   a. A medical encounter is a face-to-face visit between a beneficiary and a physician, physician assistant, nurse practitioner, or nurse midwife for the provision of medical services.

   b. A mental health encounter is a face-to-face visit between a beneficiary and a physician, nurse practitioner, physician assistant, clinical psychologist, licensed clinical social worker (LCSW), licensed professional counselor (LPC), licensed marriage and family therapist (LMFT) or board certified behavior analyst for the provision of mental health services.

   c. A dental encounter is a face-to-face visit between a beneficiary and a dentist for the provision of dental services.

   d. A vision encounter is a face-to-face visit between a beneficiary and an ophthalmologist, optometrist, physician, nurse practitioner or physician assistant for the provision of vision services.

2. Encounters with more than one health professional for the same type of service or more than one encounter with the same health professional, which take place on the same day and at a single location constitute a single encounter, except when one of the following circumstances occur:

   a. After the first encounter, the beneficiary suffers illness or injury requiring additional diagnosis or treatment,

   b. The beneficiary has a combination of a medical encounter, mental health encounter, dental encounter, and/or vision encounter that are each a separate identifiable service.

   c. The beneficiary has an initial preventative physical exam encounter and a separate medical, mental health, dental or vision encounter on the same day.

3. Home Encounters

   A home encounter is covered as a face-to-face visit when performed within a rural area in the county or an adjacent county where the RHC is located.
4. RHC Mobile Unit Encounters are covered when the mobile unit meets the following criteria:

   a. Must be surveyed by the Mississippi Department of Health (MSDH) and receive an approval letter from the Centers for Medicare and Medicaid Services (CMS) prior to providing services.

   b. Must meet all federal and state requirements for RHC mobile units.

   c. Must have a fixed set of locations where the mobile unit is scheduled to provide services at specified dates and times.

      1) Locations for RHC mobile unit services must meet the rural and shortage area requirements at the time of survey.

      2) The schedule of times and locations must be posted on the mobile unit and publicized by other means so that beneficiaries will know the mobile unit's schedule in advance.

   d. Must operate:

      1) Within rural areas in the county or an adjacent county where the affiliated RHC has a permanent structure.

      2) If the RHC has no permanent structure, within rural areas in the county or adjacent county of the initial CMS approved locations.
