RE: Nebraska SPA 21-0009

Dear Mr. Bagley:

We have reviewed the proposed amendment to Attachment 4.19-D of your Medicaid State plan submitted under transmittal number (TN) 21-0009. This amendment updates intermediate care facility for individuals with developmental disabilities rates for state fiscal year 2022.

We conducted our review of your submittal according to the statutory requirements at sections 1902(a)(2), 1902(a)(13), 1902(a)(30), and 1903(a) of the Social Security Act and the implementing Federal regulations at 42 CFR 447 Subpart C. We have found that the proposed reimbursement methodology complies with applicable requirements and therefore have approved them with an effective date of July 1, 2021. We are enclosing the CMS-179 and the amended approved plan pages.

If you have any questions, please contact Fredrick Sebree at Fredrick.sebree@cms.hhs.gov.

Sincerely,

Rory Howe
Director

23. REMARKS:
31-008.06C4b ICF/IIDs with 4-15 beds:
The Non-Personnel Operating Cost Component of the Final Rate is the allowable non-personnel operating cost per day as computed for the ICF/IID provider's most recent cost report period.

31-008.06C5 ICF/IID Fixed Cost Component: This component includes the interest, depreciation, amortization, long-term rent/lease payments, personal property tax, real estate tax, gross revenue tax, and other fixed costs. The fixed cost component is the allowable fixed cost per day as computed for the facility's most recent cost report period.

31-008.06C6 ICF/IID Ancillary Cost Component: The ancillary cost component of the rate is the allowable ancillary cost per day as computed for the facility's most recent report period.

31-008.06C7 ICF/IID Inflation Factor: The Inflation Factor is determined from spending projections computed using:
1. Audited cost and census data following the initial desk audits;
2. Budget directives from the Nebraska Legislature; and
3. Effective for the rate period beginning July 1, 2015 and for subsequent rate periods, proceeds from the ICF/DD Reimbursement Protection Fund as specified in Nebraska Revised Statute 68-1804(4)(e).
For the Rate Period of July 1, 2021 through June 30, 2022, the inflation factor is positive 26.22%.

31-008.06C8 ICF/IID Revenue Tax Cost Component:

31-008.06C8a ICF/IIDs with 16 or more beds:
Under the ICF/DD Reimbursement Protection Act, the ICF/IID revenue tax per diem is computed as the prior report period net revenue times the applicable tax percentages(s) divided by the prior report period facility resident days. The Tax Cost Component shall be prorated when the revenue tax is based on less than a full fiscal year’s data.

31-008.06C8b ICF/IIDs with 4-15 beds:
Under the ICF/DD Reimbursement Protection Act, the ICF/IID revenue tax per diem is computed as the prior report period net revenue times the applicable tax percentage(s) divided by the prior report period facility resident days. The Tax Cost Component shall be prorated when the revenue tax is based on less than a full year’s data.

31-008.06C9 ICF/IID Exception Process: An individual facility may request, on an exception basis, the Director of the Division of Medicaid and Long-Term Care to consider specific facility circumstance(s), which warrant an exception to the facility's rate computed for its Fixed Cost Component. An exception may only be requested if the facility's total fixed costs (total costs, not per diem rate), as compared to the immediately prior report period, have increased by ten percent or more. In addition, the facility's request must include:
1. Specific identification of the increased cost(s) that have caused the facility's total fixed costs to increase by 10 percent or more, with justification for the reasonableness and necessity of the increase;
2. Whether the cost increase(s) are an ongoing or a one-time occurrence in the cost of operating the facility; and
3. If applicable, preventive management action that was implemented to control past and future cause(s) of identified cost increases(s).
