23. REMARKS

L. CLINIC SERVICES

Clinic services are paid differently depending on the type of services rendered. Such payments are limited to the amount paid by Medicare as specified in 42 CFR 447.321. Subject to these limitations, payments are determined as follows:

1. Dialysis Clinics -- Payment for renal dialysis is based on the established fee schedule unless a lower amount is billed. The amount billed cannot exceed usual and customary charges. Fees are based on the Medicare payment in Salt Lake County for dialysis.
2. Surgical Centers -- Effective March 1, 2010, payment is based on 66.3 percent of usual and customary charges and, for specified procedure codes, a fee schedule established from professional judgment, Medicaid historical data, and discounts from Medicare rates. Effective July 1, 2010, payments will be based on a fee schedule established from professional judgment, Medicaid historical data, and discounts from Medicare rates.

Except as otherwise noted in the plan, state developed fee schedule rates are the same for both governmental and private providers. The agency's rates were set as of March 1, 2010, and are effective for services on or after that date. The agency's rates were revised October 1, 2010, and are effective for services on or after that date. Fee schedule payments are based on the established fee schedule unless a lower amount is billed. All rates are published on the agency's website at <http://health.utah.gov/medicaid/>.

MULTIPLE AND BILATERAL PROCEDURES

The primary surgical procedure with the highest payment rate is paid based on 100% of the established Medicaid fee. The second highest payment rate is paid based on 50% of the established fee schedule. Payment for the other lower payment rates is made at 25% of the established fee schedule for multiple and bilateral procedures. When CPT modifiers are used, the rate is adjusted for CPT modifiers before the percentages are applied for multiple units billed for designated procedure codes to pay at 100% of the established Medicaid fee schedule.

3. Alcohol and Drug Clinics -- Payment is based on the established fee schedule unless a lower amount is billed. Fees will be set based on historical payments for specific HCPC codes.

Except as otherwise noted in the plan, state developed fee schedule rates are the same for both governmental and private providers. The agency's rates were set as of May 25, 2010, and are effective for services on or after that date. Fee schedule payments are based on the established fee schedule unless a lower amount is billed. All rates are published on the agency's website at <http://health.utah.gov/medicaid/>.

---

L. CLINIC SERVICES (Continued)

4. Licensed Birthing Centers -- Payment is based on the established fee schedule unless a lower amount is billed. The amount billed cannot exceed usual and customary charges. Fees are based on discounted rates established for physicians.

Except as otherwise noted in the plan, state developed fee schedule rates are the same for both governmental and private providers. The agency's rates were set as of May 25, 2010, and are effective for services on or after that date. Fee schedule payments are based on the established fee schedule unless a lower amount is billed. All rates are published on the agency's website at <http://health.utah.gov/medicaid/>.

5. Clinic Services for Physical Therapy and Occupational Therapy - Payments for physical/occupational therapy are based on the established fee schedule unless a lower amount is billed. Fees are established by discounting historical charge, by professional judgement, and by the physical therapy and occupational therapy fee schedule. Since the amount of physical therapy and occupational therapy is limited, the select case management committee of the facility will determine which type (physical therapy or occupational therapy) will be provided for the patient by the clinic facility. The amount of physical therapy provided will affect the amount of occupational therapy available, and vice versa.

Except as otherwise noted in the plan, state developed fee schedule rates are the same for both governmental and private providers. The agency's rates were set as of May 25, 2010, and are effective for services on or after that date. Fee schedule payments are based on the established fee schedule unless a lower amount is billed. All rates are published on the agency's website at <http://health.utah.gov/medicaid/>.
