Richard Armstrong, Director
Department of Health and Welfare
Towers Building- Tenth Floor
Post Office Box 83 720
Boise, Idaho 83720-0036

Dear Mr. Armstrong:

This letter is in response to your request to continue coverage of parents under your existing title XXI section 1115 demonstration, and to inform you of the associated federal matching rate for the expenditures associated with such coverage.

The Children's Health Insurance Program Reauthorization Act (CHIPRA) of 2009 changed States' authority to cover parents under the Children's Health Insurance Program (CHIP). Specifically, Section 2111(b)(2) of the Social Security Act (the Act) permits a State that had authority in place to cover parents prior to the passage of CHIPRA to continue such coverage through September 30, 2013.

A State which elects to continue parent coverage in federal fiscal year (FY) 2013 may be eligible to receive the REMAP for FY 2013 expenditures, if the State qualified to receive EFMAP for FY 2012 expenditures and meets one of two coverage benchmarks, as follows: 1) ranked among the lowest third of states in terms of percentage of low-income children without health insurance, based on the most recent data from the Bureau of the Census; or 2) qualified for a performance bonus under section 2105(a)(3)(B) in Fiscal Year 2011. For a State meeting these conditions, the REMAP is equal to 50 percent of the sum of the state's enhanced federal medical assistance percentage (FMAP) under CHIP and the state's regular FMAP under Medicaid.

The State of Idaho's "*Children's Access Card*" demonstration, including coverage of uninsured parents with incomes at or below 185 percent of the Federal poverty level (FPL), and which had been scheduled to expire September 30, 2012, is extended at the State's request through September 30, 2013. Under this extension, Idaho will continue to be subject to its currently approved expenditure authorities and Special Terms and Conditions (STCs). Furthermore, because Idaho qualified to receive EFMAP for FY 2012 expenditures and also qualified for a performance bonus under 2105(a)(3)(B) of the Act, the FY 2013 expenditures for parents covered under the demonstration will be at the REMAP rate.

As you are aware, the Affordable Care Act provides eligibility for health coverage to most individuals, including parents, beginning in 2014. In order to avoid a gap in coverage for parents when title XXI authority expires under this demonstration on October 1, 2013, we encourage the

State to continue coverage from October 1, 2013 through December 31, 2013 in Medicaid. We would be happy to work with you to explore options for transitioning this demonstration.

Finally, please note that Federal funds for the expenditures of parents under the Demonstration will come from the State's CHIP allotment, and may not exceed the amount of the "block grant set aside," which is defined in section 2111(b)(2) of the Act. In order to receive Federal funds for FY 2013 for these expenditures, Idaho must include and separately identify the FY 2013 expenditure projections for the parent population in its submission of the CMS-21B, and include the breakout of such expenditures on the CMS-21B narrative form, by no later than August 31, 2012. These projections are needed to calculate the amount of the block grant set aside. These payments will fund coverage at the existing income level in the currently approved section 1115 demonstration, but the statute provides that these funds cannot be used for any eligibility expansion above this level.

Stacey Green, CHIP Technical Director, can be reached at (410) 786-6102 or by email at stacey.green@cms.hhs.gov if you have any questions about this extension. We look forward to working with you on the extension of your demonstration.

Sincerely,

/Jennifer Ryan/ for

Victoria Wachino
Director

DEC 23 2009

Mr. Richard Armstrong
Director
Department of Health and Welfare
Towers Building – Tenth Floor
P.O. Box 83720
Boise, ID 83720-0036

Dear Mr. Armstrong:

We are pleased to inform you that Idaho's section 1115 Medicaid Demonstration project entitled Non-Pregnant Childless Adults (Idaho Adult Access Card Demonstration) has been approved as project number 11-W-00245/10. The approved Demonstration is under the authority of section 1115(a) of the Social Security Act (the Act) beginning January 1, 2010, and ending September 30, 2014.

Section 2111(a)(3)(C) of the Act and this new demonstration will allow Idaho to continue offering premium assistance (up to \$100 per individual per month) to low-income, non-pregnant childless adults (at or below 185 percent of the Federal poverty level) who are employees (or the spouse of an employee) of a participating small business (2-50 employees) in order to reduce the cost of employer-sponsored insurance (ESI).

With respect to expenditures for dates of service that were incurred prior to the approval of this Demonstration, the State must follow routine CMS-64.21 reporting instructions as outlined in sections 2115 and 2500 of the State Medicaid Manual.

Our approval of the Idaho section 1115(a) Demonstration is limited to the extent of granting approval for the necessary title XIX requirements not applicable and expenditure authorities in the accompanying list, and is conditioned upon compliance with the enclosed Special Terms and Conditions (STCs). The STCs set forth in detail the nature, character, and extent of Federal involvement in the Demonstration. The STCs are effective January 1, 2010, unless otherwise specified. All the requirements of the Medicaid program expressed in law, regulation, and policy statement, not expressly waived or identified as not applicable in the enclosed expenditure authority list, shall apply to the Demonstration.

Your project officer is Kelly Heilman, Ph.D. She is available to answer questions concerning this demonstration project. Dr. Heilman's contact information is as follows:

Centers for Medicare & Medicaid Services
Center for Medicaid and State Operations

NUMBERS: 11-W-00245/10 (Title XIX)

TITLE: Idaho Medicaid Non-Pregnant Childless Adult Waiver (Idaho Adult Access Card Demonstration)

AWARDEE: Idaho Department of Health & Welfare

Medicaid Costs Not Otherwise Matchable Authority

Under the authority of section 1115(a)(2) of the Social Security Act (the Act), expenditures made by the State for the items identified below (which would not otherwise be included as matchable expenditures under section 1903) shall, for the period of this Demonstration, be regarded as matchable expenditures under the State's Medicaid title XIX State plan:

1. (Demonstration Population 1). Expenditures for premium assistance payments to or on behalf of uninsured, non-pregnant childless individuals age 18 and above with countable gross family income at or below 185 percent of the Federal poverty level (FPL), who are employed by a small business (2-50 employees) or are the spouse of an employee working for a small business, who are not otherwise eligible for Medicaid and are not eligible for Medicare or Veterans benefits, for a 12-month guaranteed period. Payments are limited to some or all of the cost of the employee share of employer sponsored health insurance.

Medicaid Requirements Not Applicable to the Demonstration Eligible Population:

All requirements of the Medicaid statute will be applicable to those individuals who are made eligible for services solely by virtue of the demonstration project, for whom, under the expenditure authority listed above, the State will receive Federal financial participation in its expenditures, except those requirements specified below:

1. Amount Duration and Scope

Section 1902(a)(10)(B)

To permit the State to offer benefits limited to premium assistance for employer health sponsored coverage that meets minimum qualifications.

