### Michigan CARTS FY2021 Report

#### Welcome!

We already have some information about your state from our records. If any information is incorrect, please contact the mdct help@cms.hhs.gov.

1. State or territory name:	
Michigan	
. Program type:	
Both Medicaid Expansion CHIP and Separate CHIP	
Medicaid Expansion CHIP only	
Separate CHIP only	
3. CHIP program name(s):	
MIChild, Healthy Kids Expansion, MOMS	

Who should we contact if we have any questions about your report?
4. Contact name:
Kayla Lowers
5. Job title:
Policy Specialist
6. Email:
lowersk@michigan.gov
7. Full mailing address:
Include city, state, and zip code.
MDHHS PO Box 30479 Lansing, MI 48909-7979
8. Phone number:
517-284-1144

#### PRA Disclosure Statement.

This information is being collected to assist the Centers for Medicare & Medicaid Services (CMS) in partnership with States with the ongoing management of Medicaid and CHIP programs and policies. This mandatory information collection (42 U.S.C. 1397hh) will be used to help each state meet the statutory requirements at section 2108(a) of the Social Security Act to assess the operation of the State child health plan in each Federal fiscal year and to report the results of the assessment including the progress made in reducing the number of uncovered, low-income children. Under the Privacy Act of 1974 any personally identifying information obtained will be kept private to the extent of the law. According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information. collection is 0938-1148 (CMS-10398 #1). The time required to complete this information collection is estimated to average 40 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to CMS, 7500 Security Boulevard, Attn: Paperwork Reduction Act Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.

## Part 1: Medicaid Expansion CHIP Enrollment Fees, Premiums, and Delivery Systems

Yes
1 5

No

2. Do	oes your program charge premiums?
•	Yes
	2a. Are your premiums for one child tiered by Federal Poverty Level (FPL)?
	O Yes
	<ul><li>No</li></ul>
	2c. How much is the premium for one child?
	<b>\$</b> 10
	No
3. Is	the maximum premium a family would be charged each year tiered by FPL?
$\bigcirc$	Yes
•	No
	3b. What's the maximum premium a family would be charged each year?
	<b>\$</b> 120

4. Do premiums differ for different Medicaid Expansion CHIP populations beyond FPI (for example, by eligibility group)? If so, briefly explain the fee structure breakdown.
Yes, our Healthy Kids Expansion group has no premium. Our MIChild program has a \$10/month/family premium.
5. Which delivery system(s) do you use? Select all that apply.
✓ Managed Care
Primary Care Case Management
Fee for Service
6. Which delivery system(s) are available to which Medicaid Expansion CHIP populations? Indicate whether eligibility status, income level, age range, or other criteria determine which delivery system a population receives.
Most individuals are in managed care. Native Americans and children with medical needs not covered by managed care are in fee for service.
Part 2: Separate CHIP Enrollment Fees, Premiums, and Delivery Systems
1. Does your program charge an enrollment fee?
O Yes
<ul><li>No</li></ul>

# Part 3: Medicaid Expansion CHIP Program and Policy Changes

Indicate any changes you've made to your Medicaid Expansion CHIP program policies in the past federal fiscal year. Many changes listed in this section require a State Plan Amendment (SPA), while some don't, such as changing outreach efforts or changing the health plan enrollment process. Please submit a SPA to reflect any changes that do require a SPA.

1. Have you made any changes to the eligibility determination process?	
$\bigcirc$	Yes
•	No
$\bigcirc$	N/A
2. Have you made any changes to the eligibility redetermination process?	
<b>2.</b> 110 v	ve you made any changes to the eligibility redetermination process?
	Yes
<ul><li> 1100</li><li> •</li></ul>	

3. Have you made any changes to the eligibility levels or target populations? For example: increasing income eligibility levels.	
	Yes
•	No
	N/A
	ve you made any changes to the benefits available to enrollees? cample: adding benefits or removing benefit limits.
	Yes
•	No
	N/A
5. Hav	ve you made any changes to the single streamlined application?
	Yes
•	No
$\bigcirc$	N/A

For example: allotting more or less funding for outreach, or changing your target population.	
O Yes	
<ul><li>No</li></ul>	
O N/A	
7. Have you made any changes to the delivery system(s)? For example: transitioning from Fee for Service to Managed Care for different Medicaid Expansion CHIP populations.	
O Yes	
<ul><li>No</li></ul>	
O N/A	
8. Have you made any changes to your cost sharing requirements? For example: changing amounts, populations, or the collection process.	
O Yes	
<ul><li>No</li></ul>	
O N/A	

