Re: Colorado 20-0015

Dear Ms. Johnson,

We have reviewed the proposed amendment to Attachment 4.19-A of your Medicaid State plan submitted under transmittal number (TN) 20-0015. Effective for services on or after July 1, 2020, this amendment updates the payment pool amounts for the Rural Family Residency Development Payment, Family Medicine Residency Program Payment, State University Teaching Hospital Payment, and the Pediatric Major Teaching Payment.

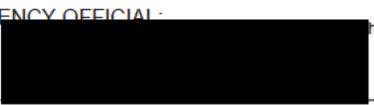

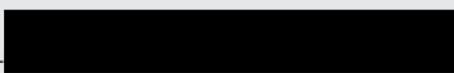

We conducted our review of your submittal according to the statutory requirements at sections 1902(a)(2), 1902(a)(13), 1902(a)(30), 1903(a) and 1923 of the Social Security Act and the implementing Federal regulations at 42 CFR 447 Subpart C. We are pleased to inform you that Medicaid State plan amendment TN 20-0015 is approved effective July 1, 2020. The CMS-179 and the amended plan pages are attached.

If you have any questions, please contact Christine Storey at (303) 844-7044.

Sincerely,

A solid black rectangular box redacting the signature of the sender.

Rory Howe
Acting Director

I. Family Medicine Program

Teaching Hospital Allocation: Effective October 1, 1994 hospitals shall qualify for additional payment when they meet the criteria for being a Teaching Hospital.

A hospital qualifies as a Teaching Hospital when it has a Family Medicine Program meeting the Medicaid inpatient utilization rate formula. These Family Medicine programs must be recognized by the Family Medicine Commission and are defined as those programs having at least 10 residents and interns. The Family Medicine program must be affiliated with a Medicaid participating hospital that has a Medicaid utilization rate of at least one percent. Family Medicine programs meeting these criteria shall be eligible for an additional payment adjustment as follows:

The Family Medicine Residency Program Payment is calculated on a state fiscal year (July 1 through June 30) basis and is distributed to all qualified providers in monthly installments. Payments will be made consistent with the level of funds established and amended by the General Assembly, which is published in the Long Bill and subsequent amendments each year. Any changes to the rate setting methodology will be approved by the Medical Services Board and the Centers for Medicare and Medicaid Services prior to implementation. Once funds and rate setting methodology have been established, rate letters will be distributed to providers qualified to receive the payment each fiscal year and 30 days prior to any adjustment in the payment. Rate letters will document any change in the total funds available, the payment specific to each provider, and other relevant figures specific to each provider so that providers may understand and independently calculate their payment. Rate letters allow providers to dispute the payment on the basis that the payment was not calculated correctly given the established funds and rate setting methodology. Total funds available by state fiscal year (SFY) for this payment are as follows:

SFY 2003-04: \$1,524,626	SFY 2004-05: \$1,444,944	SFY 2005-06: \$1,576,502

Effective May 23, 2008, the Family Medicine Residency Program Payment for providers that qualify to receive the State University Teaching Hospital Payment is suspended.

Effective May 23, 2008, when state owned government hospitals, non-state owned government hospitals, and privately owned hospitals meet the criteria for being a State University Teaching Hospital, they will qualify to receive additional Medicaid reimbursement for services provided to Medicaid recipients. The additional Medicaid reimbursement will be commonly referred to as the "State University Teaching Hospital Payment" which will be established on an annual state fiscal year (July 1 through June 30) basis and dispensed in equal quarterly installments.

The State University Teaching Hospital Payment is made only if there is available federal financial participation under the Upper Payment Limit for inpatient hospital services after the Medicaid reimbursement (as defined in this attachment as a Diagnosis Related Group and/or per diem reimbursement paid under the Medicaid program).

A State University Teaching Hospital is defined as a Colorado hospital which meets the following criteria:

1. Provides supervised teaching experiences to graduate medical school interns and residents enrolled in a state institution of higher education.
2. More than fifty percent (50%) of its credentialed physicians are members of the faculty at a state institution of higher education.

