Joseph Moser  
Medicaid Director  
Indiana Family and Social Services Administration  
402 W. Washington St., Room W461  
Indianapolis, IN 46204

Dear Mr. Moser:

This letter is to inform you that the Centers for Medicare & Medicaid Services (CMS) has approved a 1-year extension of Indiana's section 1115 Healthy Indiana Plan (HIP) demonstration (project number 11-W-00237/5), in order to not disrupt the coverage currently afforded in Indiana as the state continues its work with CMS on Indiana's demonstration proposal to cover the new adult coverage group through HIP 2.0. With this extension, the current HIP demonstration, which will continue to receive federal financial participation at the state's regular federal medical assistance percentage (FMAP), is now set to expire on December 31, 2015, but may end earlier by agreement of the state and CMS, should the state transition to HIP 2.0 before that time.

CMS approval of the HIP extension is conditioned upon continued compliance with the special terms and conditions (STCs) defining the nature, character, and extent of anticipated federal involvement in the project. As agreed, in light of the coverage options that are available to residents of Indiana, applicants will be limited to certain adults with incomes under 95 percent of the federal poverty level. This letter also extends the expenditure authority, as authorized in our May 30, 2014 letter, for 1-year for individuals with end stage renal disease as the state continues its work to submit a 1915(i) state plan amendment for these individuals.

The authorities provided in this demonstration award are subject to CMS receiving your written acknowledgement of this approval within 30 days of the date of this letter. The state's existing approved STCs, waivers and expenditure authorities for the demonstration in all other respects remain unchanged, and in effect.

Your project officer for this demonstration is Wakina Scott. She is available to answer any questions concerning your section 1115 demonstration and this 1-year extension. Ms. Scott's contact information is as follows:
