Minnesota Family Planning Program
Demonstration Year VII, Second Quarter Report
October 1, 2012 through December 31, 2012

Program Overview

Background

In 2002, the Minnesota Department of Human Services applied for a §1115 Family Planning Waiver from the Centers for Medicare & Medicaid Services (CMS). In July 2004, the waiver was approved. Program implementation began on July 1, 2006. A three-year extension of the Minnesota Family Planning Program (MFPP) §1115 waiver was approved by CMS on December 29, 2011 for the period July 1, 2011 through December 31, 2013. On December 31, 2012, the Department submitted an initial waiver extension request to continue operating MFPP for an additional three years.

Program Objectives

The purpose of the Minnesota Family Planning Program is to demonstrate positive health outcomes and cost savings by providing an accessible, preventive approach to family planning services for individuals who normally don't access such services.

Under the demonstration Minnesota expects to achieve the following objectives:

- Increase the number of Minnesotans who have access to family planning services through Minnesota Health Care Programs (MHCP)
- Increase the proportion of men and women enrolled in MHCP who utilize family planning services;
- Reduce the proportion of births to MHCP enrollees that are spaced less than 2 years apart; and
- Reduce the teen birth rate among MHCP enrollees

Eligibility

An applicant must meet the following requirements to be eligible for the program:

- Be a citizen of the United States or a qualified non-citizen eligible for Medical Assistance with federal financial participation;
- Be a Minnesota resident;
- Be 15 years of age or older and under age 50;
- Have income at or below 200 percent of the federal poverty guideline (applicants under age 21 are treated as a household of one);
- Not be pregnant;
- Not be enrolled in another Minnesota health care program administered by the Department of Human Services; and

Minnesota Family Planning Program

October 1, 2012 through December 31, 2012

- Not reside in a medical institution.

Participation in the program does not require the consent of anyone other than the applicant. Applicants must report available third-party coverage and cooperate with the Department in obtaining third-party payments. The Department may waive this requirement if the applicant states that reporting third-party coverage would place the applicant at risk of physical or emotional harm.

Program Application Process

Individuals apply for family planning benefits using the MFPP application. The application is available in providers' offices and on-line. The Department determines an applicant's eligibility for the program within 45 days of receipt of a complete application. Coverage must be renewed annually.

Individuals may also apply at a provider's office for presumptive eligibility. A certified family planning services provider will screen a person for eligibility using preliminary information provided by the person. A person who, based on the preliminary information, appears to meet the eligibility requirements is presumptively eligible. The period of presumptive eligibility begins the first day of the month that a certified family planning services provider determines that a person is presumptively eligible. The period ends the last day of the month following the month that the certified family planning services provider determines that a person was presumptively eligible. During the presumptive eligibility period the applicant must apply for ongoing eligibility. The Department then makes the final determination of ongoing eligibility.

Eligibility Verification Activities

The Department documents the income of applicants and enrollees annually. Applicants must document citizenship as required by the Deficit Reduction Act of 2005, Public Law 109-71. The Department utilizes the Systematic Alien Verification for Entitlement (SAVE) program to conduct immigration status verifications for ongoing eligibility determinations. The presumptive eligibility process does not require documentation of citizenship.

An enrollee is eligible for the MFPP for one year from the determination of eligibility regardless of changes in income or family size. MFPP eligibility will end prior to the annual renewal if the enrollee:

- Is no longer a Minnesota resident;
- Enrolls in another Minnesota Health Care Program
- Reaches 50 years of age;

Minnesota Family Planning Program
 Demonstration Year VII, Second Quarter Report
 October 1, 2012 through December 31, 2012

- Becomes pregnant; or
- Becomes an institutionalized individual.

Applicants and enrollees must report a change in an eligibility factor to the Department within ten days of learning about the change. Enrollees who fail to report a change that would have resulted in ineligibility for the program will be disenrolled and will be ineligible for the program for a period of 12 months following the date of disenrollment.

Enrollment

The demonstration has four eligible populations:

- Population 1: Women ages 15-50 with family income at or below 200 of the FPL;
- Population 2: Men ages 15-50 with family income at or below 200 of the FPL;
- Population 3: Women who are determined to be presumptively eligible by a certified MFPP provider; and
- Population 4: Men who are determined to be presumptively eligible by a certified MFPP provider.

The chart below provides enrollee, participant and member month data for each of the four population groups within the demonstration for the second quarter of demonstration year VII.

Enrollment Data

DY 7	Quarter 2 (October 1, 2012 – December 31, 2012)					
	Population 1	Population 2	Total Population 1 and 2	Population 3	Population 4	Total Population 3 and 4
# of Newly Enrolled	1,187	39	1,226	6,017	145	6,162
# of Total Enrollees	17,692	232	17,924	8,846	214	9,060
# of Participants	8,253	13	8,266	5,532	99	5,631
# of Member Months	46,402	560	46,962	13,734	332	14,066
Unique MFPP Enrollees: 24, 712 (unduplicated)

 October 1, 2012 through December 31, 2012

Service and Providers

Services Covered

The demonstration project covers contraception management services and certain additional medical diagnosis or treatment services that are provided within the context of a visit for contraception management services. The benefit package under MFPP is the same as the family planning and family planning-related benefit package under Minnesota's Medicaid state plan.

Service Utilization

The following table illustrates service utilization rates and service expenditures for MFPP participants during the period of October 1, 2012 through December 31, 2012.

Category of Service	Unique Participants	Total Paid
Outpatient Hospital Services	49	\$8,221
Pharmacy Services	1,451	\$160,105
Medical Supply/DME	7,492	\$66,794
Anesthesia	2	\$481
Physician Services	2,055	\$383,680
Radiology, Technical Component	14	\$1,393
Laboratory	4,255	\$393,451
Nurse Midwife Services	1,943	\$456,777
Nurse Practitioner Services	8,940	\$1,844,338
Unique Participants across all services	13,652	\$3,315,240

Certified Providers of Family Planning Services

Certain requirements must be met to become a certified family planning provider who can determine presumptive eligibility for the program. A family planning services provider must:

- Sign the business associate agreement;
- Complete required training;
- Provide information about presumptive eligibility to interested persons;
- Help interested persons complete MFPP application forms;
- Use the Department's eligibility verification system to verify a person screened for MFPP eligibility does not receive MHCP coverage;
- Determine presumptive eligibility;
- Give required notices to a person screened for eligibility;

Minnesota Family Planning Program
Demonstration Year VII, Second Quarter Report
October 1, 2012 through December 31, 2012

- Promptly forward completed applications and forms to the Department; and
- Comply with Department requirements regarding program monitoring and evaluation activities.

There were a total of 121 certified family planning providers as of December 31, 2012.

Transition Plan

On December 31, 2012 the Department submitted an initial request to CMS to extend the MFPP waiver for an additional three years.

Expenditure Reporting and Budget Neutrality Monitoring

Demonstration expenditures are reported quarterly using Form CMS-64, 64.9 and 64.10.

Activities for Next Quarter

During the third quarter of MFPP demonstration year VII, work will begin on the MFPP report for the period January 1, 2013 through March 31, 2013.