9. Have you made any changes to the substitution of coverage policies? For example: removing a waiting period.	
O Yes	
<ul><li>No</li></ul>	
O N/A	
10. Have you made any changes to the enrollment process for health plan selection?	
O Yes	
<ul><li>No</li></ul>	
O N/A	
11. Have you made any changes to the protections for applicants and enrollees? For example: changing from the Medicaid Fair Hearing process to the review process used by all health insurance issuers statewide.	
O Yes	
<ul><li>No</li></ul>	
O N/A	

12. Have you made any changes to premium assistance? For example: adding premium assistance or changing the population that receives premium assistance.	
$\bigcirc$	Yes
•	No
	N/A
13. Have you made any changes to the methods and procedures for preventing, investigating, or referring fraud or abuse cases?	
$\bigcirc$	Yes
•	No
$\bigcirc$	N/A
14. Have you made any changes to eligibility for "lawfully residing" pregnant women?	
$\bigcirc$	Yes
•	No
$\bigcirc$	N/A

15. Have you made any changes to eligibility for "lawfully residing" children?		
$\bigcirc$	Yes	
•	No	
$\bigcirc$	N/A	
16. H	ave you made changes to any other policy or program areas?	
$\bigcirc$	Yes	
•	No	
$\bigcirc$	N/A

$\bigcirc$	N/A		
19. Ha	19. Have you made changes to any other policy or program areas?		
$\bigcirc$	Yes		
•	No		
$\bigcirc$	N/A		

- 20. Have you already submitted a State Plan Amendment (SPA) to reflect any changes that require a SPA?
- Yes
- O No
- 21. Briefly describe why you made these changes to your Separate CHIP program.

We added mental health services for our MOMS population as directed by the SUPPORT Act.

#### Part 1: Number of Children Enrolled in CHIP

This table is pre-filled with your SEDS data for the two most recent federal fiscal years (FFY). If the information is inaccurate, adjust your data in SEDS (go to line 7: "Unduplicated Number Ever Enrolled" in your fourth quarter SEDS report) and then refresh this page. If you're adjusting data in SEDS, allow one business day for the CARTS data below to update.

Program	Number of children enrolled in FFY 2020	Number of children enrolled in FFY 2021	Percent change
Medicaid Expansion CHIP	34,437	41,556	20.673%
Separate CHIP	0	0	0%

1. If you had more than a 3% percent change from last year, what are some possible reasons why your enrollment numbers changed?

The COVID pandemic is likely responsible for the increase in CHIP eligibility in FY 21.

#### Part 2: Number of Uninsured Children in Your State

This table is pre-filled with data on uninsured children (age 18 and under) who are below 200% of the Federal Poverty Level (FPL) based on annual estimates from the American Community Survey. Due to the impacts of the COVID-19 PHE on collection of ACS data, the 2020 children's uninsurance rates are currently unavailable. Please skip to Question 3.

Year	Number of uninsured children	Margin of error	Percent of uninsured children (of total children in your state)	Margin of error
2016	41,000	4,000	1.8%	0.2%
2017	34,000	4,000	1.5%	0.2%
2018	38,000	5,000	1.7%	0.2%
2019	44,000	6,000	2%	0.3%
2020	Not Available	Not Available	Not Available	Not Available

#### Percent change between 2019 and 2020

#### **Not Available**

1. What are some reasons why the number and/or percent of uninsured children has changed?		
2. Are there any reasons why the American Community Survey estimates wouldn't be a precise representation of the actual number of uninsured children in your state?		
O Yes		
O No		
3. Do you have any alternate data source(s) or methodology for measuring the number and/or percent of uninsured children in your state?		
O Yes		
O No		
4. Is there anything else you'd like to add about your enrollment and uninsured data?		

5. Optional: Attach any additional documents here. Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here. Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png). Browse... **Program Outreach** 1. Have you changed your outreach methods in the last federal fiscal year? Yes No 2. Are you targeting specific populations in your outreach efforts? For example: minorities, immigrants, or children living in rural areas. Yes No 3. What methods have been most effective in reaching low-income, uninsured children? For example: TV, school outreach, or word of mouth. Word of mouth and online outreach have been the most effective. 4. Is there anything else you'd like to add about your outreach efforts?

5. Optional: Attach any additional documents here.

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png).

### **Substitution of Coverage**

Substitution of coverage (also known as crowd-out) occurs when someone with private insurance drops their private coverage and substitutes it with publicly funded insurance such as CHIP.

