## North Dakota Managed Care Program Features, as of 2016

Features	North Dakota Medicaid Expansion	Health Management Program
Notes: Program notes	<p>In order for the State to provide the Medicaid Expansion MCO through private carriers including mandatory enrollment, an initial 1915(b) waiver allowing managed care enrollment of the new adult group for Medicaid expansion was submitted to CMS with authority granted. The 1915(b) waiver renewal was submitted to CMS for 2016-2017 with authority granted. In addition, CMS granted initial authority through an 1115 waiver to ensure compliance as related to having one health plan choice for those Medicaid Expansion recipients in urban areas of the State. CMS extended this 1115 waiver authority until such time that the Final Medicaid Managed Care CFR were published (May 6, 2016) - with the changes noted at 42 CFR § 438.52(b)(1) and (b)(3) the 1115 waiver was no longer needed. Per the Medicare Advantage Health Service Delivery (HSD) Reference file for the applicable calendar year, ND no longer has any counties designated as being urban thus the State may limit rural area residents to a single MCO.</p>