2. Retroactive Eligibility

Section 1902(a)(34)

To permit the State not to offer retroactive eligibility for individuals in Demonstration Population I.

I. PREFACE

The following are the Special Terms and Conditions (STCs) for the Idaho Medicaid Non-pregnant Childless Adult Waiver (Idaho Adult Access Card Demonstration) (hereinafter referred to as “Demonstration” or “program”) for the waiver under section 1115(a) of the Social Security Act (the Act) for the period of January 1, 2010, through September 30, 2014. The parties to this agreement are the Idaho Department of Health & Welfare (“State”) and the Centers for Medicare & Medicaid Services (“CMS”). All requirements of the Medicaid and Childrens Health Insurance Programs (CHIP) expressed in law, regulation, and policy statement, not expressly waived or made not applicable in the list of Waivers and Expenditure authorities, will apply to the Demonstration project.

The STCs set forth in detail the nature, character, and extent of Federal involvement in the Demonstration and the State's obligations to CMS during the life of the Demonstration. The STCs are effective as of the approval letter's date, unless otherwise specified. Amendment requests, correspondence, documents, reports, and other materials that are submitted for review or approval will be directed to the CMS Central Office Project Officer and the Regional Office State Representative at the addresses shown on the award letter. This Demonstration is approved through September 30, 2014. The STCs have been arranged into the following subject areas: program description and objectives; general program requirements; eligibility; benefits; enrollment; cost sharing; delivery systems; general reporting requirements; general financial requirements under title XIX; monitoring budget neutrality for the Demonstration; evaluation of the Demonstration; and schedule of State deliverables during the Demonstration.

II. PROGRAM DESCRIPTION AND OBJECTIVES

The Idaho Medicaid Non-Pregnant Childless Adult Waiver (Idaho Adult Access Card Demonstration) is a statewide section 1115 Demonstration to make health insurance more affordable by providing premium subsidy to individuals with incomes at or below 185 percent of the Federal poverty level (FPL). This program is targeted at small businesses (2-50 employees) that do not offer a health benefit plan.

The Idaho program for adults was implemented in July of 2005, and provides up to \$100 per month per enrolled adult (for a qualifying employee or the spouse of the employee) toward the individual's share of the employer-sponsored health insurance premium. In July 2006, the program was amended to require a 50 percent employer contribution toward the cost of the health benefit plan.

The Idaho premium assistance program, entitled Access to Health Insurance, was funded in part by the Federal Government through title XXI funding. With the passage of the Children's Health Insurance Program Reauthorization Act of 2009 (CHIPRA), the State was required to remove the childless adults from title XXI funding no later than December 31, 2009. In response, the State submitted a proposal to the Centers for Medicare and Medicaid Services (CMS) to move the eligible non-pregnant childless adults into a section 1115 Demonstration. CMS approved the Idaho's Premium Assistance to Childless Adults Demonstration under section 1115(a) of the Act for the period of January 1, 2010, through September 30, 2014. The following Special Terms and Conditions, and the approved Costs Not Otherwise Matchable apply to the Demonstration:

III. GENERAL PROGRAM REQUIREMENTS

1. **Compliance with Federal Non-Discrimination Statutes.** The State must comply with all applicable Federal statutes relating to non-discrimination. These include, but are not limited to, the Americans with Disabilities Act of 1990, title VI of the Civil Rights Act of 1964, section 504 of the Rehabilitation Act of 1973, and the Age Discrimination Act of 1975.
2. **Compliance with Medicaid Law, Regulation, and Policy.** All requirements of the Medicaid program expressed in law, regulation, and policy statement, not expressly waived or identified as not applicable in the waiver and expenditure authority documents (of which these terms and conditions are part), must apply to the Demonstration.
3. **Changes in Medicaid Law, Regulation, and Policy.** The State must, within the timeframes specified in law, regulation, or policy statement, come into compliance with any changes in Federal law, regulation, or policy affecting the Medicaid program that occur during this demonstration approval period, unless the provision being changed is expressly waived or identified as not applicable.
4. **Impact on Demonstration of Changes in Federal Law, Regulation, and Policy.**
 - a. To the extent that a change in Federal law, regulation, or policy requires either a reduction or an increase in Federal financial participation (FFP) for expenditures made under this Demonstration, the State must adopt, subject to CMS approval, a modified budget neutrality agreement for the Demonstration as necessary to comply with such change. The modified agreement will be effective upon the implementation of the change.
 - b. If mandated changes in Federal law require State legislation, the changes must take effect on the day such State legislation becomes effective, or on the last day such legislation was required to be in effect under the law.
5. **State Plan Amendments.** The State will not be required to submit title XIX or title XXI State plan amendments for changes affecting any populations made eligible solely through the Demonstration. If a population eligible through the Medicaid State Plan is affected by a change to the Demonstration, a conforming amendment to the appropriate State Plan may be required, except as otherwise noted in these STCs.
6. **Changes Subject to the Amendment Process.** Changes related to eligibility; enrollment, benefits, cost sharing, sources of non-Federal share of funding, budget neutrality, and other comparable program elements must be submitted to CMS as amendments to the Demonstration. All amendment requests are subject to approval at the discretion of the Secretary in accordance with section 1115 of the Act. The State must not implement changes to these elements without prior approval by CMS. Amendments to the Demonstration are not retroactive and FFP will not be available for changes to the

Demonstration that have not been approved through the amendment process set forth in paragraph 7 below.

7. **Amendment Process.** Requests to amend the Demonstration must be submitted to CMS for approval no later than 120 days prior to the planned date of implementation of the change and may not be implemented until approved. CMS reserves the right to deny or delay approval of a demonstration amendment based on non-compliance with these STCs, including, but not limited to, failure by the State to submit required reports and other deliverables in a timely fashion according to the deadlines specified herein. Amendment requests must include, but are not limited to, the following:
 - a. An explanation of the public process used by the State, consistent with the requirements of paragraph 15, to reach a decision regarding the requested amendment;
 - b. A data analysis which identifies the specific “with waiver” impact of the proposed amendment on the current budget neutrality agreement. Such analysis will include current Federal share “with waiver” and “without waiver” status on both a summary and detailed level through the current approval period using the most recent actual expenditures, as well as summary and detailed projections of the change in the “with waiver” expenditure total as a result of the proposed amendment, which isolates (by Eligibility Group) the impact of the amendment;
 - c. An up-to-date CHIP allotment neutrality worksheet, if necessary;
 - d. A detailed description of the amendment, including impact on beneficiaries, with sufficient supporting documentation; and
 - e. If applicable, a description of how the evaluation design will be modified to incorporate the amendment provisions.
8. **Extension of the Demonstration.** States that intend to request demonstration extensions under sections 1115(e) or 1115(f) are advised to observe the timelines contained in those statutes. Otherwise, no later than 12 months prior to the expiration date of the Demonstration, the chief executive officer of the State must submit to CMS either a Demonstration extension request or a phase-out plan consistent with the requirements of paragraph 9.

