South Dakota CARTS FY2021 Report

Welcome!

We already have some information about your state from our records. If any information is incorrect, please contact the mdct_help@cms.hhs.gov.

1. State or territory name:		
South Dakota		
2. Program type:		
Both Medicaid Expansion CHIP and Separate CHIP		
Medicaid Expansion CHIP only		
Separate CHIP only		
3. CHIP program name(s):		
South Dakota CHIP		

Who should we contact if we have any questions about your report?
4. Contact name:
Matthew Ballard
5. Job title:
Deputy Director
6. Email:
matthew.ballard@state.sd.us
7. Full mailing address: Include city, state, and zip code.
700 Governors Drive, Pierre, SD 57501
8. Phone number:
605-773-3495

PRA Disclosure Statement.

This information is being collected to assist the Centers for Medicare & Medicaid Services (CMS) in partnership with States with the ongoing management of Medicaid and CHIP programs and policies. This mandatory information collection (42 U.S.C. 1397hh) will be used to help each state meet the statutory requirements at section 2108(a) of the Social Security Act to assess the operation of the State child health plan in each Federal fiscal year and to report the results of the assessment including the progress made in reducing the number of uncovered, low-income children. Under the Privacy Act of 1974 any personally identifying information obtained will be kept private to the extent of the law. According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information. collection is 0938-1148 (CMS-10398 #1). The time required to complete this information collection is estimated to average 40 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to CMS, 7500 Security Boulevard, Attn: Paperwork Reduction Act Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.

Part 1: Medicaid Expansion CHIP Enrollment Fees, Premiums, and Delivery Systems

Yes
1 5

No

2. Do	es your program charge premiums?	
\bigcirc	Yes	
•	No	
3. ls t	he maximum premium a family would be charged each year tiered by FPL?	
\bigcirc	Yes	
•	No	
	3b. What's the maximum premium a family would be charged each year?	
	\$ 0	
4. Do premiums differ for different Medicaid Expansion CHIP populations beyond FPL (for example, by eligibility group)? If so, briefly explain the fee structure breakdown.		
N/A		
	ich delivery system(s) do you use? t all that apply.	
	Managed Care	
$\sqrt{}$	Primary Care Case Management	
$\sqrt{}$	Fee for Service	

6. Which delivery system(s) are available to which Medicaid Expansion CHIP populations? Indicate whether eligibility status, income level, age range, or other criteria determine which delivery system a population receives.

Primary Care Case Management and Fee for service are available for all CHIP recipients.

Part 2: Separate CHIP Enrollment Fees, Premiums, and Delivery Systems

1. Does your program charge an enrollment fee?		
\bigcirc	Yes	
•	No	
2. Does your program charge premiums?		
\bigcirc	Yes	
•	No	

3. Is the maximum premium a family would be charged each year tiered by FPL?	
O Yes	
No	
3b. What's the maximum premium fee a family would be charged each year?	
\$	
4. Do your premiums differ for different CHIP populations beyond FPL (for example, by eligibility group)? If so, briefly explain the fee structure breakdown.	
N/A	
5. Which delivery system(s) do you use? Select all that apply.	
Managed Care	
Primary Care Case Management	
Fee for Service	
6. Which delivery system(s) are available to which CHIP populations? Indicate whether eligibility status, income level, age range, or other criteria determine which delivery system a population receives.	
Primary Care Case Management and Fee for service are available for all CHIP recipients.	

Part 3: Medicaid Expansion CHIP Program and Policy Changes

Indicate any changes you've made to your Medicaid Expansion CHIP program policies in the past federal fiscal year. Many changes listed in this section require a State Plan Amendment (SPA), while some don't, such as changing outreach efforts or changing the health plan enrollment process. Please submit a SPA to reflect any changes that do require a SPA.

1. Have you made any changes to the eligibility determination process?	
\bigcirc	Yes
•	No
\bigcirc	N/A
2. Have you made any changes to the eligibility redetermination process?	
2. 110 v	ve you made any changes to the eligibility redetermination process?
	Yes
 1100 •	

3. Have you made any changes to the eligibility levels or target populations? For example: increasing income eligibility levels.	
	Yes
•	No
	N/A
	ve you made any changes to the benefits available to enrollees? cample: adding benefits or removing benefit limits.
	Yes
•	No
	N/A
5. Have you made any changes to the single streamlined application?	
	Yes
•	No
\bigcirc	N/A

For example: allotting more or less funding for outreach, or changing your target population.	
O Yes	
No	
O N/A	
7. Have you made any changes to the delivery system(s)? For example: transitioning from Fee for Service to Managed Care for different Medicaid Expansion CHIP populations.	
O Yes	
No	
O N/A	
8. Have you made any changes to your cost sharing requirements? For example: changing amounts, populations, or the collection process.	
O Yes	
No	
O N/A	

9. Have you made any changes to the substitution of coverage policies? For example: removing a waiting period.	
O Yes	
No	
O N/A	
10. Have you made any changes to the enrollment process for health plan selection?	
O Yes	
No	
O N/A	
11. Have you made any changes to the protections for applicants and enrollees? For example: changing from the Medicaid Fair Hearing process to the review process used by all health insurance issuers statewide.	
O Yes	
No	
O N/A	