1. Do you track the number of CHIP enrollees who have access to p	private insurance?
---	--------------------

- O Yes
- No
- O N/A

2. Do you match prospective CHIP enrollees to a database that details private insurance status?			
•	Yes		
	2a. Which database do you use?		
	We have several electronic data matches with private insurers in Michigan to determine if enrollees have private insurance.		
$\bigcirc$	No		
$\bigcirc$	N/A		
3. What percent of applicants screened for CHIP eligibility cannot be enrolled because they have group health plan coverage?			
	%		
	ou have a Separate CHIP program, do you require individuals to be uninsured minimum amount of time before enrollment ("the waiting period")?		
$\bigcirc$	Yes		
•	No		
$\bigcirc$	N/A		
	here anything else you'd like to add about substitution of coverage that wasn't dy covered? Did you run into any limitations when collecting data?		

6. Optional: Attach any additional documents here.

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png).

#### Renewal, Denials, and Retention

#### **Part 1: Eligibility Renewal and Retention**

1. Does your state provide presumptive eligibility, allowing children to access CHIP services pending a final determination of eligibility?

This question should only be answered in respect to Separate CHIP.

ledow	Yes			

1a. What percent of children are presumptively enrolled in CHIP pending a full eligibility determination?

1b. Of the children who are presumptively enrolled, what percent are determined fully eligible and enrolled in the program (upon completion of the full eligibility determination)?

- O No
- O N/A

2. In an effort to retain children in CHIP, do you conduct follow-up communication with families through caseworkers and outreach workers?
<ul><li>Yes</li></ul>
O No
3. Do you send renewal reminder notices to families?
<ul><li>Yes</li></ul>
3a. How many notices do you send to families before disenrolling a child from the program?
1
3b. How many days before the end of the eligibility period did you send reminder notices to families?
About 60 days before the end of the enrollment period.
O No
4. What else have you done to simplify the eligibility renewal process for families?
We attempt to passively renew individuals using data already in our systems before we reach out to ask for any information.
5. Which retention strategies have you found to be most effective?
We have found allowing online renewals to be a very effective retention strategy.

6. How do you measure the effectiveness of your retention strategies? What data sources and methodology do you use to track retention?
7. Is there anything else you'd like to add that wasn't already covered?
Part 2: CHIP Eligibility Denials (Not Redetermination)
1. How many applicants were denied CHIP coverage in FFY 2021?  Don't include applicants being considered for redetermination - this data will be collected in Part 3.
3821
2. How many applicants were denied CHIP coverage for procedural reasons? For example: They were denied because of an incomplete application, missing documentation, or a missing enrollment fee.

3. How many applicants were denied CHIP coverage for eligibility reasons? For example: They were denied because their income was too high or too low, they were determined eligible for Medicaid instead, or they had other coverage available.
3821
3a. How many applicants were denied CHIP (Title XXI) coverage and determined eligible for Medicaid (Title XIX) instead?
4. How many applicants were denied CHIP coverage for other reasons?
5. Did you have any limitations in collecting this data?

Table: CHIP Eligibility Denials (Not Redetermination)
This table is auto-populated with the data you entered above.

	Percent
Total denials	100%
Denied for procedural reasons	
Denied for eligibility reasons	100%
Denials for other reasons	

#### **Part 3: Redetermination in CHIP**

Redetermination is the process of redetermining whether a child is eligible to renew in CHIP (Title XXI) every 12 months. This section doesn't apply to any mid-year changes in circumstances that may affect eligibility (for example: income, relocation, or aging out of the program).

1. How many children were eligible for redetermination in CHIP in FFY 2021?

311345

2. Of the eligible children, how many were then screened for redetermination?

15615

3. How many children were retained in CHIP after redetermination?
8329
4. How many children were disenrolled in CHIP after the redetermination process? This number should be equal to the total of 4a, 4b, and 4c below.
7286
4a. How many children were disenrolled for procedural reasons? This could be due to an incomplete application, missing documentation, or a missing enrollment fee.
4b. How many children were disenrolled for eligibility reasons? This could be due to income that was too high or too low, eligibility in Medicaid (Title XIX) instead, or access to private coverage.
7286
4c. How many children were disenrolled for other reasons?
5. Did you have any limitations in collecting this data?

Table: Redetermination in CHIP

These tables are auto-populated with the data you entered above.

