

Annual Public Forum
Virginia Governor's Access Plan for the Seriously Mentally Ill (GAP)
1115 Demonstration Waiver #11-W-00297/3
Year 1 -2018

The Virginia Department of Medical Assistance Services (DMAS) posted a recorded webinar for the GAP program that included updates about the services utilization, snapshot of member demographics and accomplishments. It was posted August 28, 2018 and requested that public comment be emailed to bridgethegap@dmas.virginia.gov.

Public Comment Received:

The webinar was posted for 45 days and DMAS received no public comment. DMAS suspects this is because there was significant discussion in Virginia about Medicaid Expansion and attentions were diverted.