As part of the Demonstration extension request, the State must provide documentation of compliance with the public notice requirements outlined in paragraph 15, as well as include the following supporting documentation:

- a. **Demonstration Summary and Objectives:** The State must provide a narrative summary of the Demonstration project, reiterate the objectives set forth at the time the Demonstration was proposed, and provide evidence of how these objectives have been met, as well as future goals of the program. If changes are requested, a narrative

- of the changes being requested along with the objective of each change and desired outcomes must be included.
- b. **Special Terms and Conditions (STCs):** The State must provide documentation of its compliance with each of the STCs. Where appropriate, a brief explanation may be accompanied by an attachment containing more detailed information. Where the STCs address any of the following areas, they need not be documented a second time. Consistent with Federal law, CMS reserves the right to deny approval for a requested extension based on non-compliance with these STCs, including, but not limited to, failure by the State to submit required reports and other deliverables in a timely fashion according to the deadlines specified herein.
 - c. **Waiver and Expenditure Authorities:** The State must provide a list, along with a programmatic description, of the waivers and expenditure authorities that are being requested in the extension.
 - d. **Quality:** The State must provide summaries of External Quality Review Organization reports, managed care organization, and State quality assurance monitoring, and any other documentation of the quality of care provided under the Demonstration.
 - e. **Compliance with the Budget Neutrality Cap:** The State must provide financial data (as set forth in the current STCs) demonstrating the State's detailed and aggregate, historical and projected budget neutrality status for the requested period of the extension. CMS will work with the State to ensure that Federal expenditures under the extension of this project do not exceed the Federal expenditures that would otherwise have been made. In addition, the State must provide up-to-date responses to the CMS Financial Management standard questions. If title XXI funding is used in the Demonstration, a CHIP Allotment Neutrality worksheet must be included.
 - f. **Draft report with Evaluation Status and Findings:** The State must provide a narrative summary of the evaluation design, status (including evaluation activities and findings to date), and plans for evaluation activities during the extension period. The narrative is to include, but not be limited to, describing the hypotheses being tested and any results available.
9. **Demonstration Phase-Out.** The State may suspend or terminate this Demonstration in whole, or in part, at any time prior to the date of expiration. The State must promptly notify CMS in writing of the reason(s) for the suspension or termination, together with the effective date. In the event the State elects to phase out the Demonstration, the State must submit a phase-out plan to CMS at least 6 months prior to initiating phase-out activities. Consistent with the enrollment limitation requirement in paragraph 10 a phase-out plan will not be shorter than 6 months unless such action is necessitated by emergent circumstances. The phase-out plan is subject to CMS approval. If the project is terminated or any relevant waivers suspended by the State, FFP will be limited to normal closeout costs associated with terminating the Demonstration, including services and administrative costs of disenrolling participants.

10. **Enrollment Limitation During Demonstration Phase-Out.** If the State elects to suspend, terminate, or not renew this Demonstration as described in paragraph 9, during the last 6 months of the Demonstration, individuals who would not be eligible for Medicaid under the current Medicaid State plan must not be enrolled unless the Demonstration is extended by CMS. Enrollment must be suspended if CMS notifies the State in writing that the Demonstration will not be renewed.
11. **CMS Right to Terminate or Suspend.** CMS may suspend or terminate the Demonstration (in whole or in part) at any time before the date of expiration, whenever it determines, following a hearing, that the State has materially failed to comply with the terms of the project. CMS will promptly notify the State in writing of the determination and the reasons for the suspension or termination, together with the effective date.
12. **Finding of Non-Compliance.** The State does not relinquish its rights to challenge the CMS finding that the State materially failed to comply.
13. **Withdrawal of Waiver Authority.** CMS reserves the right to withdraw waivers or expenditure authorities at any time it determines that continuing the waivers or expenditure authorities would no longer be in the public interest or promote the objectives of title XIX. CMS will promptly notify the State in writing of the determination and the reasons for the withdrawal, together with the effective date, and afford the State an opportunity to request a hearing to challenge CMS' determination prior to the effective date. If a waiver or expenditure authority is withdrawn, FFP is limited to normal closeout costs associated with terminating the waiver or expenditure authority, including services and administrative costs of disenrolling participants.
14. **Adequacy of Infrastructure.** The State must ensure the availability of adequate resources for implementation and monitoring of the Demonstration, including education, outreach, and enrollment; maintaining eligibility systems; compliance with cost sharing requirements; and reporting on financial and other Demonstration components.
15. **Public Notice, Tribal Consultation, and Consultation with Interested Parties.** The State must continue to comply with the State Notice Procedures set forth in 59 Fed. Reg. 49249 (September 27, 1994) and the tribal consultation requirements pursuant to section 1902(a)(73) of the Act, as amended by section 5006(e) of the American Recovery and Reinvestment Act of 2009, when any program changes to the Demonstration, including (but not limited to) those referenced in STC 6, are proposed by the State. In States with federally recognized Indian tribes, Indian health programs, and/or Urban Indian organizations, the State is required to submit evidence to CMS regarding the solicitation of advice from these entities prior to submission of any waiver proposal, amendment, and/or renewal of this Demonstration. In the event that the State conducts additional consultation activities consistent with these requirements prior to the implementation of the Demonstration, documentation of these activities must be provided to CMS.

16. **FFP.** No Federal matching funds for expenditures for this Demonstration will take effect until the effective date identified in the Demonstration approval letter.

IV. ELIGIBILITY

1. **Eligibility Criteria.** The demonstration-eligible population consists entirely of persons who are not otherwise eligible for Medicaid through the State Plan, and who are only covered under Medicaid through the section 1115 Demonstration.
2. The Idaho section 1115 Demonstration is comprised of the following Eligibility Group:
 - a. Premium Assistance to Non-Pregnant Childless Adults is comprised of non-pregnant childless individuals age 18 and above with countable gross family income at or below 185 percent of the FPL, who are U.S. citizens/legal residents, are residents of Idaho, are not otherwise eligible for Medicaid through the State plan, do not qualify for Medicare or Veterans benefits, do not currently participate in any insurance plan that meets the definition of a health benefit plan (as defined in State statute), are employed by a small business (2-50 employees) or are the spouse of an employee in a small business, and who are only covered under Medicaid through the section 1115 Demonstration. There is no resource limit for this demonstration population.
3. The term “non-pregnant childless adult” has the meaning given such term by section 2107(f).
4. For the period of this demonstration, there is an average annual enrollment limit of 350 for the non-pregnant childless adult population. Both adult employees and their spouses count against the cap. The State may establish a limit of less than 350 individuals, if necessary, to ensure that program expenditures do not exceed the budget neutrality annual limit. The State must notify CMS at least 60 days in advance of any change in the enrollment limit.

V. BENEFITS

1. **Benefit Definition.** The sole benefit provided to persons eligible as Premium Assistance Childless Adults is assistance in paying the employee's share of the monthly premium cost of qualifying employer-sponsored insurance (ESI) plans.
2. **Qualifying Employer Sponsored Insurance Plans.** Qualifying ESI plans are offered by a qualified employer, meet the conditions set forth in V.7 and include coverage for:
 - a. Preventive services
 - b. Maternity services
 - c. Inpatient and outpatient hospital services
 - d. Physicians' medical and surgical services
 - e. Hospice Care
 - f. Ambulance services
 - g. Durable Medical Equipment
 - h. Psychiatric and Substance Abuse services
 - i. Pharmacy
3. Benefits furnished by qualifying ESI plans are not benefits under this Demonstration; as indicated in V.1, the only benefit under this Demonstration is premium assistance. Qualifying employer sponsored plans are not restricted from offering additional benefits, at the option of the plan, that may vary by the plan offered by the employer.
4. An eligible individual or family may enroll in any qualifying ESI plan that is offered to the individual or family by a qualified employer based on the employment of the individual or a family member.
5. Eligible individuals and families who enroll in a qualifying health benefit plan will receive premium assistance, under the following conditions:
 - a. In accord with the enrollment and implementation procedures as defined in section VI, the State will provide an eligible and enrolled childless adult or childless family a premium assistance subsidy.
 - b. The premium assistance is the amount of the employee share of the premium for the qualified ESI plan, subject to the limits in c. and d. below.
 - c. The maximum subsidy limit is \$100 per eligible enrolled adult per month, with a maximum of \$200 per household for an eligible childless family.
 - d. The premium assistance subsidy must not exceed the amount of the participant's share of the premium.
 - e. The premium assistance subsidy may be paid directly to the individual/family or to the insurance carrier up to the maximum amount specified in subparagraph b. above.

- f. Individuals and families that qualify for premium assistance through this Demonstration can receive assistance for as long as the individual (or any individual in the family) continues to be employed by a qualifying employer, participates in a qualifying health benefit plan, and continues to meet other program eligibility requirements.
6. **Qualifying employer.** In order to participate in this Demonstration, the following qualifications must be met:
- a. The business must have 2-50 employees and must have one adult eligible to participate in the program;
 - b. Prior to participating in the program, the small business did not offer insurance to its employees;
 - c. The employer must begin offering the health benefit plan to all its employees, both those who receive the premium assistance subsidy and those who do not;
 - d. The employer must contribute at least 50 percent of the premium cost for participating employees;
 - e. The employer must otherwise meet the insurance carriers' contribution and participation requirements as specified in the Idaho Code; and
 - f. Employers must register their intent to participate in the program using the program Web site.
7. **Other requirements for qualified employer-sponsored insurance plans.**
- a. Qualified ESI plans must be regulated as a Small Business Group Plan as specified in Chapter 47, Title 41 of Idaho Statute. Small Business Group Plan benefits and cost-sharing provisions are further regulated by Administrative Code, specifically IDAPA 18.01.70 "Small Employer Health Insurance Availability Act Plan Design."
 - b. Qualified ESI plans must provide enrollees with hospital or medical policy or certificate of insurance, which can include a subscriber contract provided by a hospital or professional service corporation, or a managed care organization subscriber contract. Health benefit plan does not include policies or certificates of insurance for specific disease, hospital confinement indemnity, accident-only, credit, dental, vision, Medicare supplement, long-term care, or disability income insurance, student health benefits only coverage issued as a supplement to liability insurance, worker's compensation or similar insurance, automobile medical payment insurance or nonrenewable short-term coverage issued for a period of 12 months or less.

8. **Continuing Employer Participation.** Any employer that qualifies to participate and begins participation in the Program may continue to participate, so long as it continues to offer its employees a qualifying health benefit plan as indicated in section V.7, and continues to meet the criteria in sections V.6. Should an employer fail to meet any of the conditions, the State must terminate the employer's participation in the Program, and disenroll all participating employees from this Demonstration.

VI. ENROLLMENT AND IMPLEMENTATION

1. General Requirements

- a. Unless otherwise specified in these STCs, all processes for eligibility, enrollment, redeterminations, terminations, appeals, etc. must comply with Federal law and regulations governing Medicaid and CHIP.
- b. The State will adhere to the demonstration population enrollment limits presented in Section IV, *Eligibility*.

2. Enrollment of Businesses in the Idaho Adult Access Card Demonstration.

- a. Once a small businesses that does currently offer any health benefit plan registers its intent to participate in the program (section V.6(f)), the business will contact an insurance agent/broker for an Idaho Small Group Insurance plan (as defined in State regulations and regulated by the State Insurance Commissioner).
- b. The insurance agent/broker will work with the employer to ensure that the health benefit plan meets the requirements to be a qualified ESI plan.
- c. The insurance agent/broker is responsible for forwarding the documents to the Idaho Department of Health & Welfare for processing.
- d. The insurance broker may work with the employer to estimate the numbers of eligible employees. After the cost of the premiums and the eligible applicants are determined, the employer makes the decision regarding actual participation in the program.
- e. If coverage is offered; the eligible applicants are enrolled in the program.
- f. The State will monitor, at least annually, the continuing eligibility of the employer (refer to section V.8).
- g. The State will offer agents/brokers training on the Idaho Adult Access Card Demonstration. The State must furnish copies of all insurance agent/broker training materials to CMS upon request.