	Percent
Children screened for redetermination	100%
Children retained after redetermination	53.34%
Children disenrolled after redetermination	46.66%

Table: Disenrollment in CHIP after Redetermination

	Percent
Children disenrolled after redetermination	100%
Children disenrolled for procedural reasons	
Children disenrolled for eligibility reasons	100%
Children disenrolled for other reasons	

#### **Part 4: Redetermination in Medicaid**

Redetermination is the process of redetermining whether a child is eligible to renew in Medicaid (Title XIX) every 12 months. This section doesn't apply to any mid-year changes in circumstances that may affect eligibility (for example: income, relocation, or aging out of the program).

1. How many children were eligible for redetermination in Medicaid in FFY 2021?
57186
2. Of the eligible children, how many were then screened for redetermination?
556
3. How many children were retained in Medicaid after redetermination?
257

process? This number should be equal to the total of 4a, 4b, and 4c below.
299
4a. How many children were disenrolled for procedural reasons?  This could be due to an incomplete application, missing documentation, or a missing enrollment fee.
4b. How many children were disenrolled for eligibility reasons? This could be due to an income that was too high and/or eligibility in CHIP instead.
4c. How many children were disenrolled for other reasons?
5. Did you have any limitations in collecting this data?

4. How many children were disenrolled in Medicaid after the redetermination

Table: Redetermination in Medicaid

These tables are auto-populated with the data you entered above.

	Percent
Children screened for redetermination	100%
Children retained after redetermination	46.22%
Children disenrolled after redetermination	53.78%

Table: Disenrollment in Medicaid after Redetermination

	Percent
Children disenrolled after redetermination	100%
Children disenrolled for procedural reasons	
Children disenrolled for eligibility reasons	
Children disenrolled for other reasons	

## Part 5: Tracking a CHIP cohort (Title XXI) over 18 months

Tracking a cohort of children enrolled in CHIP (Title XXI) will indicate how long a specific group of children stays enrolled over an 18-month period. This information is required by Section 402(a) of CHIPRA.

To track your cohort, identify a group of children ages 0 to 16 years who are newly

enrolled in CHIP and/or Medicaid as of January through March 2020 (the second quarter of FFY 2020). Children in this cohort must be 16 years and 0 months or younger when they enroll to ensure they don't age out of the program by the end of the 18-month tracking period.

You'll identify a new cohort every two years. This last year you reported on the number of children at the start of the cohort (Jan - Mar 2020) and six months later (July - Sept 2020). This year you'll report on the same cohort at 12 months (Jan - Mar 2021) and 18 months later (July - Sept 2021). If data is unknown or unavailable, leave it blank - don't enter a zero unless the data is known to be zero.

#### Helpful hints on age groups

Children should be in age groups based on their age at the start of the cohort, when they're identified as newly enrolled in January, February, or March of 2020. For example, if a child is four years old when they're newly enrolled, they should continue to be reported in the "ages 1-5" group at 6 months, 12 months, and 18 months later.

The oldest children in the cohort must be no older than 16 years (and 0 months) to ensure they don't age out of the program at the end of the 18-month tracking period. That means children in the "ages 13-16" group who are newly enrolled in January 2020 must be born after January 2004. Similarly, children who are newly enrolled in February 2020 must be born after February 2004, and children newly enrolled in March 2020 must be born after March 2004.

- 1. How does your state define "newly enrolled" for this cohort?
- Newly enrolled in CHIP: Children in this cohort weren't enrolled in CHIP (Title XXI) during the previous month. For example: Newly enrolled children in January 2020 weren't enrolled in CHIP in December 2019.
- Newly enrolled in CHIP and Medicaid: Children in this cohort weren't enrolled in CHIP (Title XXI) or Medicaid (Title XIX) during the previous month. For example: Newly enrolled children in January 2020 weren't enrolled in CHIP or Medicaid in December 2019.

	2. Do you have data for individual age groups? If not, you'll report the total number for all age groups (0-16 years) instead.					
•	Yes					
$\bigcirc$	No					
You c assist	ompleted this se in filling out this	ction in your 2020 CAF section if needed.	cluded in 2020 report. RTS Report. Please refe

# Part 6: Tracking a Medicaid (Title XIX) cohort over 18 months

Tracking a cohort of children enrolled in Medicaid (Title XIX) will indicate how long a specific group of children stays enrolled over an 18-month period. This information is required by Section 402(a) of CHIPRA.

To track your cohort, identify a group of children ages 0 to 16 years, who are newly enrolled in Medicaid and/or CHIP as of January through March 2020 (the second quarter of FFY 2020). Children in this cohort must be 16 years and 0 months or younger when they enroll to ensure they don't age out of the program by the end of the 18-month tracking period.