12. Have you made any changes to premium assistance? For example: adding premium assistance or changing the population that receives premium assistance.	
\bigcirc	Yes
•	No
	N/A
13. Have you made any changes to the methods and procedures for preventing, investigating, or referring fraud or abuse cases?	
\bigcirc	Yes
•	No
\bigcirc	N/A
14. Have you made any changes to eligibility for "lawfully residing" pregnant women?	
\bigcirc	Yes
•	No
\bigcirc	N/A

15. H	ave you made any changes to eligibility for "lawfully residing" children?
\bigcirc	Yes
•	No
\bigcirc	N/A
16. H	ave you made changes to any other policy or program areas?
\bigcirc	Yes
•	No
\bigcirc	N/A

Part 1: Number of Children Enrolled in CHIP

This table is pre-filled with your SEDS data for the two most recent federal fiscal years (FFY). If the information is inaccurate, adjust your data in SEDS (go to line 7: "Unduplicated Number Ever Enrolled" in your fourth quarter SEDS report) and then refresh this page. If you're adjusting data in SEDS, allow one business day for the

CARTS data below to update.

Program	Number of children enrolled in FFY 2020	Number of children enrolled in FFY 2021	Percent change
Medicaid Expansion CHIP	4,186	5,515	31.749%
Separate CHIP	1,124	4,661	314.68%

1. If you had more than a 3% percent change from last year, what are some possible reasons why your enrollment numbers changed?

Due to the COVID PHE, we are seeing more families and children qualify under other Medicaid categories. Also, to meet the requirements of FCCRA, we have not been terminating coverage of beneficiaries that are no longer eligible.

Part 2: Number of Uninsured Children in Your State

This table is pre-filled with data on uninsured children (age 18 and under) who are below 200% of the Federal Poverty Level (FPL) based on annual estimates from the American Community Survey. Due to the impacts of the COVID-19 PHE on collection of ACS data, the 2020 children's uninsurance rates are currently unavailable. Please skip to Question 3.

Year	Number of uninsured children	Margin of error	Percent of uninsured children (of total children in your state)	Margin of error
2016	5,000	1,000	2.2%	0.5%
2017	6,000	2,000	3%	0.7%
2018	8,000	2,000	3.5%	0.8%
2019	9,000	3,000	4%	1.1%
2020	Not Available	Not Available	Not Available	Not Available

Percent change between 2019 and 2020	
Not Available	

1. What are	e some reas	ons why the	number	and/or	percent (of uninsured	children	has
changed?								

2. Are there any reasons why the American Community Survey estimates wouldn't be a precise representation of the actual number of uninsured children in your state?

	Yes
_	

O No

3. Do you have any alternate data source(s) or methodology for measuring the number and/or percent of uninsured children in your state?			
O Yes			
No			
4. Is there anything else you'd like to add about your enrollment and uninsured data			
No			
5. Optional: Attach any additional documents here. Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here. Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png). Browse			
Program Outreach			
1. Have you changed your outreach methods in the last federal fiscal year?			
O Yes			
U Tes			
No			

 Are you targeting specific populations in your outreach efforts? For example: minorities, immigrants, or children living in rural areas.
O Yes
No
3. What methods have been most effective in reaching low-income, uninsured children?
For example: TV, school outreach, or word of mouth.
We provide brochures to schools each year and to other entities if requested. These brochures and word of mouth are the main methods of outreach.
4. Is there anything else you'd like to add about your outreach efforts?
We do not measure the effectiveness of outreach activities in any quantifiable method.
5. Optional: Attach any additional documents here.
Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here. Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png). Browse
Substitution of Coverage
Jubstitution of Coverage

Substitution of coverage (also known as crowd-out) occurs when someone with private insurance drops their private coverage and substitutes it with publicly funded insurance such as CHIP.

1. Do	you track the number of CHIP enrollees who have access to private insurance?	
\bigcirc	Yes	
•	No	
	N/A	
2. Do you match prospective CHIP enrollees to a database that details private insurance status?		
	Yes	
•	No	
	N/A	
3. What percent of applicants screened for CHIP eligibility cannot be enrolled because they have group health plan coverage?		
	%	

4. If you have a Separate CHIP program, do you require individuals to be uninsured for a minimum amount of time before enrollment ("the waiting period")?		
Yes		
4a. How long is the waiting period?		
3 Months		
4b. Which populations does the waiting period apply to? (Include the FPL for each group.)		
Stand-alone CHIP (182-209% FPL)		
4c. What exemptions apply to the waiting period?		
We adhere to CFR 457.805(b)(3)		
4d. What percent of individuals subject to the waiting period meet a state or federal exemption?		
This data is not available.		
O No		
O N/A		
5. Is there anything else you'd like to add about substitution of coverage that wasn't already covered? Did you run into any limitations when collecting data?		
N/A		

6. Optional: Attach any additional documents here.

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png).

