B. Intermediate Care Facilities for the Mentally Retarded – Continued

3. Under 16 Beds:

- a. Small ICF/MR facilities certified as having 15 beds or fewer will be reimbursed on a prospective uniform class rate system. An inflationary adjustment, determined by the Division to be reasonable and adequate, will be applied to the existing rates and will be implemented by State Plan amendment as warranted by analysis of cost report data. Cost reports will be submitted annually for the preceding calendar year (January 1 – December 31) and will be reviewed prior to establishing new rates. The Division has established the per diem rate of \$190.85 for dates of service beginning July 1, 2011. This 2.6% increase in per diem rate is based on the most currently available Skilled Nursing Facility Total Market Basket inflation data applied as an inflation adjustment to the previous rate.

b. Provider Fee

Act 433 of 2009 established the levy of a provider fee on Intermediate Care Facilities for Individuals with Developmental Disabilities. The reimbursement rate paid Under 16 Beds facilities will include a Provider Fee component. The Provider Fee component will be reimbursed at the amount established as the multiplier for the date of service billed.

The Provider Fee component is paid in addition to the rate identified in paragraph a. above.

c. Enhanced Care Add-On

The Department recognizes that the current class rate structure limits the providers' ability to invest additional monies for the purpose of improving the quality of care. Additionally the recent increase in the minimum wage (an unfunded federal mandate) will make it difficult for providers to maintain current standards much less improve the quality of care. Therefore the Department will implement an enhanced care add-on in the amount of \$7.02 per day. This enhanced payment will provide additional funds for wage adjustments in the base salaries for new hires and incumbent salaries to address the increase of the federal minimum wage in July 2009. This will also directly increase benefits related to these salary increases such as FICA, LTD, Life insurance, retirement, etc. This add-on will also provide funding for additional initiative

Subject: AR-11-06 approved on first clock in less than two weeks.

AR-11-06 was approved on June 22, 2011 on the first clock in less than two weeks. The approval process was quick since the NIRT wanted to move as many SPAs as possible to OCD before Bill Lasowski left on July 2nd.

The following is a summary of the SPA:

This amendment implements a 2.6% rate increase for under 16 bed ICF/MR facilities. The increase in per diem rate is based on the most currently available Skilled Nursing Facility Total Market Basket inflation data applied as an inflation adjustment to the previous rate. Beginning July 1, 2011, the per diem rate will increase from \$186.01 to \$190.85. The state provided satisfactory responses to the standard funding questions. Funding is from appropriations and a provider tax. The increase was provided for in the approved biennial budget request. The fiscal impact is \$100,742 for FY 2011 and \$395,984 for FY 2012.

Thanks to Margaret for your input.