You'll identify a new cohort every two years. This last year you reported the number of children identified at the start of the cohort (Jan-Mar 2020) and six months later (July-Sept 2020). This year you'll report numbers for the same cohort at 12 months (Jan-Mar 2021) and 18 months later (July-Sept 2021). If data is unknown or unavailable, leave it blank - don't enter a zero unless the data is known to be zero.

#### Helpful hints on age groups

Children should be in age groups based on their age at the start of the cohort, when they're identified as newly enrolled in January, February, or March of 2021. For example, if a child is four years old when they're newly enrolled, they should continue to be reported in the "ages 1-5" group at 6 months, 12 months, and 18 months later.

The oldest children in the cohort must be no older than 16 years (and 0 months) to ensure they don't age out of the program at the end of the 18-month tracking period. That means children in the "ages 13-16" group who are newly enrolled in January 2021 must be born after January 2004. Similarly, children who are newly enrolled in February 2021 must be born after February 2004, and children newly enrolled in March 2021 must be born after March 2004.

- 1. How does your state define "newly enrolled" for this cohort?
- Newly enrolled in Medicaid: Children in this cohort weren't enrolled in Medicaid (Title XIX) during the previous month. For example: Newly enrolled children in January 2020 weren't enrolled in Medicaid in December 2019.
- Newly enrolled in CHIP and Medicaid: Children in this cohort weren't enrolled in CHIP (Title XXI) or Medicaid (Title XIX) during the previous month. For example: Newly enrolled children in January 2020 weren't enrolled in CHIP or Medicaid in December 2019.

2. Do you have data for individual age groups?  If not, you'll report the total number for all age groups (0-16 years) instead.

## **Dental Benefits**

Tell us about the children receiving dental benefits in your Separate CHIP program. Include children who are receiving full benefits and those who are only receiving

supplemental dental benefits. Include the unduplicated number of children enrolled in all types of delivery systems (Managed Care, PCCM, and Fee for Service).

#### Note on age groups

Children should be in age groups based on their age on September 30th, the end of the federal fiscal year (FFY). For example, if a child turns three years old on September 15th, the child should be included in the "ages 3-5" group. Even if the child received dental services on September 1st while they were still two years old, all dental services should be counted as their age at the end of the FFY.

1. Do you have data for individual age groups?	
If not, you'll report the total number for all age groups (0-18 ye	ars) instead.

2. How many children were enrolled in Separate CHIP for at least 90 continuous days during FFY 2021?

Ages 0-1	Ages 1-2	Ages 3-5	Ages 6-9	Ages 10-14	Ages 15-18
0	0	0	0	0	0

3. How many children (who were enrolled in Separate CHIP for at least 90 continuous days) received at least one dental care service during FFY 2021?

Ages 0-1	Ages 1-2	Ages 3-5	Ages 6-9	Ages 10-14	Ages 15-18
0	0	0	0	0	0

#### Dental care service codes and definitions

The dental service must be provided by or under the supervision of a dentist as defined by HCPCS codes D0100-D9999 (or equivalent CDT codes D0100-D9999, or equivalent CPT codes) based on an unduplicated paid, unpaid, or denied claim. All data should be based on the definitions in the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Report (Form CMS-416).

4. How many children (who were enrolled in Separate CHIP for at least 90 continuous days) received at least one preventative dental care service during FFY 2021?

Ages 0-1	Ages 1-2	Ages 3-5	Ages 6-9	Ages 10-14	Ages 15-18
0	0	0	0	0	0

#### Dental care service codes and definitions

The dental service must be provided by or under the supervision of a dentist as defined by HCPCS codes D0100 - D9999 (or equivalent CDT codes D0100 - D9999, or equivalent CPT codes) based on an unduplicated paid, unpaid, or denied claim. All data should be based on the definitions in the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Report (Form CMS-416).

5. How many children (who were enrolled in Separate CHIP for at least 90 continuous days) received dental treatment services during FFY 2021?

This includes orthodontics, periodontics, implants, oral and maxillofacial surgery, and other treatments.

Ages 0-1	Ages 1-2	Ages 3-5	Ages 6-9	Ages 10-14	Ages 15-18
0	0	0	0	0	0

#### Dental treatment service codes and definitions

The dental service must be provided by or under the supervision of a dentist as defined by HCPCS codes D2000-D9999 (or equivalent CDT codes D2000-D9999 or equivalent CPT codes that involve periodontics, maxillofacial prosthetics, implants, oral and maxillofacial surgery, orthodontics, adjunctive general services) based on an unduplicated paid, unpaid, or denied claim. All data should be based on the definitions in the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Report (Form CMS-416).

unduplicated paid, unpaid, or denied claim.All data should be based on the definitions in the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Report (Form CMS-416).
5. How many children in the "ages 6-9" group received a sealant on at least one permanent molar tooth during FFY 2021?
0
Sealant codes and definitions  The sealant on a permanent molar tooth is provided by a dental professional for whom placing a sealant is within their scope of practice. It's defined by HCPCS code D1351 (or equivalent CDT code D1351) based on an unduplicated paid, unpaid, or denied claim. Permanent molars are teeth numbered 2, 3, 14, 15, 18, 19, 30, and 31, and additionally - for states covering sealants on third molars ("wisdom teeth") - teet numbered 1, 16, 17, and 32.All data should be based on the definitions in the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Report (Form CMS-416).
7. Do you provide supplemental dental coverage?
Yes
O No
3. Is there anything else you'd like to add about your dental benefits? If you weren't able to provide data, let us know why.

## **CAHPS Survey Results**

Children's Health Insurance Program Reauthorization Act (CHIPRA) requires that all CHIP programs submit survey results from the Consumer Assessment of Healthcare Providers and Systems (CAHPS). The survey assesses your CHIP program quality and customer satisfaction. For the 2021 CARTS report, we highly encourage states to report all raw CAHPS data to the Agency for Healthcare Research and Quality (AHRQ) CAHPS Database instead of reporting a summary of the data via CARTS. For 2022, the only option for reporting CAHPS results will be through the submission of raw data to ARHQ.

1.	Did you	collect the	<b>CAHPS</b>	survey
----	---------	-------------	--------------	--------

Hea	olth Services Initiative (HSI) Programs
up to provid [See S progr	ites with approved HSI program(s) should complete this section. States can use 10% of their fiscal year allotment to develop Health Services Initiatives (HSI) that de direct services and other public health initiatives for low-income children. Section 2105(a)(1)(D)(ii) of the Social Security Act.] States can only develop HSI ams after funding other costs to administer their CHIP State Plan, as defined in ations at 42 CFR 457.10.
Even i	es your state operate Health Service Initiatives using CHIP (Title XXI) funds? If you're not currently operating the HSI program, if it's in your current approved State Plan, please answer "yes."
•	Yes
$\bigcirc$	No

Tell us about your HSI program(s).

1. What is the name of your HSI program?
Michigan Poison & Drug Information Center
2. Are you currently operating the HSI program, or plan to in the future?
<ul><li>Yes</li></ul>
O No
3. Which populations does the HSI program serve?
The Michigan Poison Control Center serves the entire State of Michigan.
4. How many children do you estimate are being served by the HSI program?
30594
5. How many children in the HSI program are below your state's FPL threshold?
Computed:

Skip to the next section if you're already reporting HSI metrics and outcomes to CMS, such as in quarterly or monthly reports.

6. How do you measure the HSI program's impact on the health of low-income children in your state? Define a metric to measure the impact.

The state's metric to measure the HSI program's impact is the percent of unintentional exposure calls for children under 19 that are handled without an emergency department visit or 911 call.

7. What outcomes have you found when measuring the impact?

Of the calls received in 2020, 46% were handled by the control center without an emergency department visit or 911 call.

8. Is there anything else you'd like to add about this HSI program?

In regards to how many children served by this HSI program are below Michigan's FPL threshold, due to technical changes in case management software the total number of children in the HSI program meeting criteria for the state's FPL threshold cannot be known for 2020. This has now since been rectified with a robust data collection mechanism to more accurately reflect this information.

9. Optional: Attach any additional documents.

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png).

Browse...

1. What is the name of your HSI program?

Lead Abatement Activities

2. Are you currently operating the HSI program, or plan to in the future?
<ul><li>Yes</li></ul>
O No
3. Which populations does the HSI program serve?
Properties in which a Medicaid or CHIP-eligible individual, under the age of 19, or pregnant woman is currently residing or visiting regularly.
4. How many children do you estimate are being served by the HSI program?
662
5. How many children in the HSI program are below your state's FPL threshold?
Computed:
Skip to the next section if you're already reporting HSI metrics and outcomes to CMS, such as in quarterly or monthly reports.
6. How do you measure the HSI program's impact on the health of low-income children in your state? Define a metric to measure the impact.
7. What outcomes have you found when measuring the impact?

8. Is there anything else you'd like to add about this HSI program?

The data for how many children served by this HSI are below Michigan's FPL threshold is not currently available. Abatement activities are only permissible for federal funds if the services are delivered to properties that a Medicaid or CHIP-eligible individual, under the age of 19, or pregnant woman is currently residing at or visited regularly.

