MONTANA

Limits to the Dental Services program are noted below. All limits to dental services may be found on the fee schedule dated 08/01/2011 at

ww.mtmedicaid.or .

1. Diagnostic and preventative dental services:
 - a. Fluoride treatments are limited to six (6) month intervals.
 - b. Full mouth x-rays or panorex x-rays are limited to three (3) year intervals.
 - c. Bite-wing x-rays are limited to one (1) year intervals.
 - d. Examinations are limited to six (6) month intervals.
 - e. Prophylaxis are limited to six (6) month intervals.
2. Restoration:
 - a. Gold in-lays are not a benefit
3. Endodontic Services:
 - a. Root canal services for third molars are not a benefit.
4. Periodontal Services:
 - a. Gingival resections are limited to treatment of gingival hyperplasia due to medication reaction.
5. Crowns:
 - a. For adults, Crowns are limited to pre-fabricated stainless steel, or pre-fabricated resin crowns.
 - b. For children under age 21, non pre-fabricated crowns are a benefit for anterior teeth.
6. Orthodontic Services are limited to:
 - a. Cases involving a possible Cleft/Craniofacial condition syndrome, congenital anomalies, cases related to malocclusion caused by traumatic injury and cases related to interceptive orthodontia must receive prior authorization to determine individual eligibility for such orthodontia services.
 - b. Orthodontia for recipients age 20 and younger who have malocclusion caused by traumatic injury or needed as part of treatment with orthodontic implications.
 - c. Recipients are limited to a lifetime cap of \$7000.00 for interceptive and full band orthodontia phases. Surgeries are not included in this lifetime cap.
 - d. Based on recognized national practice standards, interceptive orthodontia is limited to children 12 years of age or younger with one or more of the following conditions:
 - i. Posterior crossbite with shift;
 - ii. Anterior crossbite and/or anterior deep bite at 80% or greater vertical incisor overbite.

MONTANA

7. Dental implants are not a covered benefit of the Medicaid program.
8. Bridges are not a covered benefit of the Medicaid program for individuals age 21 and older.
9. Cosmetic Dental Services:
Dental services for conditions or ailments considered cosmetic in nature are not a benefit of the Montana Medicaid Program except in such cases where it can be demonstrated the physical well-being and the psycho-social well-being of the recipient are severely affected in a detrimental manner. The Department or its designated review organization will determine whether a service is cosmetic or a recipient's physical well-being and psycho-social wellbeing are severely affected in a detrimental manner.
10. Experimental Services:
Services considered experimental are not a benefit of the Montana Medicaid Program. Experimental services include:
 - a. All procedures and items, including prescribed drugs, considered experimental by the U.S. Department of Health and Human Services or any other appropriate federal agency.
 - b. All procedures and items, including prescribed drugs, provided as part of a control study, approved by the Department of Health and Human Services or any other appropriate federal agency to demonstrate whether the item, prescribed drug or procedure is safe and effective in curing/preventing, correcting or alleviating the effects of certain medical conditions.
 - c. All procedures and items, including prescribed drugs, which may be subject to question but are not covered in (a) and (b) above, will be evaluated by the Department's designated medical review organization.
11. Prior Authorization:
The following Dental Services require prior authorization by the designated review organization:
 - a. Orthodontia.
 - b. For children under age 21, Non Pre-Fabricated Crowns for posterior teeth. For adults, Non Pre-Fabricated Crowns for anterior and posterior teeth, limited to two per person per year, total. For second molars base metal crowns only.

MONTANA

1. Reimbursement for Dental Services shall be the lowest of the following:
 - a. The provider's usual and customary charge for the service.
 - b. The Department's fee schedule for dental services.

2. The Department's fee schedule is calculated as follows:
 - a. Dental procedures are identified through the following process:
 - (1) Procedures identified through ADA/CDT coding manual; or
 - (2) Dental procedures identified by the Department not identified in the current ADA/CDT.

 - b. Definitions:

Relative Value Unit (RVU) The unit value assigned to a specific procedure code published in c.(1).

Relative Value for Dentists(RVD): a value given to each procedure code outlined in 2.c.(1)(b)(i).

 - c. Reimbursement rates are set by one of the following methods:
 - (1) For procedures listed in the "Relative Values for Dentists" published biennially by Relative Value Studies, Incorporated, reimbursement rates shall be determined using the following methodology:
 - (a) The fee for a covered service shall be the amount determined by multiplying the (RVU) by the conversion factor specified in 2.c.(1)(b)(iii).
 - (b) The conversion factor and provider fees for dentists, dental hygienists, and denturists procedures are calculated as follows:
 - (i) The total units of each procedure code paid in a prior period is multiplied by the RVU to equal the RVD for each procedure code. Typically, the prior period used is the prior state fiscal year.
 - (ii) The sum of all RVDs calculated in 2.c.(1)(b)(i) equals the total units of dental service.
 - (iii) The Montana Legislature's appropriation for dental service during the appropriation period is divided by the total units of dental service calculated in 2.c.(1)(b)(ii). The resulting dollar value is equal to one unit of dental value and is the dental conversion factor.

MONTANA

(iv) The RVU for each dental procedure is multiplied by the dental conversion factor calculated in 2.c.(1)(b)(iii) to calculate the Medicaid reimbursement for the procedure. When this calculation is made for all covered procedures the Montana Medicaid Dental, Dental Hygienist, and Denturist Fee Schedules are generated.

(v) A policy adjuster may be applied to some fees calculated in 2.c.(1)(b)(iv) for certain categories of services or to the conversion factor to increase or decrease the fees paid by Medicaid.

(2) Where a fee cannot be set using this methodology, the reimbursement is determined using the "by report" methodology. The "by report" reimbursement is paid at 85 of the provider's usual and customary charge.

(3) Unless otherwise specified in the plan, the same published methodology is used to reimburse governmental providers and non-governmental providers.

(4) The agency's rates were set as of August 1, 2011 and are published at www.mtmedicaid.org
