Dear Mr. Helgeson:

This letter is to inform you that the Centers for Medicare & Medicaid Services (CMS) has made a determination for granting vital access provider (VAP) exceptions under New York's delivery system reform incentive payment (DSRIP) program. CMS is following up on the revised VAP exception application for Nassau - Queens Performing Provider System (PPS), LLC submitted by the state on January 13, 2015. Several performing provider systems have applied for a safety net provider designation after creating not-for-profit new corporations and were approved on January 14, 2015.

Nassau-Queens PPS, LLC is approved to participate in DSRIP as a safety net provider and as a lead entity in a PPS, based on its revised application.

DSRIP participation as a PPS lead composed of safety net providers for this entity is contingent upon New York's assurance that the entity, by our agreed upon definition, consist of all safety net providers, and that non-qualifying providers will not be added to the PPS without applying for another exception. New York also assures that Nassau-Queens PPS, LLC will not become a source for Inter-Governmental Transfer (IGT) in order to receive funding from the Public Hospital Transformation Fund and will only be awarded with DSRIP project funding from the Safety Net Performance Provider System Transformation Fund.

Questions related to New York's 1115 demonstration should be directed to the project officer, Jessica Woodard. Ms. Woodard can be reached at (410) 786-9249 or Jessica.Woodard@cms.hhs.gov. We look forward to continuing to work with you and your staff on the implementation of New York's DSRIP.

Sincerely,

/s/