9. Optional: Attach any additional documents.

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

# Do you have another HSI Program in this list?

Optional

## Part 1: Tell us about your goals and objectives

Tell us about the progress you've made on your performance goals in the past year. The objectives and goals you add to this section should match those reflected in your CHIP State Plan, Section 9. Submit a CHIP State Plan Amendment (SPA) if any of them are different. Objective 1 is required. We've provided examples for other objectives, but you can edit them so they match the objectives in your CHIP State Plan. You can add additional objectives and goals to fit what's in your CHIP State Plan.

1. Briefly describe your goal for this objective.		
For example: In an effort to reduce the number of uninsured children, our goal is to enroll 90% of eligible children in the CHIP program.		
Continue to enroll uninsured, low income pregnant women in either a Medicaid program or MOMS, as appropriate.		
2. What type of goal is it?		
O New goal		
<ul><li>Continuing goal</li></ul>		
O Discontinued goal		
Define the numerator you're measuring		
3. Which population are you measuring in the numerator?		
For example: The number of children enrolled in CHIP in the last federal fiscal year.		
The difference between the number of pregnant women enrolled in CHIP FY2021 and FY2020.		
4. Numerator (total number)		
603		

Define the denominator you're measuring

5. Which population are you measuring in the denominator?

For example: The total number of eligible children in the last federal fiscal year.

The number of women enrolled in CHIP in FY2020.

6. Denominator (total number)

16454

**Computed:** 3.66%

7. What is the date range of your data?

### **Start**

mm/yyyy

10 / 2019

Do you have another Goal in this list?  Optional

1. What is the next objective listed in your CHIP State Plan?

You can edit the suggested objective so it matches what's in your CHIP State Plan.

Increase Access to Care

1. Briefly describe your goal for this objective.		
For example: In an effort to increase access to care, our goal is to increase the number of children who have visited a primary care physician by 5%.		
2. What type of goal is it?		
O New goal		
O Continuing goal		
O Discontinued goal		
Define the numerator you're measuring		
3. Which population are you measuring in the numerator?		
For example: The number of children enrolled in CHIP who visited a primary care physician in the last federal fiscal year.		
4. Numerator (total number)		
0		

Define the denominator you're measuring
5. Which population are you measuring in the denominator?
For example: The total number of children enrolled in CHIP in the last federal fiscal year.
6. Denominator (total number)
0

Do you have another objective in your State Plan?

## **Part 2: Additional questions**

1. Do you have other strategies for measuring and reporting on your performance goals? What are these strategies, and what information have you found through this research?
2. Do you plan to add new strategies for measuring and reporting on your goals and objectives? What do you plan to do, and when will this data become available?
3. Have you conducted any focused studies on your CHIP population? (For example: studies on adolescents, attention deficit disorder, substance use, special healthcare needs, or other emerging healthcare needs.) What have you discovered through this research?
4. Optional: Attach any additional documents here. For example: studies, analyses, or any other documents that address your performance goals.
Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.  Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png).

Tell us how much you spent on your CHIP program in FFY 2021, and how much you anticipate spending in FFY 2022 and 2023.

### **Part 1: Benefit Costs**

Please type your answers in only. Do not copy and paste your answers.

Combine your costs for both Medicaid Expansion CHIP and Separate CHIP programs into one budget.

1. How much did you spend on Managed Care in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023?

2. How much did you spend on Fee for Service in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023?

3. How much did you spend on anything else related to benefit costs in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023?

4. How much did you receive in cost sharing from beneficiaries to offset your costs in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023?

2021 2022 2023 **\$** 1,242,361 **\$** 

Table 1: Benefits Costs

This table is auto-populated with the data you entered above.

	FFY 2021	FFY 2022	FFY 2023
Managed Care	235900593	243312820	248524109
Fee for Service	54298343	55666151	56663862
Other benefit costs			
Cost sharing payments from beneficiaries	1242361		
Total benefit costs	291441297	298978971	305187971

## **Part 2: Administrative Costs**

Please type your answers in only. Do not copy and paste your answers.

2021 2022 2023 \$ \$ \$ 2. How much did you spend on general administration in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023? 2021 2022 2023 **\$**772,989 \$ 2,775,007 \$ 2,775,007 3. How much did you spend on contractors and brokers, such as enrollment contractors in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023? 2021 2022 2023 **\$** 1,098,775 **\$** 960,000 \$ 960,000

1. How much did you spend on personnel in FFY 2021? How much do you anticipate

spending in FFY 2022 and 2023?