Renewal, Denials, and Retention

Part 1: Eligibility Renewal and Retention

servic	es your state provide presumptive eligibility, allowing children to access CHIP es pending a final determination of eligibility? uestion should only be answered in respect to Separate CHIP.
\bigcirc	Yes
•	No
\bigcirc	N/A
	n effort to retain children in CHIP, do you conduct follow-up communication amilies through caseworkers and outreach workers?
\bigcirc	Yes
•	No

3. Do you send renewal reminder notices to families?				
•) Yes			
	3a. How many notices do you send to families before disenrolling a child from the program?			
	1			
	3b. How many days before the end of the eligibility period did you send reminder notices to families?			
	45 days			
\bigcirc	No			
4. Wh	at else have you done to simplify the eligibility renewal process for families?			
N/A				
5. Whi	ich retention strategies have you found to be most effective?			
No e	evaluation has been completed.			
	w do you measure the effectiveness of your retention strategies? What data es and methodology do you use to track retention?			
We h	We have not measured the effectiveness of retention strategies.			

7. Is there anything else you'd like to add that wasn't already covered?
N/A
Part 2: CHIP Eligibility Denials (Not Redetermination)
1. How many applicants were denied CHIP coverage in FFY 2021? Don't include applicants being considered for redetermination - this data will be collected in Part 3.
2. How many applicants were denied CHIP coverage for procedural reasons? For example: They were denied because of an incomplete application, missing documentation, or a missing enrollment fee.
3. How many applicants were denied CHIP coverage for eligibility reasons? For example: They were denied because their income was too high or too low, they were determined eligible for Medicaid instead, or they had other coverage available.
3a. How many applicants were denied CHIP (Title XXI) coverage and determined eligible for Medicaid (Title XIX) instead?

4. How many applicants were denied CHIP coverage for other reasons?			
5. Did you have any limitations in colle	ecting this d	ata?	
Data is not available for this section.			
Table: CHIP Eligibility Denials (Not Red This table is auto-populated with the d		-	
	Percent		
Total denials			
Denied for procedural reasons			
Denied for eligibility reasons			
Denials for other reasons			
Part 3: Redetermination in CHIP			
Redetermination is the process of redetermining whether a child is eligible to renew in CHIP (Title XXI) every 12 months. This section doesn't apply to any mid-year changes in circumstances that may affect eligibility (for example: income, relocation, or aging out of the program).			
1. How many children were eligible for redetermination in CHIP in FFY 2021?			

2. Of the eligible children, how many were then screened for re	edetermination?
3. How many children were retained in CHIP after redetermina	ation?

4. How many children were disenrolled in CHIP after the redetermination process? This number should be equal to the total of 4a, 4b, and 4c below.
4a. How many children were disenrolled for procedural reasons? This could be due to an incomplete application, missing documentation, or a missing enrollment fee.
4b. How many children were disenrolled for eligibility reasons? This could be due to income that was too high or too low, eligibility in Medicaid (Title XIX) instead, or access to private coverage.
4c. How many children were disenrolled for other reasons?
5. Did you have any limitations in collecting this data?
Data is not available for this section.

Table: Redetermination in CHIP

These tables are auto-populated with the data you entered above.

Part 4: Redetermination in Medicaid

Redetermination is the process of redetermining whether a child is eligible to renew in Medicaid (Title XIX) every 12 months. This section doesn't apply to any mid-year changes in circumstances that may affect eligibility (for example: income, relocation, or aging out of the program).

1. How many children were eligible for redetermination in Med	licaid in FFY 2021?
2. Of the eligible children, how many were then screened for re	edetermination?
3. How many children were retained in Medicaid after redetern	nination?

4. How many children were disenrolled in Medicaid after the redetermination process?						
This number should be equal to the total of 4a, 4b, and 4c below.						
4a. How many children were disenrolled for procedural reasons? This could be due to an incomplete application, missing documentation, or a missing enrollment fee.						
4b. How many children were disenrolled for eligibility reasons?						
This could be due to an income that was too high and/or eligibility in CHIP instead.						
4c. How many children were disenrolled for other reasons?						
5. Did you have any limitations in collecting this data?						
Data is not available for this section.						

Table: Redetermination in Medicaid

	Percent
Children disenrolled after redetermination	
Children disenrolled for procedural reasons	
Children disenrolled for eligibility reasons	
Children disenrolled for other reasons	

Part 5: Tracking a CHIP cohort (Title XXI) over 18 months

Tracking a cohort of children enrolled in CHIP (Title XXI) will indicate how long a specific group of children stays enrolled over an 18-month period. This information is required by Section 402(a) of CHIPRA.

To track your cohort, identify a group of children ages 0 to 16 years who are newly

enrolled in CHIP and/or Medicaid as of January through March 2020 (the second quarter of FFY 2020). Children in this cohort must be 16 years and 0 months or younger when they enroll to ensure they don't age out of the program by the end of the 18-month tracking period.

