please complete Part 2.

1.

Upload a summary report of your CAHPS survey results.

This is optional if you already submitted CAHPS raw data to the AHRQ CAHPS database. Submit results only for the CHIP population, not for both Medicaid (Title XIX) and CHIP (Title XXI) together. Your data should represent children enrolled in all types of delivery systems (Managed Care, PCCM, and Fee for Service).

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png)

Part 3: You didn't collect the CAHPS survey

Eligibility, Enrollment, and Operations

Health Services Initiative (HSI) Programs

All states with approved HSI program(s) should complete this section. States can use up to 10% of their fiscal year allotment to develop Health Services Initiatives (HSI) that provide direct services and other public health initiatives for lowincome children. [See Section 2105(a)(1)(D)(ii) of the Social Security Act.] States can only develop HSI programs after funding other costs to administer their CHIP State Plan, as defined in regulations at 42 CFR 457.10.

1.

Does your state operate Health Service Initiatives using CHIP (Title XXI) funds?

Even if you're not currently operating the HSI program, if it's in your current approved CHIP State Plan, please answer "yes."

Yes

O No

Tell us about your HSI program(s).

1. What is the name of your HSI program?

Iowa Poison Control

2.

Are you currently operating the HSI program, or plan to in the future?

- Yes
- O No
- 3. Which populations does the HSI program serve?

Children under age 19

4.

How many children do you estimate are being served by the HSI program?

13797

5.

How many children in the HSI program are below your state's FPL threshold?

4898

Computed: 35.5%

Skip to the next section if you're already reporting HSI metrics and outcomes to CMS, such as in quarterly or monthly reports.

6. How do you measure the HSI program's impact on the health of low-income children in your state? Define a metric to measure the impact.

The Poison Control Center will save annual health care costs by preventing emergency department visits, hospitalizations and other health care services.

7. What outcomes have you found when measuring the impact?

There was a estimated \$6.4 million saving in avoiding health care costs such as emergency department visits, hospitalizations and other health care.

8. Is there anything else you'd like to add about this HSI program?

9.

Optional: Attach any additional documents.

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png)

Browse...

1. What is the name of your HSI program?

Presumptive Eligibility

Are you currently operating the HSI program, or plan to in the future?

- Yes
- O No

3. Which populations does the HSI program serve?

Low-income children, Medicaid and CHIP.

4.

How many children do you estimate are being served by the HSI program?

5635

5.

How many children in the HSI program are below your state's FPL threshold?

5635

Computed: 100%

Skip to the next section if you're already reporting HSI metrics and outcomes to CMS, such as in quarterly or monthly reports.

6. How do you measure the HSI program's impact on the health of low-income children in your state? Define a metric to measure the impact.

The number of low-income children approved through the presumptive eligibility process will increase by 1% in FFY20.

7. What outcomes have you found when measuring the impact?

For FFY 20 there was a 17% decrease in the number of children determined eligible for either Medicaid or CHIP.

8. Is there anything else you'd like to add about this HSI program?

The decrease is likely due to the fact that during the Public Health Emergency, children were no longer being disenrolled from their programs. The number of applications also decreased during this time.

9.

Optional: Attach any additional documents.

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

State Plan Goals and Objectives

Part 1: Tell us about your goals and objectives

Tell us about the progress you've made on your performance goals in the past year. The objectives and goals you add to this section should match those reflected in your CHIP State Plan, Section 9. Submit a CHIP State Plan Amendment (SPA) if any of them are different.

Objective 1 is required. We've provided examples for other objectives, but you can edit them so they match the objectives in your CHIP State Plan. You can add additional objectives and goals to fit what's in your CHIP State Plan.

1. Briefly describe your goal for this objective.

For example: In an effort to reduce the number of uninsured children, our goal is to enroll 90% of eligible children in the CHIP program.

The goal is to increase the number of children enrolled in the Hawki program by one percent over the last federal fiscal year.

2.

What type of goal is it?

- O New goal
- Continuing goal
- O Discontinued goal

Define the numerator you're measuring

3. Which population are you measuring in the numerator?

For example: The number of children enrolled in CHIP in the last federal fiscal year.

The increase in number of children enrolled in the Hawki program under age 19 that are below 302% FPL from September 2020 less the enrollment as of October 2019

4.

Numerator (total number)

4280

Define the denominator you're measuring

5. Which population are you measuring in the denominator?

For example: The total number of eligible children in the last federal fiscal year.

The number of children enrolled in Hawki under age 19 that are below 302% FPL as of September 2019.

6.

Denominator (total number)

60156

Computed: 7.11%

What is the date range of your data?

Start

mm/yyyy

End

mm/yyyy

8.

Which data source did you use?

- Eligibility or enrollment data
- O Survey data
- \bigcirc Another data source

9. How did your progress towards your goal last year compare to your previous year's progress?

Although the numbers show a 7.7 percent increase and that are goal was met, Iowa has not disenrolled members since March 2018 because of the Public Health Emergency COVID-19 pandemic.

