Re: Arkansas State Plan Amendment (SPA) 20-0015

Dear Ms. Stehle:

We have reviewed the proposed amendment to add section 7.4 Medicaid Disaster Relief for the COVID-19 National Emergency to your Medicaid state plan, as submitted under transmittal number (TN) 20-0015. This amendment proposes to implement temporary policies, which are different from those policies and procedures otherwise applied under your Medicaid state plan, during the period of the Presidential and Secretarial emergency declarations related to the COVID-19 outbreak (or any renewals thereof).

On March 13, 2020, the President of the United States issued a proclamation that the COVID-19 outbreak in the United States constitutes a national emergency by the authorities vested in him by the Constitution and the laws of the United States, including sections 201 and 301 of the National Emergencies Act (50 U.S.C. 1601 *et seq.*), and consistent with section 1135 of the Social Security Act (Act). On March 13, 2020, pursuant to section 1135(b) of the Act, the Secretary of the United States Department of Health and Human Services invoked his authority to waive or modify certain requirements of titles XVIII, XIX, and XXI of the Act as a result of the consequences of the COVID-19 pandemic, to the extent necessary, as determined by the Centers for Medicare & Medicaid Services (CMS), to ensure that sufficient health care items and services are available to meet the needs of individuals enrolled in the respective programs and to ensure that health care providers that furnish such items and services in good faith, but are unable to comply with one or more of such requirements as a result of the COVID-19 pandemic, may be reimbursed for such items and services and exempted from sanctions for such noncompliance, absent any determination of fraud or abuse. This authority took effect as of 6PM Eastern Standard Time on March 15, 2020, with a retroactive effective date of March 1, 2020. The emergency period will terminate, and this state plan provision will no longer be in effect, upon termination of the public health emergency, including any extensions.

The State of Arkansas requested a modification of the requirement to submit SPAs related to the COVID-19 emergency by March 31, 2020, to obtain a SPA effective date during the first calendar quarter of 2020, pursuant to 42 C.F.R. §430.20. CMS is approving this request pursuant to section 1135(b)(5) of the Act.

The State of Arkansas requested a waiver of public notice requirements applicable to the state plan amendment (SPA) submission process. Public notice for SPAs is required under 42 C.F.R. §447.205 for changes in statewide methods and standards for setting Medicaid payment rates, 42 C.F.R. §447.57 for changes to premiums and cost sharing, and 42 C.F.R. §440.386 for changes to ABPs. These requirements help to ensure that the affected public has reasonable opportunity to comment on these SPAs. CMS recognizes that during this public health emergency, Arkansas must act expeditiously to protect and serve the general public. Therefore, under section 1135(b)(1)(C) as applicable of the Act, CMS is approving the state's request to waive these notice requirements applicable to this SPA.

These approvals under section 1135 only apply with respect to SPAs that provide or increase beneficiary access to items and services related to COVID-19 (such as cost sharing waivers, payment rate increases, or amendments to ABPs to add services or providers) and that would not restrict or limit payment or services or otherwise burden beneficiaries and providers, and that are temporary, with a specified sunset date that is not later than the last day of the declared COVID-19 emergency (or any extension thereof). Even though CMS is approving this waiver, we encourage the state to make all relevant information available to the public so they are aware of the changes.

We conducted our review of your submittal according to the statutory requirements at section 1902(a) of the Act and implementing regulations. This letter is to inform you that Arkansas' Medicaid SPA Transmittal Number 20-0015 is approved effective March 1, 2020. Additionally; per Arkansas' request CMS is approving the following additions with the effective dates as indicated:

- 1) Section D. Management & Evaluation will be effective on April 13, 2020, through the end of the national emergency.
- 2) Section E. COVID-19 screening payment and use of mobile clinics will be effective on March 31, 2020, through the end of the national emergency.
- 3) Section E. Parental Consult payment will be effective on March 20, 2020, through the end of the national emergency.
- 4) Section E. Virtual Check-in payment will be effective on March 18, 2020, through the end of the national emergency.
- 5) Section D. Well Check services will be effective on April 5, 2020, through and will end on May 31, 2020. However, if the number of active COVID-19 cases is at least 1000 on May 31, 2020, the payments are authorized for an additional 30-day period. However, no extension shall authorize payments past the end date of the national public health emergency.
- 6) Section E. Day Habilitation Enhanced Payments for EIDTs and ADDTs will be effective on April 5, 2020 and will end on May 31, 2020. However, if the number of active COVID-19 cases is at least 1000 on May 31, 2020, the payments are authorized for an additional 30-day

period. However, no extension shall authorize payments past the end date of the national public health emergency.

This SPA is in addition to the Disaster Relief SPA, AR 20-0014, approved on April 15, 2020, and does not supersede anything approved in that SPA. Enclosed is a copy of the CMS-179 summary form and the approved state plan pages.

Please contact Michala Walker at 816-426-6503 or by email at [michala.walker@cms.hhs.gov](mailto:michala.walker@cms.hhs.gov) if you have any questions about this approval.