You'll identify a new cohort every two years. This last year you reported on the number of children at the start of the cohort (Jan - Mar 2020) and six months later (July - Sept 2020). This year you'll report on the same cohort at 12 months (Jan - Mar 2021) and 18 months later (July - Sept 2021). If data is unknown or unavailable, leave it blank - don't enter a zero unless the data is known to be zero.

Helpful hints on age groups

Children should be in age groups based on their age at the start of the cohort, when they're identified as newly enrolled in January, February, or March of 2020. For example, if a child is four years old when they're newly enrolled, they should continue to be reported in the "ages 1-5" group at 6 months, 12 months, and 18 months later.

The oldest children in the cohort must be no older than 16 years (and 0 months) to ensure they don't age out of the program at the end of the 18-month tracking period. That means children in the "ages 13-16" group who are newly enrolled in January 2020 must be born after January 2004. Similarly, children who are newly enrolled in February 2020 must be born after February 2004, and children newly enrolled in March 2020 must be born after March 2004.

- 1. How does your state define "newly enrolled" for this cohort?
- Newly enrolled in CHIP: Children in this cohort weren't enrolled in CHIP (Title XXI) during the previous month. For example: Newly enrolled children in January 2020 weren't enrolled in CHIP in December 2019.
- Newly enrolled in CHIP and Medicaid: Children in this cohort weren't enrolled in CHIP (Title XXI) or Medicaid (Title XIX) during the previous month. For example: Newly enrolled children in January 2020 weren't enrolled in CHIP or Medicaid in December 2019.

2. Do you have data for individual age groups? If not, you'll report the total number for all age groups (0-16 years) instead.						
•	Yes					
\bigcirc	No					
January - March 2020 (start of the cohort): included in 2020 report. You completed this section in your 2020 CARTS Report. Please refer to that report to assist in filling out this section if needed. 3. How many children were newly enrolled in CHIP between January and March 2020?

Part 6: Tracking a Medicaid (Title XIX) cohort over 18 months

Tracking a cohort of children enrolled in Medicaid (Title XIX) will indicate how long a specific group of children stays enrolled over an 18-month period. This information is required by Section 402(a) of CHIPRA.

To track your cohort, identify a group of children ages 0 to 16 years, who are newly enrolled in Medicaid and/or CHIP as of January through March 2020 (the second quarter of FFY 2020). Children in this cohort must be 16 years and 0 months or younger when they enroll to ensure they don't age out of the program by the end of

the 18-month tracking period.

You'll identify a new cohort every two years. This last year you reported the number of children identified at the start of the cohort (Jan-Mar 2020) and six months later (July-Sept 2020). This year you'll report numbers for the same cohort at 12 months (Jan-Mar 2021) and 18 months later (July-Sept 2021). If data is unknown or unavailable, leave it blank - don't enter a zero unless the data is known to be zero.

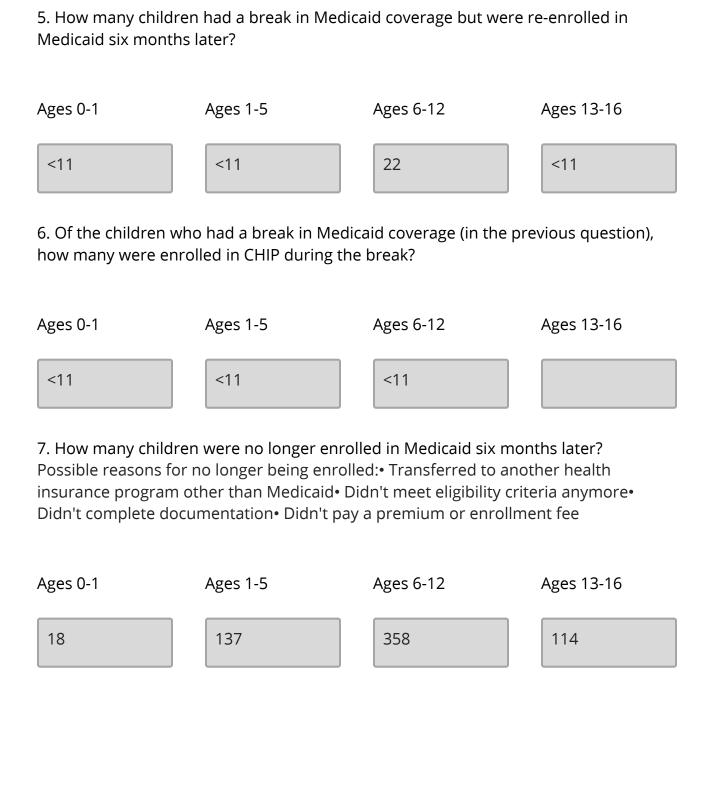

Helpful hints on age groups

Children should be in age groups based on their age at the start of the cohort, when they're identified as newly enrolled in January, February, or March of 2021. For example, if a child is four years old when they're newly enrolled, they should continue to be reported in the "ages 1-5" group at 6 months, 12 months, and 18 months later.

