

**FLINT MICHIGAN
SECTION 1115 DEMONSTRATION
FACT SHEET**

Last Updated September 8, 2016

Name of Section 1115 Demonstration:	Flint Michigan
Waiver Number:	11-W-00302/5
Date Proposal Received:	February 14, 2016
Date Proposal Approved:	March 3, 2016
Date Implemented:	May 9, 2016
Date Expires:	February 28, 2021

SUMMARY

The Flint Michigan section 1115 demonstration, along with associated state plan amendments, enables Michigan to expand Medicaid coverage to all pregnant women and children up to age 21 with incomes up to and including 400 percent of the federal poverty level (FPL), who are currently served by the Flint water system or were served by the Flint water system between April 2014 and the date on which the Flint water system is determined safe by the appropriate state authorities.

ELIGIBILITY

Demonstration eligible individuals include all pregnant women and children up to age 21 with incomes up to and including 400 percent of the FPL, who are served by the Flint water system or were served by the Flint water system between April 2014 and the date on which the Flint water system is deemed safe by the appropriate state authorities. An individual was served by the Flint water system if he or she consumed water drawn from the Flint water system and: 1) resided in a dwelling connected to this system; 2) had employment at a location served by this system; or, 3) received child care or education at a location connected to this system.

BENEFITS

All Flint Michigan demonstration beneficiaries will receive all Medicaid state plan benefits, including, for children, Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) benefits. Additionally, the state plan also includes a new Targeted Case Management benefit for Flint Michigan demonstration beneficiaries that is intended to assist beneficiaries in gaining access to all needed medical, educational, social, and other services and is targeted to individuals with potential lead exposure, including all Flint Michigan demonstration beneficiaries. The demonstration also provides a benefit for evaluation of potential sources of lead exposure in the home for Flint beneficiaries without elevated blood lead levels (currently, this diagnostic benefit is also provided through the state plan for children with elevated blood lead levels).

DELIVERY SYSTEM

Demonstration beneficiaries will receive coverage through the same Medicaid managed care and fee-for-service arrangements currently authorized in the state. Beginning in 2018, beneficiaries

enrolled in the Marketplace Option will receive coverage through qualified health plans (QHPs) offered on the Marketplace.

COST SHARING

Flint Michigan beneficiaries will not be subject to any cost-sharing or premiums, regardless of eligibility group.
