All Medicaid Eligible Children served by the Flint Water System affected by the demonstration because of the screening (all groups – screening without regard to exposure level)	See footnote below ³			
All Medicaid Eligible Children served by the Flint Water System affected by the Freedom of choice waiver (XX group total – FOC waiver)	431	24	23	79
All Medicaid Eligible Children served by the Flint Water System affected by the demonstration because of the premium waiver (VIII group)	995	0	96	261

¹ This measure includes individuals new to the Flint waiver and individuals who have disenrolled and re-enrolled.

² Individuals that do not meet all population category requirements from one month to the next are considered disenrolled from the category. This does not necessarily mean that individuals have been disenrolled from the Flint Water Waiver.

³ The State has completed 81 total non-elevated blood level lead investigations in Flint since October 1, 2015. Of the 81 non-elevated blood level lead investigations, 40 were for Medicaid CHIP enrollees. MDHHS continues to refine current reporting processes to report this information specifically for Medicaid eligible individuals.