This includes wages, salaries, and other employee costs.

4. How much did you spend on claims processing in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023?						
2021	2022	2023				
\$	\$	\$				
5. How much did you spend on outreach and marketing in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023?						
2021	2022	2023				
\$	\$	\$				
6. How much did you spend on your Health Services Initiatives (HSI) if you had any in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023?						
2021	2022	2023				
<b>\$</b> 18,097,974	\$ 20,275,000	<b>\$</b> 23,800,100				
7. How much did you spend on anything else related to administrative costs in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023?						
2021	2022	2023				
\$	\$	\$				

#### Table 2: Administrative Costs

This table is auto-populated with the data you entered above. Your total administrative costs cannot be more than 10% of your total CHIP program costs (the sum of your benefit and administrative costs). The 10% administrative cap is calculated by dividing the total benefit costs by 9.

	FFY 2021	FFY 2022	FFY 2023
Personnel			
General administration	772989	2775007	2775007
Contractors and brokers	1098775	960000	960000
Claims processing			
Outreach and marketing			
Health Services Initiatives (HSI)	18097974	20275000	23800100
Other administrative costs			
Total administrative costs	19969738	24010007	27535107
10% administrative cap	32106286.11	33219885.67	33909774.56

#### Table 3: Federal and State Shares

CHIP is funded by federal and state budgets. The federal share of funding is calculated by multiplying your state's Federal Medical Assistance Percentage (eFMAP) by your total program costs (the sum of your benefit and administrative costs). The remaining amount of your total program costs is covered by your state share of funding. This table is auto-calculated using the data you entered above. The federal and state shares for FFY 2023 will be calculated once the eFMAP rate for 2023 becomes available. In the meantime, these values will be blank.

FMAP Table	FFY 2021	FFY 2022	FFY 2023
Total program costs	311411035	322988978	332723078
еҒМАР	74.86	75.84	75.3
Federal share	233122300.8	244954840.92	250540477.73
State share	78288734.2	78034137.08	82182600.27

8. What were your state funding sources in FFY 2021? Select all that apply.					
	State appropriations				
	County/local funds				
	Employer contributions				
	Foundation grants				
	Private donations				
	Tobacco settlement				
	Other				
9. Did you experience a shortfall in federal CHIP funds this year?					
$\bigcirc$	Yes				
$\bigcirc$	No				

# **Part 3: Managed Care Costs**

Complete this section only if you have a Managed Care delivery system.

2021		2022		2023				
2. What was your per member per month (PMPM) cost based on the number of children eligible for Managed Care in FFY 2021? What is your projected PMPM cost for FFY 2022 and 2023? Round to the nearest whole number.								
2021		2022		2023				
\$		\$		\$				
	FFY 2021	FFY 2022	FFY 2023					
PMPM cost								

1. How many children were eligible for Managed Care in FFY 2021? How many do you

## **Part 4: Fee for Service Costs**

anticipate will be eligible in FFY 2022 and 2023?

Complete this section only if you have a Fee for Service delivery system.

1. How many children were eligible for Fee for Service in FFY 2021? How many do you anticipate will be eligible in FFY 2022 and 2023?								
2021		2022		2023				
2. What was your per member per month (PMPM) cost based on the number of children eligible for Fee For Service in FFY 2021? What is your projected PMPM cost for FFY 2022 and 2023?  The per member per month cost will be the average cost per month to provide services to these enrollees. Round to the nearest whole number.								
2021		2022		2023				
\$		\$		\$				
	FFY 2021	FFY 2022	FFY 2023					
	FF1 2021	FF1 2022	FF1 2023					
PMPM cost								
1. Is there anything else you'd like to add about your program finances that wasn't already covered?

Browse
1. How has your state's political and fiscal environment affected your ability to provide healthcare to low-income children and families?
2. What's the greatest challenge your CHIP program has faced in FFY 2021?
Coping with the onset of the COVID-19 pandemic was a new challenge this fiscal year. Systems funding and changes remain an ongoing challenge.
3. What are some of the greatest accomplishments your CHIP program has experienced in FFY 2021?
4. What changes have you made to your CHIP program in FFY 2021 or plan to make in FFY 2022? Why have you decided to make these changes?
The biggest change was adding mental health and substance use disorder coverage for our stand along CHIP program as a result of compliance with the SUPPORT Act.
5. Is there anything else you'd like to add about your state's challenges and accomplishments?

6. Optional: Attach any additional documents here.

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png).
