

Utah CARTS FY2020 Report

Basic State Information

Welcome!

We already have some information about your state from our records. If any information is incorrect, please contact the [CARTS Help Desk](#).

1. State or territory name:

2.

Program type:

- Both Medicaid Expansion CHIP and Separate CHIP
- Medicaid Expansion CHIP only
- Separate CHIP only

3. CHIP program name(s):

Who should we contact if we have any questions about your report?

4. Contact name:

Jeff Nelson

5. Job title:

CHIP Director

6. Email:

jeffnelson@utah.gov

7. Full mailing address:

Include city, state, and zip code.

288 N 1460 W Salt Lake City, UT 84114

8. Phone number:

801-455-0224

PRA Disclosure Statement.

This information is being collected to assist the Centers for Medicare & Medicaid Services (CMS) in partnership with States with the ongoing management of Medicaid and CHIP programs and policies. This mandatory information collection (42 U.S.C. 1397hh) will be used to help each state meet the statutory requirements at section 2108(a) of the Social Security Act to assess the operation of the State child health plan in each Federal fiscal year and to report the results of the assessment including the progress made in reducing the number of uncovered, low-income children. Under the Privacy Act of 1974 any personally identifying information obtained will be kept private to the extent of the law. According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-1148 (CMS-10398 #1). The time required to complete this information collection is estimated to average 40 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to CMS, 7500 Security Boulevard, Attn: Paperwork Reduction Act Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.

Program Fees and Policy Changes

Part 1: Medicaid Expansion CHIP Enrollment Fees, Premiums, and Delivery Systems

1.

Does your program charge an enrollment fee?

Yes

No

2.

Does your program charge premiums?

Yes

No

3.

Is the maximum premium a family would be charged each year tiered by FPL?

Yes

No

4. Do premiums differ for different Medicaid Expansion CHIP populations beyond FPL (for example, by eligibility group)? If so, briefly explain the fee structure breakdown.

5.

Which delivery system(s) do you use?

Select all that apply.

Managed Care

Primary Care Case Management

Fee for Service

6. Which delivery system(s) are available to which Medicaid Expansion CHIP populations? Indicate whether eligibility status, income level, age range, or other criteria determine which delivery system a population receives.

Typically new children receive FFS coverage until a managed health care plan is selected or assigned to the children.

Part 2: Separate CHIP Enrollment Fees, Premiums, and Delivery Systems

1.

Does your program charge an enrollment fee?

Yes

No

2.

Does your program charge premiums?

Yes

No

3.

Is the maximum premium a family would be charged each year tiered by FPL?

Yes

No

4. Do your premiums differ for different CHIP populations beyond FPL (for example, by eligibility group)? If so, briefly explain the fee structure breakdown.

No, Utah's CHIP premiums are based solely on FPL. Utah operates 2 different CHIP Plans, broken out by FPL, with different premiums by Plan/FPL. CHIP Plan B charges a quarterly premium of \$30 (FPL 134-150%). CHIP Plan C charges a quarterly premium of \$75 (FPL 151-200%). (CHIP Plan A is no longer applicable as of 12/31/14.) American Indian/Alaska Natives are exempt from cost sharing (including premium payments.)

5.

Which delivery system(s) do you use?

Select all that apply.

Managed Care

Primary Care Case Management

Fee for Service

6. Which delivery system(s) are available to which CHIP populations? Indicate whether eligibility status, income level, age range, or other criteria determine which delivery system a population receives.

100% Managed Care enrollment for separate CHIP. (No Fee for Service exists.)

Part 3: Medicaid Expansion CHIP Program and Policy Changes

Indicate any changes you've made to your Medicaid Expansion CHIP program policies in the past federal fiscal year. Many changes listed in this section require a State Plan Amendment (SPA), while some don't, such as changing outreach efforts or changing the health plan enrollment process. Please submit a SPA to reflect any changes that do require a SPA.

1.

Have you made any changes to the eligibility determination process?

- Yes
- No
- N/A

2.

Have you made any changes to the eligibility redetermination process?

Yes

No

N/A

3.

Have you made any changes to the eligibility levels or target populations?

For example: increasing income eligibility levels.

Yes

No

N/A

4.

Have you made any changes to the benefits available to enrollees?

For example: adding benefits or removing benefit limits.

Yes

No

N/A

5.

Have you made any changes to the single streamlined application?

Yes

No

N/A

6.

Have you made any changes to your outreach efforts?

For example: allotting more or less funding for outreach, or changing your target population.

Yes

No

N/A

7.

Have you made any changes to the delivery system(s)?

For example: transitioning from Fee for Service to Managed Care for different Medicaid Expansion CHIP populations.

Yes

No

N/A

8.

Have you made any changes to your cost sharing requirements?

For example: changing amounts, populations, or the collection process.

Yes

No

N/A

9.

Have you made any changes to the substitution of coverage policies?

For example: removing a waiting period.

Yes

No

N/A

10.

Have you made any changes to the enrollment process for health plan selection?

Yes

No

N/A

11.

Have you made any changes to the protections for applicants and enrollees?

For example: changing from the Medicaid Fair Hearing process to the review process used by all health insurance issuers statewide.

Yes

No

N/A

12.

Have you made any changes to premium assistance?

For example: adding premium assistance or changing the population that receives premium assistance.

Yes

No

N/A

13.

Have you made any changes to the methods and procedures for preventing, investigating, or referring fraud or abuse cases?

- Yes
- No
- N/A

14.

Have you made any changes to eligibility for "lawfully residing" pregnant women?

- Yes
- No
- N/A

15.

Have you made any changes to eligibility for "lawfully residing" children?

- Yes
- No
- N/A

16.

Have you made changes to any other policy or program areas?

Yes

No

N/A

Part 4: Separate CHIP Program and Policy Changes

Indicate any changes you've made to your Separate CHIP program and policies in the past federal fiscal year. Many changes listed in this section require a State Plan Amendment (SPA), while some don't, such as changing outreach efforts or changing the health plan enrollment process. Please submit a SPA to reflect any changes that do require a SPA.

1.

Have you made any changes to the eligibility determination process?

Yes

No

N/A

2.

Have you made any changes to the eligibility redetermination process?

- Yes
- No
- N/A

3.

Have you made any changes to the eligibility levels or target populations?

For example: increasing income eligibility levels.

- Yes
- No
- N/A

4.

Have you made any changes to the benefits available to enrollees?

For example: adding benefits or removing benefit limits.

- Yes
- No
- N/A

5.

Have you made any changes to the single streamlined application?

Yes

No

N/A

6.

Have you made any changes to your outreach efforts?

For example: allotting more or less funding for outreach, or changing your target population.

Yes

No

N/A

7.

Have you made any changes to the delivery system(s)?

For example: transitioning from Fee for Service to Managed Care for different Separate CHIP populations.

Yes

No

N/A

8.

Have you made any changes to your cost sharing requirements?

For example: changing amounts, populations, or the collection process.

Yes

No

N/A

9.

Have you made any changes to substitution of coverage policies?

For example: removing a waiting period.

Yes

No

N/A

10.

Have you made any changes to an enrollment freeze and/or enrollment cap?

Yes

No

N/A

11.

Have you made any changes to the enrollment process for health plan selection?

Yes

No

N/A

12.

Have you made any changes to the protections for applicants and enrollees?

For example: changing from the Medicaid Fair Hearing process to the review process used by all health insurance issuers statewide.

Yes

No

N/A

13.

Have you made any changes to premium assistance?

For example: adding premium assistance or changing the population that receives premium assistance.

Yes

No

N/A

14.

Have you made any changes to the methods and procedures for preventing, investigating, or referring fraud or abuse cases?

Yes

No

N/A

15.

Have you made any changes to your conception to birth expansion (as described in the October 2, 2002 final rule)?

For example: expanding eligibility or changing this population's benefit package.

Yes

No

N/A

16.

Have you made any changes to your Pregnant Women State Plan expansion?

For example: expanding eligibility or changing this population's benefit package.

Yes

No

N/A

17.

Have you made any changes to eligibility for "lawfully residing" pregnant women?

Yes

No

N/A

18.

Have you made any changes to eligibility for "lawfully residing" children?

Yes

No

N/A

19.

Have you made changes to any other policy or program areas?

- Yes
- No
- N/A

20. Briefly describe why you made these changes to your Separate CHIP program.

After the PHE period started in April 2020, Utah submitted an emergency SPA to continue coverage for the CHIP children and to waive quarterly premiums during the PHE.

21.

Have you already submitted a State Plan Amendment (SPA) to reflect any changes that require a SPA?

- Yes
- No

Enrollment and Uninsured Data

Part 1: Number of Children Enrolled in CHIP

This table is pre-filled with your SEDS data for the two most recent federal fiscal years (FFY). If the information is inaccurate, adjust your data in SEDS (go to line 7: "Unduplicated Number Ever Enrolled" in your fourth quarter SEDS report) and then

refresh this page. If you're adjusting data in SEDS, allow one business day for the CARTS data below to update.

Program	Number of children enrolled in FFY 2019	Number of children enrolled in FFY 2020	Percent change
Medicaid Expansion CHIP	26,309	25,651	-2.501%
Separate CHIP	29,563	23,941	-19.017%

1. If you had more than a 3% percent change from last year, what are some possible reasons why your enrollment numbers changed?

Beginning in April of FFY20, one of the key drivers of CHIP enrollment ended as Medicaid children remain on the Medicaid program. While we kept CHIP cases open as well, Utah did not experience an increase in the direct CHIP coverage program. Any families losing income went to Medicaid and stayed there. We will likely see a drastic increase in CHIP eligible children post PHE.

Part 2: Number of Uninsured Children in Your State

This table is pre-filled with data on uninsured children (age 18 and under) who are below 200% of the Federal Poverty Level (FPL) based on annual estimates from the American Community Survey.

Year	Number of uninsured children	Margin of error	Percent of uninsured children (of total children in your state)	Margin of error
2015	42,000	5,000	4.4%	0.6%
2016	29,000	5,000	3%	0.5%
2017	38,000	5,000	4%	0.5%
2018	39,000	6,000	4%	0.6%
2019	42,000	5,000	4.3%	0.5%

Percent change between 2018 and 2019
Not Available

2.

Are there any reasons why the American Community Survey estimates wouldn't be a precise representation of the actual number of uninsured children in your state?

- Yes
- No

3.

Do you have any alternate data source(s) or methodology for measuring the number and/or percent of uninsured children in your state?

Yes

No

4. Is there anything else you'd like to add about your enrollment and uninsured data?

5.

Optional: Attach any additional documents here.

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png)

Eligibility, Enrollment, and Operations

Program Outreach

1.

Have you changed your outreach methods in the last federal fiscal year?

Yes

No

2.

Are you targeting specific populations in your outreach efforts?

For example: minorities, immigrants, or children living in rural areas.

Yes

No

3. What methods have been most effective in reaching low-income, uninsured children?

For example: TV, school outreach, or word of mouth.

4. Is there anything else you'd like to add about your outreach efforts?

Utah has not been able to effectively complete outreach activities since the outreach budget was cut years ago. Our health plans do combine forces and help with some marketing (flyers) for schools each new school year.

5.

Optional: Attach any additional documents here.