10. What are you doing to continually make progress towards your goal?

Continuing grassroots outreach and presumptive eligibility have helped increase the number of children enrolled.

11. Anything else you'd like to tell us about this goal?

12.

Do you have any supporting documentation?

Optional

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png)

Browse...

Do you have another in this list?

Optional

1. What is the next objective listed in your CHIP State Plan?

You can edit the suggested objective so it matches what's in your CHIP State Plan.

Increase the health status of children in Iowa.

1. Briefly describe your goal for this objective.

For example: In an effort to increase access to care, our goal is to increase the number of children who have visited a primary care physician by 5%.

Fifty percent of the children ages zero to 15 months enrolled in the Hawki program will have at least one well-child visit.

2.

What type of goal is it?

- O New goal
- O Continuing goal
- Discontinued goal

Define the numerator you're measuring

3. Which population are you measuring in the numerator?

For example: The number of children enrolled in CHIP who visited a primary care physician in the last federal fiscal year.

4.

Numerator (total number)

Define the denominator you're measuring

5. Which population are you measuring in the denominator?

For example: The total number of children enrolled in CHIP in the last federal fiscal year.

6.

Denominator (total number)

Computed:

What is the date range of your data?

Start

mm/yyyy

End

mm/yyyy

8.

Which data source did you use?

O Eligibility or enrollment data

O Survey data

 \bigcirc Another data source

9. How did your progress towards your goal last year compare to your previous year's progress?

10. What are you doing to continually make progress towards your goal?

11. Anything else you'd like to tell us about this goal?

The state is defining new quality measures to replace this measure.

12.

Do you have any supporting documentation?

Optional

Part 2: Additional questions

1. Do you have other strategies for measuring and reporting on your performance goals? What are these strategies, and what information have you found through this research?

2. Do you plan to add new strategies for measuring and reporting on your goals and objectives? What do you plan to do, and when will this data become available?

3. Have you conducted any focused studies on your CHIP population? (For example: studies on adolescents, attention deficit disorder, substance use, special healthcare needs, or other emerging healthcare needs.) What have you discovered through this research?

4.

Optional: Attach any additional documents here.

For example: studies, analyses, or any other documents that address your performance goals.

Program Financing

Tell us how much you spent on your CHIP program in FFY 2020, and how much you anticipate spending in FFY 2021 and 2022.

Part 1: Benefit Costs

Please type your answers in only. Do not copy and paste your answers.

How much did you spend on Managed Care in FFY 2020? How much do you anticipate spending in FFY 2021 and 2022?

2.

How much did you spend on Fee for Service in FFY 2020? How much do you anticipate spending in FFY 2021 and 2022?

2020	2021	2022
\$ 169,635,402	\$ 172,587,408	\$ 168,772,127

3.

How much did you spend on anything else related to benefit costs in FFY 2020? How much do you anticipate spending in FFY 2021 and 2022?

2020	2021	2022
\$ 6,269,195	\$ 4,843,759	\$ 5,709,669

How much did you receive in cost sharing from beneficiaries to offset your costs in FFY 2020? How much do you anticipate spending in FFY 2021 and 2022?

2020	2021	2022
\$ 0	\$ 0	\$ 0

Table 1: Benefits Costs

This table is auto-populated with the data you entered above.

Туре	FFY 2020	FFY 2021	FFY 2022
Managed Care	169635402	172587408	168772127
Fee for Service	6269195	4843759	5709669
Other benefit costs	0	0	0
Cost sharing payments from beneficiaries	-1978020	-2010822	-4281113
Total benefit costs	173926577	175420345	170200683

Part 2: Administrative Costs

Please type your answers in only. Do not copy and paste your answers.

How much did you spend on personnel in FFY 2020? How much do you anticipate spending in FFY 2021 and 2022?

This includes wages, salaries, and other employee costs.

2020	2021	2022
\$ 1,629,941	\$ 1,630,496	\$ 1,536,690

2.

How much did you spend on general administration in FFY 2020? How much do you anticipate spending in FFY 2021 and 2022?

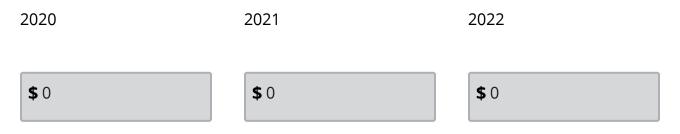

2020	2021	2022
\$ 236,206	\$ 236,286	\$ 222,692

3.

How much did you spend on contractors and brokers, such as enrollment contractors in FFY 2020? How much do you anticipate spending in FFY 2021 and 2022?

2020	2021	2022
\$ 2,683,849	\$ 2,684,762	\$ 2,530,303

How much did you spend on claims processing in FFY 2020? How much do you anticipate spending in FFY 2021 and 2022?

5.

How much did you spend on outreach and marketing in FFY 2020? How much do you anticipate spending in FFY 2021 and 2022?

2020	2021	2022
\$ 589,648	\$ 589,849	\$ 555,914

6.