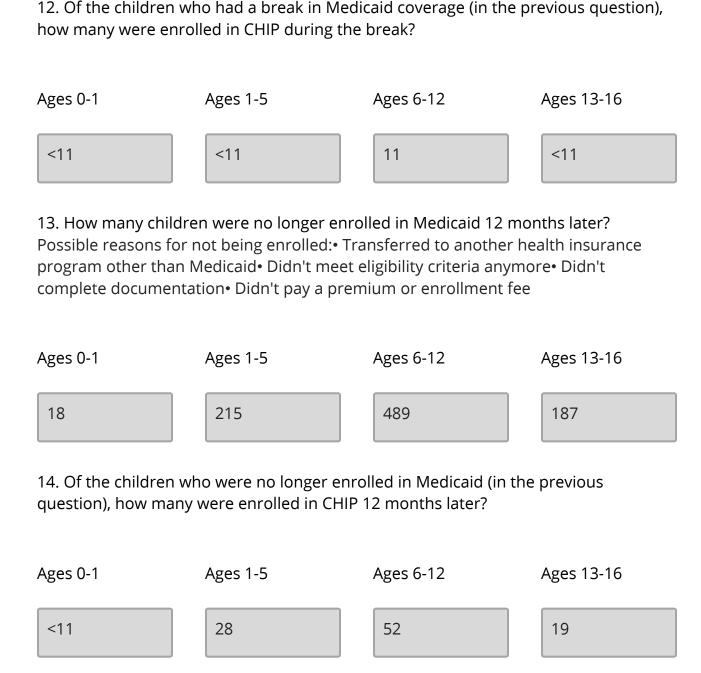

The oldest children in the cohort must be no older than 16 years (and 0 months) to ensure they don't age out of the program at the end of the 18-month tracking period. That means children in the "ages 13-16" group who are newly enrolled in January 2021 must be born after January 2004. Similarly, children who are newly enrolled in February 2021 must be born after February 2004, and children newly enrolled in March 2021 must be born after March 2004.

- 1. How does your state define "newly enrolled" for this cohort?
- Newly enrolled in Medicaid: Children in this cohort weren't enrolled in Medicaid (Title XIX) during the previous month. For example: Newly enrolled children in January 2020 weren't enrolled in Medicaid in December 2019.
- Newly enrolled in CHIP and Medicaid: Children in this cohort weren't enrolled in CHIP (Title XXI) or Medicaid (Title XIX) during the previous month. For example: Newly enrolled children in January 2020 weren't enrolled in CHIP or Medicaid in December 2019.

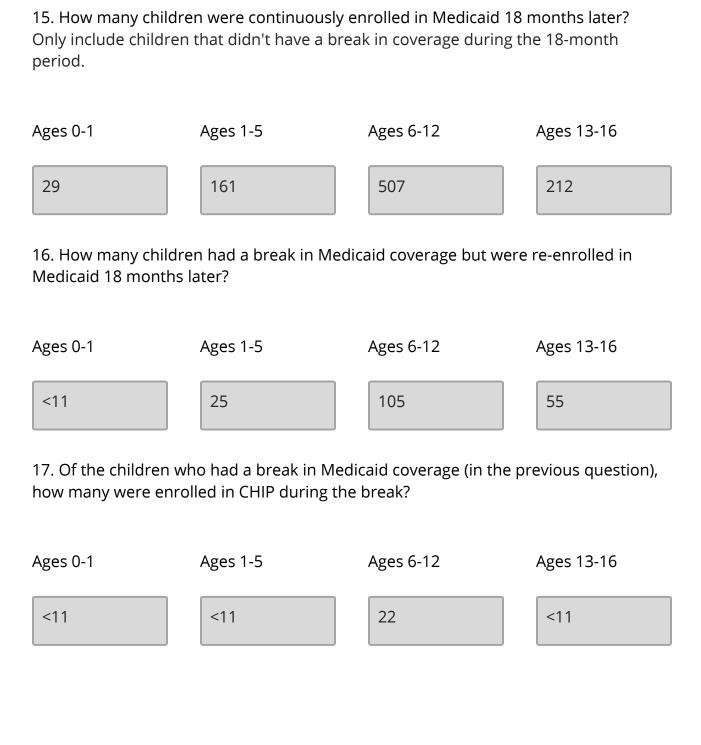

2. Do you have data for individual age groups? If not, you'll report the total number for all age groups (0-16 years) instead.						
Yes	Yes

	No
	you have a written plan with safeguards and procedures in place for the referra ud and abuse cases?
•	Yes
	No
	at safeguards and procedures are in place for the prevention, investigation, and al of fraud and abuse cases?

The program integrity unit works cases based on reasonable suspicion. This can be done by receiving tips from email, phone, other agencies, or by our own data analytics. If reasonable suspicion of fraud, waste, and abuse exists, the Unit will request a referral to Medicaid Fraud Control Unit (MFCU) by using a referral document approved through our memorandum of understanding with MFCU. Upon acceptance of the referral, DSS and MFCU work together to resolve the case by making a recovery of at risk dollars, provider education, or prosecution.

