Dear Ms. Muth:

The Centers for Medicare & Medicaid Services (CMS) is approving Uncompensated Care (UC) application tools for Texas' section 1115(a) demonstration (11-W-00278/6), entitled "Texas Healthcare Transformation and Quality Improvement Program." The UC applications collect cost and payment data for services reimbursable under the UC pool, and are submitted by providers to the state annually. The tools conform the manner by which Texas compensates providers for Uncompensated Care Costs to CMS' Uncompensated Care policy, as laid out in the demonstration's Special Term and Condition (STC) 33.

Your project officer for this demonstration is Mr. Eli Greenfield. He is available to answer any questions concerning your section 1115 demonstration. Mr. Greenfield's contact information is:

6.7 Local Provider Participation Fund

Hospitals required to make a mandatory payment to a local jurisdiction that administers a Local Provider Participation Fund (LPPF) may claim a portion of the mandatory payment as an allowable cost. To calculate the portion of the mandatory payment that can be claimed, hospitals may use a ratio based on Medicaid and uninsured charges to total charges, Medicaid and uninsured payments to total payments, or Medicaid and uninsured days to total days. In the LPPF Costs - Charity Care Costs cell (K195), please calculate the LPPF costs that are associated with charity care using the same methodology (e.g., charity charges/total charges X amount paid to LPPF). In the LPPF Costs - Duplicate cell (L195), please identify the claims that appear in the Uninsured LPPF Costs as well as the claims that appear in the Charity Care LPPF costs also using the same method to calculate cost (e.g., duplicated charges/total charges X amount paid to LPPF). The hospital must provide documented support of its cost in the form of quarterly tax statements and the