3. Enrollment of Individuals in the Demonstration.

- a. Individuals applying for the program must be screened by the State for eligibility in Medicaid and CHIP, and enrolled in Medicaid or CHIP if determined eligible.
- b. If an applicant is determined not to be eligible for other coverage (as specified in (a) above) and meets all of the eligibility criteria for the demonstration, and the demonstration is open to new enrollment at the time of the determination, the applicant may be enrolled.

- c. Enrollment into the program is on a “first-come, first-served” basis.
- d. This Demonstration may be closed to new enrollment because the enrollment limit specified in these STCs has been reached. If the program is closed to new enrollment, a statewide waiting list will be established and administered by the Department. Within 90 days of approval of this Demonstration, the State will submit, for CMS approval, a plan for the operation of the statewide waiting list.
- e. The State will notify CMS in writing at least 30 days prior to the closing of enrollment and include the estimated date when enrollment will be reopened as well as a brief description of how the State plans to manage the waiting list and how enrollment may eventually be reopened. The State will notify CMS in writing within 10 days of the State actually reopening enrollment, and, if applicable, the estimated date when enrollment will again be closed.

The State will provide for a redetermination of eligibility at least once every 12 months. Application and renewal of an employer’s qualifying health plan will determine the program start date and redetermination date for participants. At each redetermination, participants must be screened for Medicaid or CHIP eligibility.

f. Interaction with Medicaid.

- i. Individuals enrolled in this Demonstration may at any time apply for Medicaid or CHIP, and if determined eligible, be enrolled in direct coverage.
- ii. The State must remind each participant at least every 6 months, by mail, through an eligibility redetermination, or other comparable means that he or she is entitled to apply for Medicaid or CHIP and provide directions on how to initiate an application. In particular, the reminder must point out that the participant is likely to qualify for Medicaid if pregnant.
- iii. Within 60 days of the award of this Demonstration, the State will submit a plan, for CMS approval, that addresses the State's process for transitioning individuals - demonstration-enrolled individuals who become eligible for Medicaid - into direct coverage.
- g. The State must establish and maintain procedures for all individuals receiving premium assistance subsidies from the State (which may be done through rulemaking) that will:
 - i. Ensure that at least one adult family member is employed by a qualifying employer (as defined in section V.6), that the employer offers health insurance as a benefit through a qualifying health benefit plan (as defined in section V.5), that the benefit qualifies for the subsidy (as defined in section V.1-3), and that the employee maintains participation in the plan;

- ii. Prior to moving forward with the State's concept of making payments directly to demonstration-enrolled individuals in order to reimburse them for the allowable cost of the premium assistance payment, the State must submit, for CMS' prior approval, a plan that addresses how the State will:
 - a. Obtain regular documentation, and verify at least quarterly, that the individual or family continues to be enrolled and receiving health benefit coverage through a qualifying plan and the individual's/family's share of the premium and a quality control plan for cross checking the verification system (e.g., if the information is obtained from the insurance carrier then crosscheck with the employee or employer). This plan may also include requesting information directly from participants in the form of pay stubs showing withholding for health insurance;
 - b. Require clients to notify the Idaho Department of Health & Welfare within 10 days if they change their plan, there is a change in the amount of their premium, or their health care benefit is terminated;
 - c. Ensure that the total amount of premium assistance subsidies provided to an childless individual or family does not exceed the amount of the employee's financial obligation toward their coverage; and
 - d. Provide for recovery of payments made for months in which the childless individual or family did not receive coverage through a qualifying health benefit plan. The Federal share must be returned within the timeframes established in statute and regulations
 - e. The State will only reimburse individuals directly when an employer makes such a request in writing on the basis of their wish not to engage in accounting for the premium subsidy.

VII. COST SHARING

1. **Cost Sharing.** The State will not impose cost sharing as a condition of premium assistance under this Demonstration. This Demonstration will not affect any requirements for coverage imposed by qualified ESI plans on enrollees (including American Indian/Alaskan Native enrollees).

VIII. DELIVERY SYSTEMS

1. **Premium Assistance Delivery Systems.** Individuals or families enrolled in the Idaho Adult Access Card Demonstration will receive premium assistance either through payment to the qualified ESI plan by the State, or in the circumstances described in VI.3.h.ii above.

IX. GENERAL REPORTING REQUIREMENTS

1. **General Financial Requirements.** The State must comply with all general financial requirements, including reporting requirements related to monitoring budget neutrality, set forth in Section X. The State must submit arty corrected budget and/or allotment neutrality data upon request.
2. **Monthly Enrollment Report.** Within 20 days following the first day of each month, the State must report Demonstration enrollment figures for the month just completed to the CMS Project Officer and Regional Office contact via e-mail, using the table below. The data requested under this subparagraph is similar to the data requested for the Quarterly Report in Attachment A under Enrollment Count, except that they are compiled on a monthly basis.

Demonstration Populations (as hard coded in the CMS 64)	Point In Time Enrollment (last day of month)	Newly Enrolled Last Month	Disenrolled Last Month
Childless Adults			

3. **Monthly Calls.** CMS will schedule monthly conference calls with the State. The purpose of these calls is to discuss any significant actual or anticipated developments affecting the Demonstration. Areas to be addressed include, but are not limited to, health care delivery, enrollment, cost sharing, quality of care, access, the benefit package, audits, lawsuits, financial reporting and budget neutrality issues, progress on evaluations, legislative developments, and any demonstration amendments the State is considering submitting. CMS will provide updates on any amendments or concept papers under review, as well as Federal policies and issues that may affect any aspect of the Demonstration. The State and CMS will jointly develop the agenda for the calls.
4. **Quarterly Progress Reports.** The State must submit progress reports in accordance with the guidelines in Attachment A no later than 60 days following the end of each quarter. The intent of these reports is to present the State's analysis and the status of the various operational areas. These quarterly reports must include, but not be limited to:
 - a. An updated budget neutrality monitoring spreadsheet;
 - b. A discussion of events occurring during the quarter or anticipated to occur in the near future that affect health care delivery, including, but not limited to: benefits, enrollment and disenrollment, grievances, quality of care, and access that is relevant to the Demonstration, pertinent legislative or litigation activity, and other operational issues;
 - c. Action plans for addressing any policy, administrative, or budget issues identified;

- d. Quarterly enrollment reports for Demonstration eligibles, that include the member months and end of quarter, point-in-time enrollment for each Demonstration population, and other statistical reports listed in Attachment A; and
- e. Evaluation activities and interim findings.

5. Annual Report.

- a. The State must submit a draft annual report documenting accomplishments, project status, quantitative and case study findings, interim evaluation findings, and policy and administrative difficulties and solutions in the operation of the Demonstration.
- b. The State will continually monitor the costs of providing premium assistance and of direct coverage and report the comparative assessment in the Annual Report.
- c. The State must submit the draft annual report no later than 120 days after the close of the Demonstration year (DY).
- d. Within 30 days of receipt of comments from CMS, a final annual report must be submitted.

X. GENERAL FINANCIAL REQUIREMENTS

1. **Quarterly Expenditure Reports for Title XIX.** The State must provide quarterly expenditure reports using Form CMS-64 to separately report total expenditures for services provided through this Demonstration under section 1115 authority that are subject to budget neutrality. This project is approved for expenditures applicable to services rendered during the demonstration period. CMS will provide FFP for allowable Demonstration expenditures only as long as they do not exceed the pre-defined limits on the costs incurred as specified in Section XI.
2. **Expenditures Subject to the Title XIX Budget Neutrality Expenditure Limit.** All expenditures for health care services for Demonstration participants (as defined in section IV above) are subject to the budget neutrality expenditure limit.
3. **Reporting Expenditures Subject to the Title XIX Budget Neutrality Expenditure Limit.** The following describes the reporting of expenditures subject to the budget neutrality expenditure limit:
 - a. **Use of Waiver Forms.** In order to track expenditures under this Demonstration, the State must report Demonstration expenditures through the Medicaid and Children's Health Insurance Program Budget and Expenditure System (MBES/CBES), following routine CMS-64 reporting instructions outlined in section 2500 of the State Medicaid Manual (SMM). All Demonstration expenditures claimed under the authority of title XIX of the Act and subject to the budget neutrality expenditure limit must be reported each quarter on separate Forms CMS-64.9 Waiver and/or 64.9P Waiver, identified by the Demonstration Project Number (11-W-00245110) assigned by CMS.
 - b. **Reporting By Date of Service.** In each quarter, Demonstration expenditures (including prior period adjustments) must be totaled and reported on separate Forms CMS-64.9 Waiver and/or 64.9P Waiver by DY. The DY for which expenditures are reported is identified using the project number extension (a 2-digit number appended to the Demonstration Project Number). Expenditures are to be assigned to DYs on the basis of date of service. The date of service for premium or premium assistance payments is identified as the DY that accounts for the larger share of the coverage period for which the payment is made. DY 1 will correspond with Federal fiscal year (FFY) 2010, DY 2 with FFY 2011, and so on.
 - c. **Waiver Name.** The State must identify the Forms CMS-64.9 Waiver and/or 64.9P Waiver that report Demonstration population expenditures by using waiver name "Childless Adults."
4. **Title XIX Administrative Costs.** Administrative costs will not be subject to the budget neutrality expenditure limit, but the State must separately track and report additional administrative costs that are directly attributable to the Demonstration. All such administrative costs will be identified on the Forms CMS-64.10 Waiver and/or 64.10P Waiver, using waiver name "Childless Adults."

5. **Claiming Period.** All claims for expenditures subject to the budget neutrality expenditure limit (including any cost settlements) must be made within 2 years after the calendar quarter in which the State made the expenditures. Furthermore, all claims for services during the demonstration period (including any cost settlements) must be made within 2 years after the conclusion or termination of the Demonstration. During the latter 2-year period, the State must continue to identify separately net expenditures related to dates of service during the operation of the section 1115 demonstration on the CMS-64 waiver forms in order to properly account for these expenditures in determining budget neutrality.
6. **Standard Medicaid Funding Process.** The standard Medicaid funding process will be used during the Demonstration. The State must estimate matchable Medicaid expenditures on the quarterly form CMS-37. In addition, the estimate of matchable Demonstration expenditures (total computable and Federal share) subject to the budget neutrality agreement must be separately reported by quarter for each FFY on the form CMS-37.12 for both the medical assistance program and administrative costs. CMS will make Federal funds available based upon the State's estimate, as approved by CMS. Within 30 days after the end of each quarter, the State must submit the Form CMS-64 quarterly Medicaid expenditure report, showing Medicaid expenditures made in the quarter just ended. CMS will reconcile expenditures reported on the Form CMS-64 with Federal funding previously made available to the State, and include the reconciling adjustment in the finalization of the grant award to the State.
7. **Extent of Title XIX FFP for the Demonstration.** Subject to CMS approval of the source(s) of the non-Federal share of funding, CMS will provide FFP at the applicable Federal matching rates for the Demonstration as a whole as outlined below, subject to the limits described in Section XI:
 - a. Administrative costs, including those associated with the administration of the Demonstration;
 - b. Net expenditures and prior period adjustments, made under approved Expenditure Authorities granted through section 1115(a)(2) of the Act for childless adults, with dates of service during the operation of the Demonstration
8. **Sources of Non-Federal Share.** The State certifies that the source of non-Federal share of funds for the Demonstration is State/local monies. The State further certifies that such funds will not be used as the non-Federal share for any other Federal grant or contract, except as permitted by law. All sources of non-Federal funding must be compliant with title XIX of the Act and applicable regulations. In addition, all sources of the non-Federal share of funding are subject to CMS approval.
 - a. CMS will review the sources of the non-Federal share of funding for the Demonstration at any time. The State agrees that all funding sources deemed unacceptable by CMS will be addressed within the time frames set by CMS.

- b. The State will provide information to CMS regarding all sources of the non-Federal share of funding for any amendments that impact the financial status of the program.
 - c. Under all circumstances, health insurance carriers and program participants receiving payments directly from the State must retain 100 percent of the payment amounts claimed by the State as Demonstration expenditures. Moreover, no pre-arranged agreements (contractual or otherwise) may exist between the recipients of payments and the State and/or local government to return and/or redirect any portion of the Medicaid or Demonstration payments. This confirmation of Medicaid and Demonstration payment retention is made with the understanding that payments that are the normal operating expenses of conducting business (such as payments related to taxes including health care provider-related taxes, fees, and business relationships with governments that are unrelated to Medicaid or the Demonstration and in which there is no connection to Medicaid payments) are not considered returning and/or redirecting a Medicaid or Demonstration payment.
9. **Monitoring the Demonstration.** The State will provide CMS with information to effectively monitor the Demonstration, upon request, in a reasonable timeframe.

