Dear Dr. Bigby:

This letter is to inform you that the Lawrence General Hospital hospital-specific Delivery System Transformation Initiatives (DSTI) plan, as amended, has been approved by the Centers for Medicare & Medicaid Services (CMS). This plan is found to be in accordance with the Special Terms and Conditions (STCs) of the Commonwealth's section 1115 Medicaid Demonstration, entitled MassHealth, (11-W-00030/1), and with the Master DSTI Plan approved on May 17, 2012. This plan is approved for the period starting with the date of this approval letter through June 30, 2014.

As a reminder, in conformance with the requirements of this Demonstration as contained in the STCs, DSTI incentive payments are contingent upon a participating hospital achieving project metrics as defined in its approved hospital-specific DSTI plan. This approval is granted with the understanding that the Commonwealth and participating hospitals will adhere to the requirement that all DSTI initiatives must be new or reflect a significant enhancement to an existing health care initiative to ensure that there is no duplication of Federal funding in support of an initiative. Furthermore, all approved hospital-specific plans must be operated in accordance with the approved Master DSTI Plan and the STCs.

Your project officers are Ms. Jennifer Sheer and Ms. Lynn DelVecchio. They are available to answer any questions concerning your section 1115 Demonstration. Their contact information is as follows:
