Dear Ms. Weinberg:

I am pleased to inform you that New Mexico's request for a new section 1115(a) Medicaid demonstration, entitled "Centennial Care" (Project Number 11W 00285/6), has been approved by the Centers for Medicare & Medicaid Services (CMS) in accordance with section 1115(a) of the Social Security Act (the Act). This approval is effective as of the date of this letter, and the demonstration will be implemented from January 1, 2014, through December 31, 2018.

Under this demonstration, New Mexico will consolidate its existing 1915(b) and 1915(c) waivers to create a comprehensive managed care delivery system. Centennial Care's contracted health plans will offer the full array of current Medicaid services, including acute, behavioral health, institutional, and community-based long term services and supports. Other features of Centennial Care will include expanded care coordination for all beneficiaries and a beneficiary reward program, offered through managed care organizations, to provide incentives for beneficiaries to pursue healthy behaviors. Centennial Care also creates a Safety Net Care Pool made up of two sub-pools: an Uncompensated Care (UC) Pool and a Hospital Quality Improvement Incentive (HQII) Pool.

As we have previously agreed, the approval of this demonstration will not include any new requirement for Native Americans to enroll in managed care. Native American Medicaid beneficiaries will have the opportunity to voluntarily opt-in to managed care. Native American beneficiaries who meet nursing facility level of care or who are dually eligible will continue to be enrolled in managed care as is the case today under the CoLTS 1915(b)(c) waiver.

Our approval of this demonstration is subject to the limitations specified in the enclosed approved expenditure and waiver authorities, and special terms and conditions (STCs). These documents specify the agreement between the New Mexico Human Services Department and CMS. The state may deviate from the Medicaid state plan requirements only to the extent those requirements have been specifically listed as granted expenditure authority or waived. All requirements of the Medicaid programs as expressed in law, regulation, and policy statement not expressly identified as waived in the waiver authorities shall apply to Centennial Care.

This approval is also conditioned upon continued compliance with the enclosed STCs which set forth in detail the nature, character, and extent of federal involvement in this demonstration and the state's obligations to CMS, including an evaluation of this demonstration, during the term of the approval period. This award letter is subject to our receipt of your written acceptance of the award, including the waiver and expenditure authorities and the STCs, within 30 days of the date of this letter.