Qualified providers and the total maximum yearly payments to those are as follows:

Effective July 1, 2013, a privately-owned hospital that receives the Family Medicine Residency Payment or the Pediatric Major Teaching Payment authorized in this Attachment 4.19A, and is selected by the Commission on Family Medicine Residency Training Programs for the development and maintenance of family medicine residency training programs in rural areas, will qualify to receive additional Medicaid reimbursement. This reimbursement will be commonly referred to as the “Rural Family Medicine Residency Development Payment”. The Rural Family Medicine Residency Development Payment is made only if there is available federal financial participation under the Upper Payment Limit for inpatient hospital services after the Medicaid reimbursement (as defined in this attachment as a diagnosis-related group and/or per diem reimbursement paid under the Medicaid program).

The Rural Family Medicine Residency Development Payment is disbursed on a state fiscal year basis (July 1 – June 30). The Rural Family Medicine Residency Development Payment will be paid quarterly. Total funds available for this payment per state fiscal year are as follows:

SFY 2013-14	SFY 2014-15

- D. Effective July 1, 2003 state owned government hospitals, non-state owned government hospitals and privately owned hospitals, when they meet the criteria for being a Pediatric Major Teaching Hospital will qualify to receive additional Medicaid reimbursement, such that the total of all payments will not exceed the inpatient Medicare Upper Payment Limit (as defined by the Centers for Medicare and Medicaid Services). The additional Medicaid reimbursement will be commonly referred to as the "Pediatric Major Teaching Hospital payment", which will be calculated on an annual State Fiscal Year (July 1 through June 30) basis and dispensed in equal quarterly installments.

As required by federal regulations, there will be three allotments of the Pediatric Major Teaching Hospital payment: state owned government hospitals, non-state owned government hospitals and privately owned hospitals. In no case will the Pediatric Major Teaching payment plus the Medicaid reimbursement (as defined in this attachment as a Diagnosis Related Group and/or per diem reimbursement paid under the Medicaid program) exceed any of these allotments. The Pediatric Major Teaching payment is only made if there is available federal financial participation under these allotments after the Medicaid reimbursement (as defined in this attachment as a Diagnosis Related Group and/or per diem reimbursement paid under the Medicaid program.)

On an annual State Fiscal Year (July 1 through June 30) basis, those hospitals that qualify for a Major Pediatric Teaching Hospital payment will be determined. The determination will be made prior to the beginning of each State Fiscal Year. A Major Pediatric Teaching Hospital is defined as a hospital that meets the following criteria:

1. Participates in the Colorado Indigent Care Program; and
2. The hospital Medicaid days combined with indigent care days (days of care provided under Colorado's Indigent Care Program) equal or exceed 30 percent of their total patient days for the prior state fiscal year, or the most recent year for which data are available; and
3. Has a percentage of Medicaid days relative to total days that exceed the mean for the prior slate fiscal year, or the most recent year for which data are available; and

4. Maintains a minimum of 110 total Intern and Resident F.T.E.'s; and
5. Maintains a minimum ratio of .30 Intern and Resident F.T.E.'s per licensed bed; and
6. Qualifies as a Pediatric Specialty Hospital under the Medicaid Program, such that the hospital provides care exclusively to pediatric populations.

The Pediatric Major Teaching Payment is distributed equally to all qualified providers. The funds available for the Pediatric Major Teaching Payment under the Medicare Upper Payment Limit are limited by the regulations set by and the federal funds allocated by the Centers for Medicare and Medicaid Services. Payments will be made consistent with the level of funds established and amended by the General Assembly, which are published in the Long Bill and subsequent amendments each year. Rate letters will be distributed to providers qualified to receive the payment each fiscal year and 30 days prior to any adjustment in the payment. Rate letters will document any change in the total funds available, the payment specific to each provider, and other relevant figures specific to the provider so that providers may understand and independently calculate their payment.

Total funds available for this payment are as follows:

FY 2003-04 \$6,119,760	FY 2004-05 \$6,119,760
FY 2005-06 \$11,571,894	FY 2006-07 \$13,851,832