5. Do the Managed Care plans contracted by your Separate CHIP program have written plans with safeguards and procedures in place?
O Yes
O No
• N/A
6. How many eligibility denials have been appealed in a fair hearing in FFY 2021?
0
7. How many cases have been found in favor of the beneficiary in FFY 2021?

Dental Benefits

Tell us about the children receiving dental benefits in your Separate CHIP program. Include children who are receiving full benefits and those who are only receiving supplemental dental benefits. Include the unduplicated number of children enrolled in all types of delivery systems (Managed Care, PCCM, and Fee for Service).

Note on age groups

Children should be in age groups based on their age on September 30th, the end of the federal fiscal year (FFY). For example, if a child turns three years old on September 15th, the child should be included in the "ages 3-5" group. Even if the child received dental services on September 1st while they were still two years old, all dental services should be counted as their age at the end of the FFY.

- 1. Do you have data for individual age groups? If not, you'll report the total number for all age groups (0-18 years) instead.
- Yes
- O No
- 2. How many children were enrolled in Separate CHIP for at least 90 continuous days during FFY 2021?

Ages 0-1	Ages 1-2	Ages 3-5	Ages 6-9	Ages 10-14	Ages 15-18
39	415	867	1151	1419	1007

3. How many children (who were enrolled in Separate CHIP for at least 90 continuous days) received at least one dental care service during FFY 2021?

Ages 0-1	Ages 1-2	Ages 3-5	Ages 6-9	Ages 10-14	Ages 15-18
<11	111	486	800	912	551

Dental care service codes and definitions

The dental service must be provided by or under the supervision of a dentist as defined by HCPCS codes D0100-D9999 (or equivalent CDT codes D0100-D9999, or equivalent CPT codes) based on an unduplicated paid, unpaid, or denied claim.All data should be based on the definitions in the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Report (Form CMS-416).

4. How many children (who were enrolled in Separate CHIP for at least 90 continuous days) received at least one preventative dental care service during FFY 2021?

Ages 0-1	Ages 1-2	Ages 3-5	Ages 6-9	Ages 10-14	Ages 15-18
<11	111	486	800	912	551

Dental care service codes and definitions

The dental service must be provided by or under the supervision of a dentist as defined by HCPCS codes D0100 - D9999 (or equivalent CDT codes D0100 - D9999, or equivalent CPT codes) based on an unduplicated paid, unpaid, or denied claim. All data should be based on the definitions in the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Report (Form CMS-416).

5. How many children (who were enrolled in Separate CHIP for at least 90 continuous days) received dental treatment services during FFY 2021?

This includes orthodontics, periodontics, implants, oral and maxillofacial surgery, and other treatments.

Ages 0-1	Ages 1-2	Ages 3-5	Ages 6-9	Ages 10-14	Ages 15-18
<11	<11	141	361	357	253

Dental treatment service codes and definitions

The dental service must be provided by or under the supervision of a dentist as defined by HCPCS codes D2000-D9999 (or equivalent CDT codes D2000-D9999 or equivalent CPT codes that involve periodontics, maxillofacial prosthetics, implants, oral and maxillofacial surgery, orthodontics, adjunctive general services) based on an unduplicated paid, unpaid, or denied claim. All data should be based on the definitions in the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Report (Form CMS-416).

6. How many children in the "ages 6-9" group received a sealant on at least one permanent molar tooth during FFY 2021?

230			
230			

Sealant codes and definitions

The sealant on a permanent molar tooth is provided by a dental professional for whom placing a sealant is within their scope of practice. It's defined by HCPCS code D1351 (or equivalent CDT code D1351) based on an unduplicated paid, unpaid, or denied claim. Permanent molars are teeth numbered 2, 3, 14, 15, 18, 19, 30, and 31, and additionally - for states covering sealants on third molars ("wisdom teeth") - teeth numbered 1, 16, 17, and 32.All data should be based on the definitions in the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Report (Form CMS-416).

7. Do you	provide	supp	lemental	dental	coverag	ge?

\bigcirc	Yes

No

8. Is there anything else you'd like to add about your dental benefits? If you weren't able to provide data, let us know why.

CAHPS Survey Results

Children's Health Insurance Program Reauthorization Act (CHIPRA) requires that all CHIP programs submit survey results from the Consumer Assessment of Healthcare Providers and Systems (CAHPS). The survey assesses your CHIP program quality and customer satisfaction. For the 2021 CARTS report, we highly encourage states to report all raw CAHPS data to the Agency for Healthcare Research and Quality (AHRQ) CAHPS Database instead of reporting a summary of the data via CARTS. For 2022, the only option for reporting CAHPS results will be through the submission of raw data to ARHQ.

1.	Did yo	ou col	lect the	CAHPS	survey?
----	--------	--------	----------	--------------	---------

No

•	Yes	
	1a. D	oid you submit your CAHPS raw data to the AHRQ CAHPS database?
	\bigcirc	Yes
	•	No

Part 2: You collected the CAHPS survey

Since you collected the CAHPS survey, please complete Part 2.

