As you know, the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (MMA) requires that the Centers for Medicare & Medicaid Services (CMS) notify each state of its per capita drug payment expenditure amount. Payments for the phased-down state contribution are made on a monthly basis. These payments are defined by the MMA to be the product of the annual per capita full dual-eligible drug payment amount and the monthly state enrollment of full dual eligibles.

This Informational Bulletin is to notify you of the phased-down state contribution full dual-eligible per capita Medicaid drug payment amount for October - December 2012, as required by the MMA.

Oct-Dec 2012 phased-down state contribution per capita rates are shown in Attachment 1. The per capita drug expenditure amount for Oct-Dec 2012 is based on the value for Jan-Sep 2012, adjusted for the change in Federal Medical Assistance Percentage (FMAP), if any, between FY 2012 and FY 2013.

Questions regarding these calculations may be directed to Yong Li, Division of Information Analysis and Technical Assistance, Data and Systems Group, at 410-786-3882 or via email at yong.li@cms.hhs.gov.
