Dear Ms. Weinberg:

We have reviewed the proposed amendment to your Medicaid State Plan submitted under Transmittal Number 10-03. Effective January 1, 2010, the New Mexico Title XIX State Plan has been amended to implement provisions of the Medicare Improvements for Patients and Providers Act of 2008 (MIPPA) to increase the resource limit for Qualified Medicaid Beneficiaries (QMB), Specified Low-Income Medicare Beneficiaries (SLMB) and Qualifying Individuals (QI) to three times the Supplemental Security Income (SSI) resource limit, adjusted annually by the increase in the Consumer Price Index.

In the future, when the State submits a State Plan Amendment (SPA) that may impact Indians or Indian health providers, CMS will look for evidence of the State's tribal consultation process for that SPA. Pursuant to section 1902 (a) (73) of the Act added by section 5006 (e) of the Recovery and Reinvestment Act of 2009, the State must submit evidence to CMS regarding the solicitation of advice prior to submission of the SPA. This consultation must include all federally recognized tribes, Indian Health Service and Urban Indian Organizations within the state.

Transmittal Number 10-03 is approved with an effective date of January 1, 2010 as requested. A copy of the HCFA-179, Transmittal No. 10-03 dated March 2, 2010 is enclosed along with the approved plan pages.