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png)

Eligibility, Enrollment, and Operations

Substitution of Coverage

Substitution of coverage (also known as crowd-out) occurs when someone with private insurance drops their private coverage and substitutes it with publicly funded insurance such as CHIP.

1.

Do you track the number of CHIP enrollees who have access to private insurance?

Yes

No

N/A

2.

Do you match prospective CHIP enrollees to a database that details private insurance status?

Yes

No

N/A

5. Is there anything else you'd like to add about substitution of coverage that wasn't already covered? Did you run into any limitations when collecting data?

6.

Optional: Attach any additional documents here.

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png)

Eligibility, Enrollment, and Operations

Renewal, Denials, and Retention

Part 1: Eligibility Renewal and Retention

1.

Does your state provide presumptive eligibility, allowing children to access CHIP services pending a final determination of eligibility?

This question should only be answered in respect to Separate CHIP.

Yes

No

N/A

2.

In an effort to retain children in CHIP, do you conduct follow-up communication with families through caseworkers and outreach workers?

Yes

No

3.

Do you send renewal reminder notices to families?

Yes

No

4. What else have you done to simplify the eligibility renewal process for families?

Utah shares eligibility renewal dates with both health plans monthly so they can call and remind families to complete their reviews.

5. Which retention strategies have you found to be most effective?

Alerting families to their review date and simplifying the renewal process helps with retention.

6. How do you measure the effectiveness of your retention strategies? What data sources and methodology do you use to track retention?

Utah does not track any data on retention.

7. Is there anything else you'd like to add that wasn't already covered?

Part 2: CHIP Eligibility Denials (Not Redetermination)

1.

How many applicants were denied CHIP coverage in FFY 2020?

Don't include applicants being considered for redetermination - this data will be collected in Part 3.

3741

2.

How many applicants were denied CHIP coverage for procedural reasons?

For example: They were denied because of an incomplete application, missing documentation, or a missing enrollment fee.

2063

3.

How many applicants were denied CHIP coverage for eligibility reasons?

For example: They were denied because their income was too high or too low, they were determined eligible for Medicaid instead, or they had other coverage available.

1678

3a.

How many applicants were denied CHIP (Title XXI) coverage and determined eligible for Medicaid (Title XIX) instead?

4.

How many applicants were denied CHIP coverage for other reasons?

0

5. Did you have any limitations in collecting this data?

Table: CHIP Eligibility Denials (Not Redetermination)

This table is auto-populated with the data you entered above.

Type	Number	Percent
Total denials	3741	100%
Denied for procedural reasons	2063	55.15%
Denied for eligibility reasons	1678	44.85%
Denials for other reasons	0	0%

Part 3: Redetermination in CHIP

Redetermination is the process of redetermining whether a child is eligible to renew in CHIP (Title XXI) every 12 months. This section doesn't apply to any mid-year changes in circumstances that may affect eligibility (for example: income, relocation, or aging out of the program).

1.

How many children were eligible for redetermination in CHIP in FFY 2020?

25252

2.

Of the eligible children, how many were then screened for redetermination?

3.

How many children were retained in CHIP after redetermination?

4.

How many children were disenrolled in CHIP after the redetermination process?

This number should be equal to the total of 4a, 4b, and 4c below.

Computed:

4a.

How many children were disenrolled for procedural reasons?

This could be due to an incomplete application, missing documentation, or a missing enrollment fee.

4b.

How many children were disenrolled for eligibility reasons?

This could be due to income that was too high or too low, eligibility in Medicaid (Title XIX) instead, or access to private coverage.

4c.

How many children were disenrolled for other reasons?

5. Did you have any limitations in collecting this data?

Table: Redetermination in CHIP

These tables are auto-populated with the data you entered above.

Type	Number	Percent
Children screened for redetermination	Not Answered	Not Answered
Children retained after redetermination	Not Answered	Not Answered
Children disenrolled after redetermination	Not Answered	Not Answered

Table: Disenrollment in CHIP after Redetermination

Type	Number	Percent
Children disenrolled after redetermination	Not Answered	Not Answered
Children disenrolled for procedural reasons	Not Answered	Not Answered
Children disenrolled for eligibility reasons	Not Answered	Not Answered
Children disenrolled for other reasons	Not Answered	Not Answered

Part 4: Redetermination in Medicaid

Redetermination is the process of redetermining whether a child is eligible to renew in Medicaid (Title XIX) every 12 months. This section doesn't apply to any mid-year changes in circumstances that may affect eligibility (for example: income, relocation, or aging out of the program).

1.

How many children were eligible for redetermination in Medicaid in FFY 2020?

2.

Of the eligible children, how many were then screened for redetermination?

3.

How many children were retained in Medicaid after redetermination?

4.

How many children were disenrolled in Medicaid after the redetermination process?

This number should be equal to the total of 4a, 4b, and 4c below.

Computed:

4a.

How many children were disenrolled for procedural reasons?

This could be due to an incomplete application, missing documentation, or a missing enrollment fee.

4b.

How many children were disenrolled for eligibility reasons?

This could be due to an income that was too high and/or eligibility in CHIP instead.

4c.

How many children were disenrolled for other reasons?

5. Did you have any limitations in collecting this data?

Table: Redetermination in Medicaid

These tables are auto-populated with the data you entered above.

Type	Number	Percent
Children screened for redetermination	Not Answered	Not Answered
Children retained after redetermination	Not Answered	Not Answered
Children disenrolled after redetermination	Not Answered	Not Answered

Table: Disenrollment in Medicaid after Redetermination

Type	Number	Percent
Children disenrolled after redetermination	Not Answered	Not Answered
Children disenrolled for procedural reasons	Not Answered	Not Answered
Children disenrolled for eligibility reasons	Not Answered	Not Answered
Children disenrolled for other reasons	Not Answered	Not Answered

Part 5: Tracking a CHIP cohort (Title XXI) over 18 months

Tracking a cohort of children enrolled in CHIP (Title XXI) will indicate how long a specific group of children stays enrolled over an 18-month period. This information is required by Section 402(a) of CHIPRA.

To track your cohort, identify a group of children ages 0 to 16 years who are newly enrolled in CHIP and/or Medicaid as of January through March 2020 (the second quarter of FFY 2020). Children in this cohort must be 16 years and 0 months or younger when they enroll to ensure they don't age out of the program by the end of the 18-month tracking period.

You'll identify a new cohort every two years. This year you'll report on the number of children at the start of the cohort (Jan - Mar 2020) and six months later (July - Sept 2020). Next year you'll report numbers for the same cohort at 12 months (Jan - Mar 2021) and 18 months later (July - Sept 2021). If data is unknown or unavailable, leave it blank - don't enter a zero unless the data is known to be zero.

Helpful hints on age groups

Children should be in age groups based on their age at the start of the cohort, when they're identified as newly enrolled in January, February, or March of 2020. For example, if a child is four years old when they're newly enrolled, they should continue to be reported in the "ages 1-5" group at 6 months, 12 months, and 18 months later.

The oldest children in the cohort must be no older than 16 years (and 0 months) to ensure they don't age out of the program at the end of the 18-month tracking period. That means children in the "ages 13-16" group who are newly enrolled in January 2020 must be born after January 2004. Similarly, children who are newly enrolled in February 2020 must be born after February 2004, and children newly enrolled in March 2020 must be born after March 2004.

1.

How does your state define "newly enrolled" for this cohort?

Newly enrolled in CHIP: Children in this cohort weren't enrolled in CHIP (Title XXI) during the previous month. For example: Newly enrolled children in January 2020 weren't enrolled in CHIP in December 2019.

Newly enrolled in CHIP and Medicaid: Children in this cohort weren't enrolled in CHIP (Title XXI) or Medicaid (Title XIX) during the previous month. For example: Newly enrolled children in January 2020 weren't enrolled in CHIP or Medicaid in December 2019.

2.

Do you have data for individual age groups?

If not, you'll report the total number for all age groups (0-16 years) instead.

Yes

No

January - March 2020 (start of the cohort)

3.

How many children were newly enrolled in CHIP between January and March 2020?

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

117

503

625

224

July - September 2020 (6 months later)

4.

How many children were continuously enrolled in CHIP six months later?

Only include children that didn't have a break in coverage during the six-month period.

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

110

435

563

203

5.

How many children had a break in CHIP coverage but were re-enrolled in CHIP six months later?

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

0

3

2

0

6.

Of the children who had a break in CHIP coverage (in the previous question), how many were enrolled in Medicaid during the break?

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

7.

How many children were no longer enrolled in CHIP six months later?

Possible reasons for no longer being enrolled:

b" Transferred to another health insurance program other than CHIP

b" Didn't meet eligibility criteria anymore

b" Didn't complete documentation

b" Didn't pay a premium or enrollment fee

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

8.

Of the children who were no longer enrolled in CHIP (in the previous question), how many were enrolled in Medicaid six months later?

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

9. Is there anything else you'd like to add about your data?

January - March 2021 (12 months later)

Next year you'll report this data. Leave it blank in the meantime.

10.

How many children were continuously enrolled in CHIP 12 months later?

Only include children that didn't have a break in coverage during the 12-month period.

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

11.

How many children had a break in CHIP coverage but were re-enrolled in CHIP 12 months later?

Ages 0-1

Ages 1-5

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

20. Is there anything else you'd like to add about your data?

Part 6: Tracking a Medicaid (Title XIX) cohort over 18 months

Tracking a cohort of children enrolled in Medicaid (Title XIX) will indicate how long a specific group of children stays enrolled over an 18-month period. This information is required by Section 402(a) of CHIPRA.

To track your cohort, identify a group of children ages 0 to 16 years, who are newly enrolled in Medicaid and/or CHIP as of January through March 2020 (the second quarter of FFY 2020). Children in this cohort must be 16 years and 0 months or younger when they enroll to ensure they don't age out of the program by the end of the 18-month tracking period.

You'll identify a new cohort every two years. This year you'll report the number of children identified at the start of the cohort (Jan-Mar 2020) and six months later (July-Sept 2020). Next year you'll report numbers for the same cohort at 12 months (Jan-Mar 2021) and 18 months later (July-Sept 2021). If data is unknown or unavailable, leave it blank - don't enter a zero unless the data is known to be zero.

Helpful hints on age groups

Children should be in age groups based on their age at the start of the cohort, when they're identified as newly enrolled in January, February, or March of 2020. For example, if a child is four years old when they're newly enrolled, they should continue to be reported in the "ages 1-5" group at 6 months, 12 months, and 18 months later.

The oldest children in the cohort must be no older than 16 years (and 0 months) to ensure they don't age out of the program at the end of the 18-month tracking period. That means children in the "ages 13-16" group who are newly enrolled in January 2020 must be born after January 2004. Similarly, children who are newly enrolled in February 2020 must be born after February 2004, and children newly enrolled in March 2020 must be born after March 2004.

1.

How does your state define "newly enrolled" for this cohort?

Newly enrolled in Medicaid: Children in this cohort weren't enrolled in Medicaid (Title XIX) during the previous month. For example: Newly enrolled children in January 2020 weren't enrolled in Medicaid in December 2019.

Newly enrolled in CHIP and Medicaid: Children in this cohort weren't enrolled in CHIP (Title XXI) or Medicaid (Title XIX) during the previous month. For example: Newly enrolled children in January 2020 weren't enrolled in CHIP or Medicaid in December 2019.

2.

Do you have data for individual age groups?

If not, you'll report the total number for all age groups (0-16 years) instead.

Yes

No

January - March 2020 (start of the cohort)

3.

How many children were newly enrolled in Medicaid between January and March 2020?

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

4047

4574

4666

1716

July - September 2020 (6 months later)

4.

How many children were continuously enrolled in Medicaid six months later?

Only include children that didn't have a break in coverage during the six-month period.

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

3831

4261

4436

1633

5.

How many children had a break in Medicaid coverage but were re-enrolled in Medicaid six months later?

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

15

95

63

26

6.

Of the children who had a break in Medicaid coverage (in the previous question), how many were enrolled in CHIP during the break?

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

0

5

7

0

7.

How many children were no longer enrolled in Medicaid six months later?

Possible reasons for no longer being enrolled:

b" Transferred to another health insurance program other than Medicaid

b" Didn't meet eligibility criteria anymore

b" Didn't complete documentation

b" Didn't pay a premium or enrollment fee

Ages 0-1

Ages 1-5

Ages 6-12

10

13

3

9. Is there anything else you'd like to add about your data?

January - March 2021 (12 months later)

Next year you'll report this data. Leave it blank in the meantime.

10.

How many children were continuously enrolled in Medicaid 12 months later?

Only include children that didn't have a break in coverage during the 12-month period.

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

11.

How many children had a break in Medicaid coverage but were re-enrolled in Medicaid 12 months later?

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

12.

Of the children who had a break in Medicaid coverage (in the previous question), how many were enrolled in CHIP during the break?

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

13.

How many children were no longer enrolled in Medicaid 12 months later?

Possible reasons for not being enrolled:

b" Transferred to another health insurance program other than Medicaid

b" Didn't meet eligibility criteria anymore

b" Didn't complete documentation

b" Didn't pay a premium or enrollment fee

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

14.

Of the children who were no longer enrolled in Medicaid (in the previous question), how many were enrolled in CHIP 12 months later?

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

July - September of 2021 (18 months later)

Next year you'll report this data. Leave it blank in the meantime.

15.

How many children were continuously enrolled in Medicaid 18 months later?

Only include children that didn't have a break in coverage during the 18-month period.

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

16.

How many children had a break in Medicaid coverage but were re-enrolled in Medicaid 18 months later?

Ages 0-1

Ages 13-16

17.

Of the children who had a break in Medicaid coverage (in the previous question), how many were enrolled in CHIP during the break?

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

18.

How many children were no longer enrolled in Medicaid 18 months later?

Possible reasons for not being enrolled:

b" Transferred to another health insurance program other than Medicaid

b" Didn't meet eligibility criteria anymore

b" Didn't complete documentation

b" Didn't pay a premium or enrollment fee

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

19.

Of the children who were no longer enrolled in Medicaid (in the previous question), how many were enrolled in CHIP 18 months later?

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

20. Is there anything else you'd like to add about your data?

Eligibility, Enrollment, and Operations

Cost Sharing (Out-of-Pocket Costs)

States can choose whether or not to require cost sharing in their CHIP program. Cost sharing includes payments such as enrollment fees, premiums, deductibles,

coinsurance, and copayments.

1.

Does your state require cost sharing?

Yes

No

2.

Who tracks cost sharing to ensure families don't pay more than the 5% aggregate household income in a year?

- Families ("the shoebox method")
- Health plans
- States
- Third party administrator
- Other

3. How are healthcare providers notified that they shouldn't charge families once families have reached the 5% cap?

The State notifies the health plans to exempt the family from making co-payments once the family's information is validated by state staff.

4. Approximately how many families exceeded the 5% cap in the last federal fiscal year?

Less than 20

5.

Have you assessed the effects of charging premiums and enrollment fees on whether eligible families enroll in CHIP?

Yes

No

6.

Have you assessed the effects of charging copayments and other out-of-pocket fees on whether enrolled families use CHIP services?

Yes

No

7. You indicated in Section 1 that you changed your cost sharing requirements in the past federal fiscal year. How are you monitoring the impact of these changes on whether families apply, enroll, disenroll, and use CHIP health services? What have you found when monitoring the impact?

Utah stopped charging quarterly premiums during the PHE in April 2020. One notable effect has been that families have not kept the state as up to date with physical address changes. The state has seen a large number of CHIP children drop off the program as eligibility rules return to normal for the direct coverage CHIP program.

8. Is there anything else you'd like to add that wasn't already covered?

9.

Eligibility, Enrollment, and Operations

Employer Sponsored Insurance and Premium Assistance

States with a premium assistance program can use CHIP funds to purchase coverage through employer sponsored insurance (ESI) on behalf of eligible children and parents.

1.

Does your state offer ESI including a premium assistance program under the CHIP State Plan or a Section 1115 Title XXI demonstration?

Yes

No

1.

Under which authority and statutes does your state offer premium assistance?

Check all that apply.

- Purchase of Family Coverage under CHIP State Plan [2105(c)(3)]
- Additional Premium Assistance Option under CHIP State Plan [2105(c)(10)]
- Section 1115 Demonstration (Title XXI)

2.

Does your premium assistance program include coverage for adults?

- Yes
- No

3. What benefit package is offered as part of your premium assistance program, including any applicable minimum coverage requirements?

This only applies to states operating an 1115 demo.

For health plans to meet the "Qualified Health Plan" status, they must meet several criteria to be considered comprehensive coverage health plans. The employer must pay 50% of the employees coverage. The health plan may not cover abortion except as defined in the Hyde Amendment.

4.

Does your premium assistance program provide wrap-around coverage for gaps in coverage?

This only applies to states operating an 1115 demo.