XI. MONITORING BUDGET NEUTRALITY

1. **Limit on Federal Title XIX funding.** The State will be subject to annual limits on the amount of Federal title XIX funding that the State may receive for expenditures subject to the budget neutrality agreement.
2. **Risk.** The State will be at risk for both the number of enrollees in the Demonstration as well as the per capita cost for Demonstration eligibles under this budget neutrality agreement.
3. **Budget Neutrality Expenditure Limit.** The following describes how the annual budget neutrality expenditure limits are determined, consistent with section 2111(a)(3)(C) of the Act.
 - a. **Record of Budget Neutrality Expenditure Limit.** Attachment B provides a table that gives preliminary Annual Limits (defined below) for all of the approved DYs, based on information available at the time of the initial award of this Demonstration. The table also provides a framework for organizing and documenting updates to the Annual Limits as new information is received, and for eventual publication of the final Annual Limit for each DY. Updated versions of Attachment B may be approved by CMS through letter correspondence, and do not require that the Demonstration be amended.
 - b. **Budget Neutrality Update.** Prior to April 1 of each year, the State must submit to CMS an updated budget neutrality analysis, which includes the following elements:
 - i. Projected expenditures and Annual Limits for each DY through the end of the approval period (DYs are on a FFY basis);
 - ii. A proposed computation of the Trend Factor (defined below) that will be used to calculate the Annual Limit for the DY immediately following, and the Annual Limit for the immediately following DY that would be determined by that Trend Factor;
 - iii. A proposed updated version of Attachment B.
 - iv. The annual budget neutrality limit for each DY will be finalized by CMS by the later of the following dates: (1) 120 days prior to the start of the DY, or (2) 2 months following the date of the most recent publication of the National Health Expenditure projections occurring prior to the start of the DY.

The State may request technical assistance from CMS for the calculation of the Annual Limits and Trend Factors prior to its submission of the updated budget neutrality analysis. CMS will respond by either confirming the State's calculations or will work with the State to determine an accurate calculation of the Trend Factor and Annual Limit for the coming DY. CMS will ensure that the final Trend Factors for

each DY are the same for all CHIPRA Medicaid childless adult waivers.

- c. **FFY 2009 Base Year Expenditure.** The Base Year Expenditure will be equal to the total amount of FFP paid to the State for health care services or coverage provided to non-pregnant childless adult under the Idaho Adult Access Card Demonstration (21-W-00018/10 and 11-W-187/10), as reported on CMS-21 and 21P Waiver forms submitted by the State in the four quarters of FFY 2009. A preliminary Base Year Expenditure total appears in Attachment B. A final Base Year Expenditure total will be determined by CMS following CMS receipt of the Budget Neutrality Update that the State must provide by April 1, 2010.
- d. **Adjustments to the Base Year Expenditure.** CMS reserved the right to adjust the Base Year Expenditure in the event that any future audit or examination shows that any of the expenditures included in the Base Year Expenditure total were not expenditures for health care services, health insurance premiums, or premium assistance for non-pregnant childless adults participating in the Idaho Adult Access Card Demonstration (21-W-00018/10 and 11-W-187/10), or that otherwise were not approved Demonstration expenditures.
- e. **Special Calculation for FFY 2010.** The FFY 2010 Expenditure Projection will be equal to the Base Year Expenditure increased by 3.7 percent, which is the percentage increase in the projected nominal per capita amount of National Health Expenditures for 2010 over 2009, as published by the Secretary in February 2009.
- f. **Annual Limit for DY 1.** To account for the fact that this Demonstration will be active for only three-quarters of FFY 2010, the Annual Limit for DY 1 will be equal to the FFY 2010 Expenditure Projection (as calculated under subparagraph (e)) multiplied by 75 percent. The Annual Limit for DY 1 will be finalized at the same time that the Base Year Expenditure is finalized.
- g. **Annual Limit for DY 2.** The Annual Limit for DY 2 will be equal to the FFY 2010 Expenditure Projection (as calculated under subparagraph (e), and prior to multiplication by three-quarters as indicated in subparagraph (f)), increased by the percentage increase (if any) in the projected nominal per capita amount of National Health Expenditures for 2011 over 2010, as published by the Secretary in February 2010. The Annual Limit for DY 2 can be finalized once the Trend Factor for DY 2 is finalized.
- h. **Annual Limit for DY 3 and Subsequent Years.** The Annual Limit for DY 3 and the DYs that follow will be equal to the prior year's Annual Limit, increased by the percentage increase (if any) in the projected nominal per capita amount of National Health Expenditures for the year beginning January 1 of the DY over the year preceding that year, as published by the Secretary in the February prior to the start of the DY.

- i. **Calculation of the Trend Factor.** The percentage increase (if any) in the projected nominal per capita amount of National Health Expenditures for the year beginning January 1 of a DY (PERCAPYEAR2) over the preceding year (PERCAPYEAR1) (to be referred to as the Trend Factor) will be calculated to one decimal place of precision (example: 3.7 percent) using computer spreadsheet rounding. (A sample formula for this calculation in Microsoft Excel reads as follows:

“=ROUND(100*(PERCAP2-PERCAP1)/PERCAP1,1)”

4. **Enforcement of Budget Neutrality.** CMS will enforce budget neutrality on an annual basis. The amount of FFP that the State receives for Demonstration expenditures each DY cannot exceed the Annual Limit applicable to that DY. If, for any DY, the State receives FFP in excess of the Annual Limit, the State must return the excess funds to CMS. All expenditures above the Annual Limit applicable to each DY will be the sole responsibility of the State.
5. **Impermissible DSH, Taxes, or Donations.** The CMS reserves the right to adjust the budget neutrality expenditure limit in order to be consistent with enforcement of impermissible provider payments, health care related taxes, new Federal statutes, or with policy interpretations implemented through letters, memoranda, or regulations. CMS reserves the right to make adjustments to the budget neutrality expenditure limit if any health care-related tax that was in effect during the base year, or provider-related donation that occurred during the base year, is determined by CMS to be in violation of the provider donation and health care related tax provisions of section 1903(w) of the Act. Adjustments to the budget neutrality agreement will reflect the phase-out of impermissible provider payments by law or regulation, where applicable.

