METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES

OTHER TYPES OF CARE

The following is a description of methods and standards for determining payment rates for specific services when payments are made directly to providers. Fee-for-services payments are made in accordance with the Arizona Health Care Cost Containment System Fee-For-Service Provider Manual and are subject to the limitations set forth in Attachment 3.1-A of the State Plan. State developed fee schedule rates are the same for both governmental and non-governmental providers, unless otherwise noted on the reimbursement pages. AHCCCS rates were set as of October 1, 2018, and are effective for dates of service on or after that date. AHCCCS rates are published on the agency's website at <https://www.azahcccs.gov/PlansProviders/RatesAndBilling/FFS/> and apply to the following services: Outpatient Hospital; Laboratory; Pharmacy; Hospice; Clinic Services, including Freestanding Ambulatory Surgery Centers and Freestanding Dialysis Centers; Migrant Health Center, Community Health Center and Homeless Health Center Services, Home Health Services, including Durable Medical Equipment, Supplies and Prosthetic Devices; Diagnostic, Screening and Preventive Services; EPSDT Services; Freestanding Birth Centers; Behavioral Health; Family Planning; Physician; Nurse-Midwife; Pediatric and Family Nurse Practitioner; Other Licensed Practitioner; Dental; Vision; Respiratory Care; Transportation; Private Duty Nurse; Other Practitioners; Physical Therapy; Occupational Therapy; Services for individuals with speech, hearing and language disorders; Prosthetic devices; Screening; Preventative; Rehabilitation.

• Outpatient Hospital Services

From July 1, 2004 through June 30, 2005, AHCCCS shall reimburse a hospital by applying a hospital-specific outpatient cost-to-charge ratio to covered charges. If the hospital increases its charges for outpatient services filed with the Arizona Department of Health Services by more than 4.7 per cent for dates of service effective on or after July 7, 2004, the hospital-specific cost-to-charge ratio will be reduced by the amount that it exceeds 4.7 per cent. If charges exceed 4.7 per cent, the effective date of the increased charges will be the effective date of the adjusted AHCCCS cost-to-charge ratio.

For dates of service beginning July 1, 2005, AHCCCS shall reimburse hospitals for outpatient acute care hospital services from a prospective fee schedule, by procedure code, established by AHCCCS. Hospitals with similar characteristics (peer groups) such as: rural/CAH designation, bed size, pediatric emphasis, special needs hospitals, public ownership, GME programs or Level I Trauma Centers, may be paid percentage adjustments above the fee schedule amount not to exceed the total payments received under comparable circumstances pursuant to Medicare upper limits. Rural hospitals, defined as hospitals in Arizona, but outside Maricopa and Pima counties, may be paid an adjustment above the fee schedule amount not to exceed the total payments received under comparable circumstances pursuant to Medicare upper limits.

Services that do not have an established fee specified by the AHCCCS' outpatient hospital prospective fee schedule will be paid by multiplying the charges for the service by a statewide outpatient cost-to-charge ratio. For dates of service July 1, 2005 through September 30, 2011, the statewide outpatient cost-to-charge ratio is computed from hospitals' 2002 Medicare Cost Reports.

For dates of service beginning October 1, 2011, the statewide cost-to-charge ratio calculation shall equal either the CMS Medicare Outpatient Urban or the CMS Medicare Outpatient Rural Cost to Charge Ratio for Arizona. The urban cost-to-charge ratio will be used for hospitals located in a county of 500,000 residents or more and for out-of-state hospitals. The rural cost-to-charge ratio will be used for hospitals located in a county of fewer than 500,000 residents.

Hospitals shall not be reimbursed for emergency room treatment, observation hours, or other outpatient hospital services performed on an outpatient basis, if the eligible person is admitted as an inpatient to the same hospital directly from the emergency room, observation or other outpatient department. The emergency room, observation, and other outpatient hospital services provided before the admission are included in the inpatient reimbursement.

Outpatient hospital payments shall be subject to the quick pay discounts and the slow pay penalties described in Attachment 4.19-A.

Rebase

AHCCCS will rebase the outpatient hospital fee schedule every five years.

Rate Updates

Notwithstanding the methods and rates as otherwise described, for claims with dates of service between April 1, 2011 and September 30, 2011, all payments for outpatient hospital services will be reduced by 5% of the payment that would otherwise have been made under the methodology in effect as of October 1, 2010, as described above.

For claims with dates of service effective from October 1, 2011 to September 30, 2015, all payments for outpatient hospital services will be reduced by 5% under the methodology in effect as of October 1, 2011. For claims with dates of service effective October 1, 2015 to September 30, 2016, all payments for outpatient hospital services will be made using the methodology in effect as of September 30, 2015 resulting in a year to year 0% aggregate impact on Outpatient Hospital Rates. For claims with dates of service effective on or after October 1, 2018, outpatient hospital services will be made according to the AHCCCS fee schedule located on the AHCCCS website at <https://www.azahcccs.gov/PlansProviders/RatesAndBilling/FFS/>. These fees were updated October 1, 2018 for a 0% aggregate impact.