- Yes
- No
- N/A

5.

Does your premium assistance program meet the same cost sharing requirements as that of the CHIP program?

This only applies to states operating an 1115 demo.

- Yes
- No
- N/A

6.

Are there protections on cost sharing for children (such as the 5% out-of-pocket maximum) in your premium assistance program?

This only applies to states operating an 1115 demo.

Yes

No

N/A

7.

How many children were enrolled in the premium assistance program on average each month in FFY 2020?

322

8.

What's the average monthly contribution the state pays towards coverage of a child?

\$ 115

9.

What's the average monthly contribution the employer pays towards coverage of a child?

\$ 0

10.

What's the average monthly contribution the employee pays towards coverage of a child?

\$

Table: Coverage breakdown

Child

State	Employer	Employee
115	0	Not Answered

11.

What's the range in the average monthly contribution paid by the state on behalf of a child?

Average Monthly Contribution

Starts at

\$ 21

Ends at

\$ 120

12.

What's the range in the average monthly contribution paid by the state on behalf of a parent?

Average Monthly Contribution

Starts at

\$ 15

Ends at

\$ 150

13.

What's the range in income levels for children who receive premium assistance (if it's different from the range covering the general CHIP population)?

Federal Poverty Levels

Starts at

134

Ends at

200

14. What strategies have been most effective in reducing the administrative barriers in order to provide premium assistance?

15. What challenges did you experience with your premium assistance program in FFY 2020?

It remains difficult to connect with the family at the right moment to help cover the cost of the employer sponsored health plan. If the family waits too long to notify the state, they are considered enrolled and not eligible.

16. What accomplishments did you experience with your premium assistance program in FFY 2020?

None

17. Is there anything else you'd like to add that wasn't already covered?

18.

Optional: Attach any additional documents here.

Eligibility, Enrollment, and Operations

Program Integrity

States with a premium assistance program can use CHIP funds to purchase coverage through employer sponsored insurance (ESI) on behalf of eligible children and parents.

1.

Do you have a written plan with safeguards and procedures in place for the prevention of fraud and abuse cases?

Yes

No

2.

Do you have a written plan with safeguards and procedures in place for the investigation of fraud and abuse cases?

Yes

No

3.

Do you have a written plan with safeguards and procedures in place for the referral of fraud and abuse cases?

Yes

No

4. What safeguards and procedures are in place for the prevention, investigation, and referral of fraud and abuse cases?

ESI payments approvals take two levels of authorization. Most cases are reviewed independently by a payment specialist. Fraud cases are reported to the state OIG. Case investigations are done through our IV-1A agency.

5.

Do the Managed Care plans contracted by your Separate CHIP program have written plans with safeguards and procedures in place?

Yes

No

N/A

6.

How many eligibility denials have been appealed in a fair hearing in FFY 2020?

7.

How many cases have been found in favor of the beneficiary in FFY 2020?

8.

How many cases related to provider credentialing were investigated in FFY 2020?

9.

How many cases related to provider credentialing were referred to appropriate law enforcement officials in FFY 2020?

10.

How many cases related to provider billing were investigated in FFY 2020?

11.

How many cases were referred to appropriate law enforcement officials in FFY 2020?

12.

How many cases related to beneficiary eligibility were investigated in FFY 2020?

13.

How many cases related to beneficiary eligibility were referred to appropriate law enforcement officials in FFY 2020?

14.

Does your data for Questions 8-13 include cases for CHIP only or for Medicaid and CHIP combined?

- CHIP only
- Medicaid and CHIP combined

15.

Do you rely on contractors for the prevention, investigation, and referral of fraud and abuse cases?

- Yes
- No

16.

Do you contract with Managed Care health plans and/or a third party contractor to provide this oversight?

- Yes
- No

17. Is there anything else you'd like to add that wasn't already covered?

18.

Optional: Attach any additional documents here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png)

Eligibility, Enrollment, and Operations

Dental Benefits

Tell us about the children receiving dental benefits in your Separate CHIP program. Include children who are receiving full benefits and those who are only receiving supplemental dental benefits. Include the unduplicated number of children enrolled in all types of delivery systems (Managed Care, PCCM, and Fee for Service).

Note on age groups

Children should be in age groups based on their age on September 30th, the end of the federal fiscal year (FFY). For example, if a child turns three years old on September 15th, the child should be included in the "ages 3-5" group. Even if the child received dental services on September 1st while they were still two years old, all dental services should be counted as their age at the end of the FFY.

1.

Do you have data for individual age groups?

If not, you'll report the total number for all age groups (0-18 years) instead.

Yes

No

2.

How many children were enrolled in Separate CHIP for at least 90 continuous days during FFY 2020?

Ages 0-1

Ages 1-2

Ages 3-5

Ages 6-9

Ages
10-14

3358

3758

1872

Dental care service codes and definitions

The dental service must be provided by or under the supervision of a dentist as defined by HCPCS codes D0100-D9999 (or equivalent CDT codes D0100-D9999, or equivalent CPT codes) based on an unduplicated paid, unpaid, or denied claim.

All data should be based on the definitions in the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Report (Form CMS-416).

4.

How many children (who were enrolled in Separate CHIP for at least 90 continuous days) received at least one preventative dental care service during FFY 2020?

Dental care service codes and definitions

The dental service must be provided by or under the supervision of a dentist as defined by HCPCS codes D0100 - D9999 (or equivalent CDT codes D0100 - D9999, or equivalent CPT codes) based on an unduplicated paid, unpaid, or denied claim. All data should be based on the definitions in the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Report (Form CMS-416).

5.

How many children (who were enrolled in Separate CHIP for at least 90 continuous days) received dental treatment services during FFY 2020?

This includes orthodontics, periodontics, implants, oral and maxillofacial surgery, and other treatments.

Ages 0-1	Ages 1-2	Ages 3-5	Ages 6-9	Ages 10-14	Ages 15-18
4	30	511	1458	1414	871

Dental treatment service codes and definitions

The dental service must be provided by or under the supervision of a dentist as defined by HCPCS codes D2000-D9999 (or equivalent CDT codes D2000-D9999 or equivalent CPT codes that involve periodontics, maxillofacial prosthetics, implants, oral and maxillofacial surgery, orthodontics, adjunctive general services) based on an unduplicated paid, unpaid, or denied claim.

All data should be based on the definitions in the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Report (Form CMS-416).

6.

How many children in the "ages 6-9" group received a sealant on at least one permanent molar tooth during FFY 2020?

826

Sealant codes and definitions

The sealant on a permanent molar tooth is provided by a dental professional for whom placing a sealant is within their scope of practice. It's defined by HCPCS code D1351 (or equivalent CDT code D1351) based on an unduplicated paid, unpaid, or denied claim. Permanent molars are teeth numbered 2, 3, 14, 15, 18, 19, 30, and 31, and additionally - for states covering sealants on third molars ("wisdom teeth") - teeth numbered 1, 16, 17, and 32.

All data should be based on the definitions in the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Report (Form CMS-416).

7.

Do you provide supplemental dental coverage?

Yes

No

8. Is there anything else you'd like to add about your dental benefits? If you weren't able to provide data, let us know why.

9.

Optional: Attach any additional documents here.

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png)

Eligibility, Enrollment, and Operations

CAHPS Survey Results

Children's Health Insurance Program Reauthorization Act (CHIPRA) requires that all CHIP programs submit survey results from the Consumer Assessment of Healthcare Providers and Systems (CAHPS). The survey assesses your CHIP program quality and customer satisfaction.

1.

Did you collect the CAHPS survey?

Yes

No

Part 2: You collected the CAHPS survey

Since you collected the CAHPS survey, please complete Part 2.

1.

Upload a summary report of your CAHPS survey results.

This is optional if you already submitted CAHPS raw data to the AHRQ CAHPS database. Submit results only for the CHIP population, not for both Medicaid (Title XIX) and CHIP (Title XXI) together. Your data should represent children enrolled in all types of delivery systems (Managed Care, PCCM, and Fee for Service).

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png)

2.

Which CHIP population did you survey?

- Medicaid Expansion CHIP
- Separate CHIP
- Both Separate CHIP and Medicaid Expansion CHIP
- Other

3.

Which version of the CAHPS survey did you use?

- CAHPS 5.0
- CAHPS 5.0H
- Other

4.

Which supplemental item sets did you include in your survey?

Select all that apply.

- None
- Children with Chronic Conditions
- Other

4a. Which supplemental item sets did you include?

State-designed supplemental questions

5.

Which administrative protocol did you use to administer the survey?

Select all that apply.

- NCQA HEDIS CAHPS 5.0H
- HRQ CAHPS
- Other

6. Is there anything else you'd like to add about your CAHPS survey results?

Utah's CAHPS surveys are available online: <http://stats.health.utah.gov/publications/cahps-chip/>

Part 3: You didn't collect the CAHPS survey

Eligibility, Enrollment, and Operations

Health Services Initiative (HSI) Programs

All states with approved HSI program(s) should complete this section. States can use up to 10% of their fiscal year allotment to develop Health Services Initiatives (HSI) that provide direct services and other public health initiatives for low-income children. [See Section 2105(a)(1)(D)(ii) of the Social Security Act.] States can only develop HSI programs after funding other costs to administer their CHIP State Plan, as defined in regulations at 42 CFR 457.10.

1.

Does your state operate Health Service Initiatives using CHIP (Title XXI) funds?

Even if you're not currently operating the HSI program, if it's in your current approved CHIP State Plan, please answer "yes."

Yes

No

State Plan Goals and Objectives

Part 1: Tell us about your goals and objectives

Tell us about the progress you've made on your performance goals in the past year. The objectives and goals you add to this section should match those reflected in your CHIP State Plan, Section 9. Submit a CHIP State Plan Amendment (SPA) if any of them are different.

Objective 1 is required. We've provided examples for other objectives, but you can edit them so they match the objectives in your CHIP State Plan. You can add additional objectives and goals to fit what's in your CHIP State Plan.

1. Briefly describe your goal for this objective.

For example: In an effort to reduce the number of uninsured children, our goal is to enroll 90% of eligible children in the CHIP program.

Utah will seek state approved marketing funds to develop a campaign to enroll more children in Medicaid and CHIP.

2.

What type of goal is it?

- New goal
- Continuing goal
- Discontinued goal

Define the numerator you're measuring

3. Which population are you measuring in the numerator?

For example: The number of children enrolled in CHIP in the last federal fiscal year.

Average number of children enrolled per month over the state fiscal year (SF20).

4.

Numerator (total number)

17018

Define the denominator you're measuring

5. Which population are you measuring in the denominator?

For example: The total number of eligible children in the last federal fiscal year.

Average number of children enrolled per month over the state fiscal year (SF19).

6.

Denominator (total number)

18153

Computed: 93.75%

7.

What is the date range of your data?

Start

mm/yyyy

07 / 2019

End

mm/yyyy

06 / 2020

8.

Which data source did you use?

- Eligibility or enrollment data
- Survey data
- Another data source

9. How did your progress towards your goal last year compare to your previous year's progress?

CHIP was showing a small decline leading into the early months of the COVID 19 pandemic.

10. What are you doing to continually make progress towards your goal?

Pushing for the ability to advertise and market health plans for CHIP. The marketing budget for CHIP was approved in the Utah legislative session of 2021.

11. Anything else you'd like to tell us about this goal?

12.

Do you have any supporting documentation?

Optional

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png)

Do you have another in this list?

Optional

Do you have another objective in your State Plan?

Optional

Part 2: Additional questions

1. Do you have other strategies for measuring and reporting on your performance goals? What are these strategies, and what information have you found through this research?

2. Do you plan to add new strategies for measuring and reporting on your goals and objectives? What do you plan to do, and when will this data become available?

3. Have you conducted any focused studies on your CHIP population? (For example: studies on adolescents, attention deficit disorder, substance use, special healthcare needs, or other emerging healthcare needs.) What have you discovered through this research?

No

4.

Optional: Attach any additional documents here.

For example: studies, analyses, or any other documents that address your performance goals.

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png)

Program Financing

Tell us how much you spent on your CHIP program in FFY 2020, and how much you anticipate spending in FFY 2021 and 2022.

2021

2022

7.

How much did you spend on anything else related to administrative costs in FFY 2020? How much do you anticipate spending in FFY 2021 and 2022?

2020

2021

2022

\$ 2,433,536

\$ 2,007,988

\$ 2,007,972

Table 2: Administrative Costs

This table is auto-populated with the data you entered above.
 Your total administrative costs cannot be more than 10% of your total CHIP program costs (the sum of your benefit and administrative costs). The 10% administrative cap is calculated by dividing the total benefit costs by 9.

Type	FFY 2020	FFY 2021	FFY 2022
Personnel	505719	552510	602138
General administration	439825	439825	448214
Contractors and brokers	3175676	3175676	3175676
Claims processing	0	0	0
Outreach and marketing	0	0	0
Health Services Initiatives (HSI)	0	0	0
Other administrative costs	2433536	2007988	2007972
Total administrative costs	6554756	6175999	6234000
10% administrative cap	4197475.33	3926188.89	4006577.78

Table 3: Federal and State Shares

CHIP is funded by federal and state budgets. The federal share of funding is calculated by multiplying your state's Federal Medical Assistance Percentage (eFMAP) by your total program costs (the sum of your benefit and administrative costs). The remaining amount of your total program costs is covered by your state share of funding.

This table is auto-calculated using the data you entered above. The federal and state shares for FFY 2022 will be calculated once the eFMAP rate for 2022 becomes available. In the meantime, these values will be blank.

Type	FFY 2020	FFY 2021	FFY 2022
Total program costs	44332034	41511699	42293200
eFMAP	89.23	77.26	76.78
Federal share	39557473.94	32071938.65	32472718.96
State share	4774560.06	9439760.35	9820481.04

8.

What were your state funding sources in FFY 2020?

Select all that apply.

- State appropriations
- County/local funds
- Employer contributions
- Foundation grants
- Private donations
- Tobacco settlement
- Other

9.

Did you experience a shortfall in federal CHIP funds this year?

- Yes
- No

Part 3: Managed Care Costs

Complete this section only if you have a Managed Care delivery system.

1.

How many children were eligible for Managed Care in FFY 2020? How many do you anticipate will be eligible in FFY 2021 and 2022?

2020

2021

2022

199165

198537

203882

2.

What was your per member per month (PMPM) cost based on the number of children eligible for Managed Care in FFY 2020? What is your projected PMPM cost for FFY 2021 and 2022?

Round to the nearest whole number.

2020

2021

2022

\$ 189.68

\$ 177.98

\$ 176.86

Type	FFY 2020	FFY 2021	FFY 2022
Eligible children	199165	198537	203882
PMPM cost	189.68	177.98	176.86

Part 4: Fee for Service Costs

Complete this section only if you have a Fee for Service delivery system.

1.

How many children were eligible for Fee for Service in FFY 2020? How many do you anticipate will be eligible in FFY 2021 and 2022?

2020

2021

2022

2.

What was your per member per month (PMPM) cost based on the number of children eligible for Fee For Service in FFY 2020? What is your projected PMPM cost for FFY 2021 and 2022?

The per member per month cost will be the average cost per month to provide services to these enrollees. Round to the nearest whole number.

2020

2021

2022

Type	FFY 2020	FFY 2021	FFY 2022
Eligible children	Not Answered	Not Answered	Not Answered
PMPM cost	Not Answered	Not Answered	Not Answered

1. Is there anything else you'd like to add about your program finances that wasn't already covered?

FFY '20 Managed Care Cost: \$189.68 per member per month rate @ 16,597 monthly eligibles @ 199,165 total eligibles. FFY '21 Managed Care Cost: \$177.98 per member per month rate @ 16,545 monthly eligibles @ 198,537 total eligibles. FFY '22 Managed Care Cost: \$176.86 per member per month rate @ 16.990 monthly eligibles @ 203,882 total eligibles.

Challenges and Accomplishments

1. How has your state's political and fiscal environment affected your ability to provide healthcare to low-income children and families?

Utah's economy has weathered the PHE pretty well overall. Unemployment remains low.

2. What's the greatest challenge your CHIP program has faced in FFY 2020?

The public health emergency of COVID-19.

3. What are some of the greatest accomplishments your CHIP program has experienced in FFY 2020?

Although shifting to an online only (virtual) environment, the CHIP administration has continued to provide the same level of care and consideration to the CHIP population.

4. What changes have you made to your CHIP program in FFY 2020 or plan to make in FFY 2021? Why have you decided to make these changes?

We expect to return CHIP to pre-pandemic eligibility in May 2021 due to CMS guidance that we cannot keep CHIP cases open as we are doing for Medicaid, even with an approved SPA. When the PHE ends, we will once again start charging quarterly premiums.

5. Is there anything else you'd like to add about your state's challenges and accomplishments?