How much did you spend on your Health Services Initiatives (HSI) if you had any in FFY 2020? How much do you anticipate spending in FFY 2021 and 2022?

2020	2021	2022
\$ 1,133,991	\$ 1,134,377	\$ 1,069,114

How much did you spend on anything else related to administrative costs in FFY 2020? How much do you anticipate spending in FFY 2021 and 2022?

2020	2021	2022
\$ 27,539	\$ 27,548	\$ 25,963

Table 2: Administrative Costs

This table is auto-populated with the data you entered above.

Your total administrative costs cannot be more than 10% of your total CHIP program costs (the sum of your benefit and administrative costs). The 10% administrative cap is calculated by dividing the total benefit costs by 9.

Туре	FFY 2020	FFY 2021	FFY 2022
Personnel	1629941	1630496	1536690
General administration	236206	236286	222692
Contractors and brokers	2683849	2684762	2530303
Claims processing	0	0	0
Outreach and marketing	589648	589849	555914
Health Services Initiatives (HSI)	1133991	1134377	1069114
Other administrative costs	27539	27548	25963
Total administrative costs	6301174	6303318	5940676
10% administrative cap	19544955.22	19714574.11	19386866.22

Table 3: Federal and State Shares

CHIP is funded by federal and state budgets. The federal share of funding is calculated by multiplying your state's Federal Medical Assistance Percentage (eFMAP) by your total program costs (the sum of your benefit and administrative costs). The remaining amount of your total program costs is covered by your state share of funding.

This table is auto-calculated using the data you entered above. The federal and state shares for FFY 2022 will be calculated once the eFMAP rate for 2022 becomes available. In the meantime, these values will be blank.

Туре	FFY 2020	FFY 2021	FFY 2022
Total program costs	182205771	183734485	180422472
eFMAP	84.34	73.23	73.5
Federal share	153672347.26	134548763.37	132610516.92
State share	28533423.74	49185721.63	47811955.08

What were your state funding sources in FFY 2020?

Select all that apply.

\checkmark	State appropriations
	County/local funds
	Employer contributions
	Foundation grants
	Private donations
	Tobacco settlement
	Other
9.	
Did y	ou experience a shortfall in federal CHIP funds this year?
\bigcirc	Yes

No

Part 3: Managed Care Costs

Complete this section only if you have a Managed Care delivery system.

How many children were eligible for Managed Care in FFY 2020? How many do you anticipate will be eligible in FFY 2021 and 2022?

2020	2021	2022
79253	84107	92460

2.

What was your per member per month (PMPM) cost based on the number of children eligible for Managed Care in FFY 2020? What is your projected PMPM cost for FFY 2021 and 2022?

Round to the nearest whole number.

2020	202	2021		2022
\$ 182	\$ 1	73		\$ 153
Туре	FFY 2020	FFY 2021	FFY 2022	
Eligible children	79253	84107	92460	
PMPM cost	182	173	153	

Part 4: Fee for Service Costs

Complete this section only if you have a Fee for Service delivery system.

How many children were eligible for Fee for Service in FFY 2020? How many do you anticipate will be eligible in FFY 2021 and 2022?

2020	2021	2022
16431	16184	16423

2.

What was your per member per month (PMPM) cost based on the number of children eligible for Fee For Service in FFY 2020? What is your projected PMPM cost for FFY 2021 and 2022?

The per member per month cost will be the average cost per month to provide services to these enrollees. Round to the nearest whole number.

2020	202	2021		2022
\$ 294	\$ 294			\$ 306
Туре	FFY 2020	FFY 2021	FFY 2022	
Eligible children	16431	16184	16423	
PMPM cost	294	300	306	

1. Is there anything else you'd like to add about your program finances that wasn't already covered?

Managed care eligibles continue to receive certain services through fee for service PMPM total.

2.

Challenges and Accomplishments

1. How has your state's political and fiscal environment affected your ability to provide healthcare to low-income children and families?

The governor and legislators continue to support the Hawki and Medicaid Expansion programs to provide healthcare to low-income children and families. The legislature has approved additional state funding due to the decrease in the federal match.

2. What's the greatest challenge your CHIP program has faced in FFY 2020?

The greatest challenge was the COVID-19 Public Health Emergency. Iowa acted quickly to ensure both the Medicaid Expansion and the Hawki program members continued to receive health care coverage. We expanded telehealth services, discontinued the collection of premiums and did not cancel or disenroll members since March 18, 2020. 3. What are some of the greatest accomplishments your CHIP program has experienced in FFY 2020?

Expanding telehealth services to Medicaid Expansion and Hawki as enabled children to continue to see their providers during the public health emergency.

4. What changes have you made to your CHIP program in FFY 2020 or plan to make in FFY 2021? Why have you decided to make these changes?

lowa does not have plans to make changes in FFY 2021. When the Public Health Emergency ends, lowa is looking at what services and process we want to keep and which we will roll back to the level prior to the Public Health Emergency.

5. Is there anything else you'd like to add about your state's challenges and accomplishments?

6.