1. Upload a summary report of your CAHPS survey results. This is optional if you already submitted CAHPS raw data to the AHRQ CAHPS database. Submit results only for the CHIP population, not for both Medicaid (Title XIX) and CHIP (Title XXI) together. Your data should represent children enrolled in all types of delivery systems (Managed Care, PCCM, and Fee for Service). Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here. Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png). Browse... 2. Which CHIP population did you survey? Health Services Initiative (HSI) Programs

All states with approved HSI program(s) should complete this section. States can use up to 10% of their fiscal year allotment to develop Health Services Initiatives (HSI) that provide direct services and other public health initiatives for low-income children. [See Section 2105(a)(1)(D)(ii) of the Social Security Act.] States can only develop HSI programs after funding other costs to administer their CHIP State Plan, as defined in

regulations at 42 CFR 457.10.

1. Does your state operate Health Service Initiatives using CHIP (Title XXI) funds?
Even if you're not currently operating the HSI program, if it's in your current approve
CHIP State Plan, please answer "yes."

Ves
res

No

Part 1: Tell us about your goals and objectives

Tell us about the progress you've made on your performance goals in the past year. The objectives and goals you add to this section should match those reflected in your CHIP State Plan, Section 9. Submit a CHIP State Plan Amendment (SPA) if any of them are different. Objective 1 is required. We've provided examples for other objectives, but you can edit them so they match the objectives in your CHIP State Plan. You can add additional objectives and goals to fit what's in your CHIP State Plan.

1. Briefly describe your goal for this objective.
For example: In an effort to reduce the number of uninsured children, our goal is to enroll 90% of eligible children in the CHIP program.
Achieve a measurable reduction in the number of uninsured children in South Dakota beginning in July 1, 1998.
2. What type of goal is it?
O New goal
Continuing goal
O Discontinued goal
Define the numerator you're measuring
3. Which population are you measuring in the numerator?
For example: The number of children enrolled in CHIP in the last federal fiscal year.
The number of children enrolled in CHIP in the last federal fiscal year.
4. Numerator (total number)
6381

Define the denominator you're measuring

5. Which population are you measuring in the denominator?

For example: The total number of eligible children in the last federal fiscal year.

The total number of children eligible for CHIP in the last federal fiscal year.

6. Denominator (total number)

9352

Computed: 68.23%

7. What is the date range of your data?

Start

mm/yyyy

10 / 2020

End

mm/yyyy

09 / 2021

8. Which data source did you use?
Eligibility or enrollment data
O Survey data
Another data source
9. How did your progress towards your goal last year compare to your previous year's progress?
The percentage of children covered increased.
10. What are you doing to continually make progress towards your goal?
South Dakota is working towards implementing a new eligibility and enrollment system. This system will provide functionality such as an online application, customer portal, mobile application, online change reporting, and increased electronic interfaces. We believe this will make information more accessible, ease the difficulty of applying for coverage, and reduce churn associated with procedural denials/closures (e.g. information verified electronically reduces the number of adverse actions for failure to provide information). The new system is anticipated to be completed in early 2023.
11. Anything else you'd like to tell us about this goal?
Denominator data came from a survey performed in 2015.

12. Do you have any supporting documentation? Optional

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png).

Browse...

Do you have another Goal in this list?

Optional

1. What is the next objective listed in your CHIP State Plan?

You can edit the suggested objective so it matches what's in your CHIP State Plan.

Improve access to quality primary and preventative health care services under Medicaid for approved SCHIP eligible, new Medicaid eligible and previously non-enrolled children on July 1, 1998.

1. Briefly describe your goal for this objective.

For example: In an effort to increase access to care, our goal is to increase the number of children who have visited a primary care physician by 5%.

Enroll 95% of all newly approved CHIP-NM children in the South Dakota medical assistance primary care case management program within 1 month of enrollment, beginning July 1, 2000. Ensure each new enrollee receives covered services, cost sharing and EPSDT information at the time that their eligibility is approved. Include CHIP-NM eligible children in the quality measurement mechanisms that are used for Medicaid and M-SCHIP including measures of immunization, well child care, adolescent well care, satisfaction and other measures of health care quality. Measures will come from the HCFA 416 report, the Department of Health Immunization tracking system, and the evaluation process used in South Dakota's PRIME managed care program operated under 1915(b) waiver authority. This evaluation process also uses client and provider surveys independent evaluations and clinical studies to report cost effectiveness and quality to CMS for waiver renewal purposes, and annual SCHIP reporting requirements. South Dakota will request the managed care waiver be incorporated into its Medicaid and SCHIP state plans.

2. W	hat type of goal is it?
	New goal
•	Continuing goal
	Discontinued goal

Define the numerator you're measuring

3. Which population are you measuring in the numerator?

For example: The number of children enrolled in CHIP who visited a primary care physician in the last federal fiscal year.

The total number of CHIP-NM children enrolled in the primary care provider or health home program within 1 month of enrollment that enrolled in the last calendar year.

4. Numerator (total number)

2268

Define the denominator you're measuring

5. Which population are you measuring in the denominator?

For example: The total number of children enrolled in CHIP in the last federal fiscal year.

The total number of CHIP-NM children enrolled in CHIP in the last calendar year.

6. Denominator (total number)

2813

Computed: 80.63%

7. What is the date range of your data? Start mm/yyyy 2021 01 **End** mm/yyyy 2021 12 8. Which data source did you use? Eligibility or enrollment data Survey data Another data source 9. How did your progress towards your goal last year compare to your previous year's progress? The percent enrolled within 30 days was lower for this data period. The process for adding children to the PCCM program has not changed nor have

there been any issues or delays in the process.

10. What are you doing to continually make progress towards your goal?

Per standard operating procedure newly approved CHIP-NM recipients are enrolled in the PCCM program within 10 days. In rare instances enrollment in the program may occur outside of this 10 day period. Each CHIP recipient receives a Recipient Handbook that provides this information. The CHIP population is included in the same quality measurements as the Medicaid population

Tell us how much you spent on your CHIP program in FFY 2021, and how much you anticipate spending in FFY 2022 and 2023.

Part 1: Benefit Costs

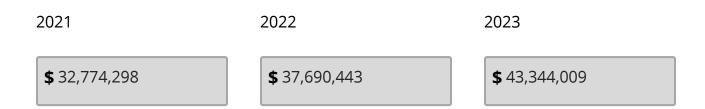

Please type your answers in only. Do not copy and paste your answers.

Combine your costs for both Medicaid Expansion CHIP and Separate CHIP programs into one budget.

1. How much did you spend on Managed Care in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023?

2. How much did you spend on Fee for Service in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023?

3. How much did you spend on anything else related to benefit costs in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023?

4. How much did you receive in cost sharing from beneficiaries to offset your costs in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023?

2021	2022	2023
\$	\$	\$

Table 1: Benefits Costs

This table is auto-populated with the data you entered above.

	FFY 2021	FFY 2022	FFY 2023
Managed Care			
Fee for Service	32774298	37690443	43344009
Other benefit costs			
Cost sharing payments from beneficiaries			
Total benefit costs	32774298	37690443	43344009

Part 2: Administrative Costs

Please type your answers in only. Do not copy and paste your answers.

2021 2022 2023 \$ \$ \$ 2. How much did you spend on general administration in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023? 2021 2022 2023 \$ \$ \$ 3. How much did you spend on contractors and brokers, such as enrollment contractors in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023? 2021 2022 2023 **\$** 197,015 **\$** 265,971 \$359,060

1. How much did you spend on personnel in FFY 2021? How much do you anticipate

spending in FFY 2022 and 2023?

This includes wages, salaries, and other employee costs.

4. How much did you spend on claims processing in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023?			
2021	2022	2023	
\$	\$	\$	
5. How much did you spend on outreach and marketing in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023?			
2021	2022	2023	
\$	\$	\$	
6. How much did you spend on your Health Services Initiatives (HSI) if you had any in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023?			
2021	2022	2023	
\$	\$	\$	
7. How much did you spend on anything else related to administrative costs in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023?			
2021	2022	2023	
\$ 330,400	\$ 446,039	\$ 602,154	

Table 2: Administrative Costs

This table is auto-populated with the data you entered above. Your total administrative costs cannot be more than 10% of your total CHIP program costs (the sum of your benefit and administrative costs). The 10% administrative cap is calculated by dividing the total benefit costs by 9.

	FFY 2021	FFY 2022	FFY 2023
Personnel			
General administration			
Contractors and brokers	197015	265971	359060
Claims processing			
Outreach and marketing			
Health Services Initiatives (HSI)			
Other administrative costs	330400	446039	602154
Total administrative costs	527415	712010	961214
10% administrative cap	3641588.67	4187827	4816001

Table 3: Federal and State Shares

CHIP is funded by federal and state budgets. The federal share of funding is calculated by multiplying your state's Federal Medical Assistance Percentage (eFMAP) by your total program costs (the sum of your benefit and administrative costs). The remaining amount of your total program costs is covered by your state share of funding. This table is auto-calculated using the data you entered above. The federal and state shares for FFY 2023 will be calculated once the eFMAP rate for 2023 becomes available. In the meantime, these values will be blank.

FMAP Table	FFY 2021	FFY 2022	FFY 2023
Total program costs	33301713	38402453	44305223

1. How has your state's political and fiscal environment affected your ability to provide healthcare to low-income children and families?					
2. What's the greatest challenge your CHIP program has faced in FFY 2021?					
The COVID-19 public health emergency.					
3. What are some of the greatest accomplishments your CHIP program has experienced in FFY 2021?					
Utilization of telemedicine.					
4. What changes have you made to your CHIP program in FFY 2021 or plan to make in FFY 2022? Why have you decided to make these changes?					
We've received approval of CHIP State Plan Amendment SD 20-0004 to add assurances to the plan regarding behavioral health services in FFY 2022. We do not anticipate any changes to the CHIP State Plan in 2022.					
5. Is there anything else you'd like to add about your state's challenges and accomplishments?
