NUMBER: No. 11-W-00278/6

TITLE: Texas Healthcare Transformation and Quality Improvement Program

AWARDEE: Texas Health and Human Services Commission

Under the authority of section 1115(a)(2) of the Social Security Act (the Act), expenditures made by the State for the items identified below, which are not otherwise included as expenditures under section 1903 of the Act, shall, for the period of this Demonstration, December 12, 2011, through September 30, 2016, be regarded as expenditures under the State's Medicaid title XIX State plan.

EXPENDITURES RELATED TO POPULATIONS COVERED UNDER THE DEMONSTRATION

1. Expenditures Related to Managed Care Organization (MCO) Enrollment and Disenrollment

Expenditures made under contracts that do not meet the requirements in section 1903(m) of the Act specified below. Texas managed care plans will be required to meet all requirements of section 1903(m) of the Act except the following:

- Section 1903(m)(2)(H) of the Act, Federal regulations at 42 CFR 438.1, to the extent that the rules in section 1932(a)(4) are inconsistent with the enrollment and disenrollment rules contained in paragraph 31(c) of the Demonstration's Special Terms and Conditions (STCs), which permit the State to authorize automatic re-enrollment in the same managed care organization (MCO) if the beneficiary loses eligibility for less than six (6) months.

2. Expenditures for section 1915(b)(3)-Like Services for STAR and STAR+PLUS Enrollees

Expenditures for STAR enrollees for the elimination of the 30-day spell-of-illness limitation and annual benefit limitations on inpatient hospital services that apply under the State plan. For the elimination of the 30-day spell-of-illness limit for inpatient services, the first 30 days' cost for this benefit is included in the capitation paid to MCOs, and the costs for services after 30 days are paid out of cost savings. For the elimination of the annual benefit limit for inpatient services, all costs of this benefit are included in the capitation paid to the MCOs. Like expenditures for STAR+PLUS enrollees are authorized as of the approval date of this Demonstration for behavioral health inpatient services, and, as of March 1, 2012 (or the implementation date of the managed care expansion planned for March 1, 2012, whichever is later), for non-behavioral health inpatient services (when these services are included in capitation rates).

Expenditures for unlimited prescriptions for adults ages 21 and older enrolled in STAR.

Expenditures for unlimited prescriptions for adults ages 21 and older enrolled in STAR+PLUS that are not recipients of Home and Community Based Services (HCBS).

3. Expenditures for the STAR+PLUS 217-Like HCBS Group

Expenditures for the provision of HCBS like services that are not otherwise available under the State plan for STAR+PLUS enrollees who are ages 65 and older and adults ages 21 and older with disabilities and who would otherwise be Medicaid-eligible under section 1902(a)(10)(A)(ii)(VI) of the Act and 42 CFR § 435.217 in conjunction with section 1902(a)(10)(A)(ii)(V) of the Act, if the services they receive under STAR+PLUS were provided under a HCBS waiver granted to the State under section 1915(c) of the Act. This includes the application of the spousal impoverishment eligibility rules. These expenditures are requested to provide the following:

- a. Benefits as stipulated in the Medicaid State plan (except for nursing facility services); and
- b. HCBS like services as specified in Table 4 and Attachment C of the STCs, net of beneficiary responsibility for the cost of care, and with post-eligibility treatment of income for individuals receiving short-term Nursing Facility care calculated upon admission as if they were in an institution.

4. HCBS for SSI-Related State Plan Eligibles

Expenditures (as of the initial approval date of the STAR+PLUS component of this Demonstration and subject to limits as described in the STCs), for the provision of HCBS waiver-like services as specified in Table 4 and Attachment C of the STCs that are not described in section 1905(a) of the Act, and not otherwise available under the approved State plan, but that could be provided under the authority of section 1915(c) waivers, that are furnished to STAR+PLUS enrollees who are ages 65 and older and ages 21 and older with disabilities, qualifying income and resources, and a nursing facility institutional level of care.

EXPENDITURES RELATED TO THE UNCOMPENSATED CARE POOL

Subject to an overall cap on the Uncompensated Care (UC) Pool, the following expenditure authorities are granted for the period of the Demonstration:

5. Expenditures for care and services that meet the definition of “medical assistance” contained in section 1905(a) of the Act that are incurred by hospitals and other providers for uncompensated costs of medical services provided to Medicaid eligible or uninsured individuals, and to the extent that those costs exceed the amounts paid to the hospitals pursuant to section 1923 of the Act.
6. Expenditures for transition year payments to hospitals and other providers as outlined in paragraph 44(b) (*Transition Payments*) of the STCs.

7. Expenditures for incentive payments from pool funds for the Delivery System Reform Incentive Payment (DSRIP) Program.

Reasonable Promptness

Section 1902(a)(8)

To the extent necessary to enable the State to limit enrollment through an interest list for STAR+PLUS 217-Like HCBS Group individuals receiving Home and Community Based Services (HCBS) through STAR+PLUS to the enrollment target(s) established by the State, as authorized under paragraph 41(c)(i)(A) (*Interest List for STAR+PLUS 217-Like HCBS Group*) of the STCs.