XII. EVALUATION OF THE DEMONSTRATION

1. **Submission of Draft Evaluation Design.** The State must submit to CMS for approval a draft evaluation design for an overall evaluation of the Demonstration no later than 120 days after the effective date of the Demonstration. At a minimum, the draft design must include a discussion of the goals and objectives set forth in Section II of these STCs, as well as the specific hypotheses that are being tested. The draft design must discuss the outcome measures that will be used in evaluating the impact of the Demonstration during the period of approval. It must discuss the data sources and sampling methodology for assessing these outcomes. The draft evaluation design must include a detailed analysis plan that describes how the effects of the Demonstration must be isolated from other initiatives occurring in the State. The draft design must identify whether the State will conduct the evaluation, or select an outside contractor for the evaluation.
2. **Interim Evaluation Reports.** In the event the State requests to extend the Demonstration beyond the current approval period under the authority of section 1115(a), (e), or (f) of the Act, the State must submit an interim evaluation report as part of the State's request for each subsequent renewal.
3. **Final Evaluation Design and Implementation.** CMS will provide comments on the draft evaluation design within 60 days of receipt, and the State will submit a final design within 60 days after receipt of CMS comments. The State must implement the evaluation design and submit its progress in each of the quarterly and annual progress reports.
4. **Final Evaluation Report.** The State must submit to CMS a draft of the final evaluation report within 120 days after expiration of the Demonstration. CMS must provide comments within 60 days after receipt of the report. The State must submit the final evaluation report within 60 days after receipt of CMS' comments.
5. **Cooperation with Federal Evaluators.** Should CMS undertake an independent evaluation of any component of the Demonstration the State will cooperate fully with CMS or the independent evaluator selected by CMS. The State will submit the required data to CMS or the contractor.

XIII. SCHEDULE OF DELIVERABLES FOR THE DEMONSTRATION EXTENSION PERIOD

STC	Deliverable
Within 30 days of the date of award	State acceptance of Demonstration Waivers, STCs, and Expenditure Authority
In compliance with paragraph XII.1.	Submit Draft Design for Final Evaluation Report
In compliance with paragraph III.8.	Submit Demonstration Extension Application
In compliance with paragraph VI.3(e).	Submit a plan for the operation of a statewide waiting list.
In compliance with paragraph XII.2.	Submit Interim Evaluation Report
Monthly Deliverables	Deliverable
In compliance with paragraph IX.3.	Monitoring Call
In compliance with paragraph IX.2.	Monthly Enrollment Report
Quarterly Due 60 days after the end of each quarter, except the 4th quarter	Deliverable
In compliance with paragraph IX.4.	Quarterly Progress Reports
In compliance with paragraph IX.4(d).	Quarterly Enrollment Reports
In compliance with paragraph VIII.	Quarterly Expenditure Reports
Annual	Deliverable
In compliance with paragraph IX.5.	Draft and Final Annual Reports (Annual Progress Reports and Annual Expenditure Reports)
Other	Deliverable
In compliance with paragraph VI.3(h)(ii)	Submit a plan for making premium assistance payments directly to individuals.
1 year before expiration of the demonstration, per paragraph III.8 or III.9	Submit a request for extension or a phase-out plan
120 days after expiration of the demonstration, per paragraph X.4.	Submit Draft Final Evaluation Report
Within 60 days after receipt of CMS	Submit Final Evaluation Report

comments, per paragraph X.4.	
------------------------------	--

ATTACHMENT A

QUARTERLY REPORT FORMAT AND CONTENT

Under Section IX.4, the State is required to submit quarterly progress reports to CMS. The purpose of the quarterly report is to inform CMS of significant Demonstration activity from the time of approval through completion of the Demonstration. The reports are due to CMS 60 days after the end of each quarter.

The following report guidelines are intended as a framework and can be modified when agreed upon by CMS and the State. A complete quarterly progress report must include an updated budget neutrality monitoring workbook.

NARRATIVE REPORT FORMAT:

Title Line One - Idaho Adult Access Card Demonstration

Title Line Two- Section 1115 Quarterly Report

Demonstration/Quarter Reporting Period:

Example:

Demonstration Year: 1 (January 1, 2010- December 31, 2010)

Federal Fiscal Quarter: 01/01/2010-03/31/2010

Introduction

Information describing the goal of the Demonstration, what it does, and key dates of approval/operation. (PUs should be the same for each report.)

Enrollment Information

Please complete the following table that outlines all enrollment activity under the Demonstration. The State should indicate “N/A” where appropriate. If there was no activity under a particular enrollment category, The State should indicate that by “0”.

Enrollment Count

Note: Enrollment counts should be person counts, not member months.

Demonstration Populations (as hard coded in the CMS 64)	Current Enrollment (last day of quarter)	Newly Enrolled in Current Quarter	Disenrolled in Current Quarter
Childless Adults			

Member Month Reporting

Enter the member months for the quarter.

Eligibility Group	Month 1	Month 2	Month 3	Total for Quarter Ending XX/XX
Childless adults				

Outreach/Innovative Activities:

Summarize outreach activities and/or promising practices for the current quarter.

Operational/Policy Developments/Issues:

Identify all significant program developments/issues/problems that have occurred in the current quarter, including, but not limited to, approval and contracting with new plans, benefit changes, and legislative activity.

Financial/Budget Neutrality Developments/Issues:

Identify all significant developments/issues/problems with financial accounting, budget neutrality, and CMS-64 reporting for the current quarter. Identify the State's actions to address these issues. Specifically, provide an update on the progress of implementing the corrective action plan.

Consumer Issues:

A summary of the types of complaints or problems consumers identified about the program in the current quarter. Include any trends discovered, the resolution of complaints, and any actions taken or to be taken to prevent other occurrences.

Quality Assurance/Monitoring Activity:

Identify any quality assurance/monitoring activity in current quarter.

Status of Benefits and Cost Sharing:

Provide update regarding any changes to benefits or cost sharing during the quarter.

Demonstration Evaluation:

Discuss progress of evaluation design and planning.

Enclosures/Attachments:

Identify by title any attachments along with a brief description of what information the document contains.

State Contact(s):

Identify individuals by name, title, phone, fax, and address that CMS may contact should any questions arise.

Date Submitted to CMS:

ATTACHMENT B

RECORD OF BUDGET NEUTRALITY EXPENDITURE LIMIT

Effective Date: December 9, 2009

A blank preceding a percent sign (%) or following a dollar sign (\$) or “Effective:” indicates that a value is to be entered there some time in the future.

	Initial Preliminary Estimates		Revised Preliminary Estimates		Final Amounts	
	<u>Trend Factor</u>	<u>Amount</u>	<u>Trend Factor</u>	<u>Amount</u>	<u>Trend Factor</u>	<u>Amount</u>
Base Year Expenditure (Paragraphs XI.3(c) and (d))	N/A	\$76,703 Effective: DOIA	N/A	N/A	N/A	\$ Effective
FFY 2010 Expenditure Projection (Paragraph XI.3(e))	3.7% Effective: DOIA	\$79,541 Effective: DOIA	N/A	\$ Effective:	3.7% Effective: DOIA	\$ Effective:
