RE: Oregon State Plan Amendment (SPA) Transmittal Number OR-21-0003

Dear Mr. Allen:

The Centers for Medicare & Medicaid Services (CMS) has completed its review of the enclosed State Plan Amendment (SPA), Transmittal Number OR-21-0003. This SPA moves Oregon's current Medication Assisted Treatment (MAT) benefit from the optional benefit section in Oregon's state plan to the required benefit section to comply with Section 1006(b) of the SUPPORT Act.

The effective date of this SPA is October 1, 2020. Enclosed is a copy of the CMS-179 summary form, as well as the approved pages for incorporation into the Oregon State Plan.

If there are any questions concerning this approval, please contact me or you may contact Nikki Lemmon at nicole.lemmon@cms.hhs.gov or at 303-844-2641.

Sincerely,

i. General Assurance

MAT is covered under the Medicaid state plan for all Medicaid beneficiaries who meet the medical necessity criteria for receipt of the service for the period beginning October 1, 2020 and ending September 30, 2025.

ii. Assurances

- a. The state assures coverage of Naltrexone, Buprenorphine, and Methadone and all of the forms of these drugs for MAT that are approved under section 505 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355) and all biological products licensed under section 351 of the Public Health Service Act (42 U.S.C. 262).
- b. The state assures that Methadone for MAT is provided by Opioid Treatment Programs that meet the requirements in 42 C.F.R. Part 8.
- c. The state assures coverage for all formulations of MAT drugs and biologicals for OUD that are approved under section 505 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355) and all biological products licensed under section 351 of the Public Health Service Act (42 U.S.C. 262).

iii. Service Package

The state covers the following counseling services and behavioral health therapies as part of MAT.

- a) Please set forth each service and components of each service (if applicable), along with a description of each service and component service.

MAT services are provided in accordance with a beneficiary's Individual Service and Support plan (ISSP). MAT OUD Rehabilitative treatment must be recommended by a physician or licensed practitioner of the healing arts within the scope of their practice under state law.

iii. Service Package (Cont)

Individual counseling therapy/Individual family and/or couple counseling provides individual counseling therapy in a private setting as identified by their ISSP. The duration/frequency of the treatment services are determined utilizing the ISSP and the individual's needs. Providers authorized to provide these services include LMP, QMHP, CADC and interns under appropriate supervision.

Group counseling/ Group family and/or couple counseling therapy services provided is designed to assist in the attainment of goals described in the service plan. Goals of Individual, Group or Family level treatment may include enhancing interpersonal skills, mitigating the symptoms of OUDs, and lessening the results of traumatic experiences, learning from the perspective and experiences of others and counseling/psychotherapy to establish and /or maintain stability in living, work or educational environment. Individuals eligible for group therapy must demonstrate an ability to benefit from experiences shared by others, demonstrate the ability to participate in a group dynamic process in a manner that is respectful of other's right to confidential treatment and must be able to integrate feedback from other group members. Duration/frequency of this service is determined by the individual's needs and documented in their service plan. Family treatment may take place without the consumer present in the room but service must be for the benefit of attaining the goals identified for the individual in their service plan. Group Family therapy service that involves the participation of a non-Medicaid eligible is for the direct benefit of the beneficiary. The service must actively involve the beneficiary in the sense of being tailored to the beneficiary's individual needs. There may be times when, based on clinical judgment, the beneficiary is not present during the delivery of the service, but remains the focus of the service. Providers authorized to provide these services include LMP, QMHP, CADC and interns under appropriate supervision.

iii. Service Package (Cont)

Peer Support services can be provided to individuals who are under the consultation, facilitation or supervision of a competent OUDs treatment professional who understands rehabilitation and recovery. Peer Support services promote socialization, recovery, self-advocacy, development of natural supports, and maintenance of community living skills in order to facilitate the recovery of others with opioid use disorders. Peer services include self-help support groups by sharing the peer counselor's own life experiences related to SUDs and will build support mechanisms that enhance the consumers' recovery and restores their ability to function in the community. These services may occur at locations where consumers are known to gather (e.g., churches, parks, community centers, etc.). Services provided by peer supports are described in the individualized ISSP which uses a person-centered planning process to promote participant ownership of the plan of care and delineates specific goals. Providers authorized to provide services are certified Peer Support Specialists under appropriate supervision.

Medication management is for the prescribing and/or administering and reviewing of medications and their side effects, including both pharmacological management as well as supports and training to the individual. This service shall be rendered by a person licensed to perform such services. This service may be provided in consultation with collateral, primary therapists, and/or care coordination managers, but includes only minimal psychotherapy. Also includes reporting back to persons licensed to perform medication management services for the direct benefit of the Medicaid enrolled individual. This activity may take place at any location and for as long as it is clinically necessary. This service is designed to facilitate medication compliance and positive outcomes. Enrollees with low medication compliance history or persons newly on medication are most likely to receive this service. Time spent with the enrollee is the only direct service billable component of this modality. Duration/frequency of this service is determined by the individual's needs and documented in their ISSP. Collection and handling of specimens for substance analysis are included in this service. Providers authorized to provide these services include LMP, QMHP, CADC, OTP and interns under appropriate supervision.
