DIVISION OF MEDICAID & CHILDREN'S HEALTH OPERATIONS

December 9, 2015

Mari Cantwell
Chief Deputy Director, Health Care Programs
California Department of Health Care Services
P.O. Box 997413, MS 0000
Sacramento, CA 95899-7413

Dear Ms. Cantwell:

Enclosed is an approved copy of California State Plan Amendment (SPA) 15-007. This SPA was submitted to my office on September 30, 2015 and makes technical updates to the Pediatric Immunization Program pages, which were last approved in 1994. The Pediatric Immunization Program is now called the Vaccines for Children Program (VFC) and the California Department of Public Health is responsible for the provisions of the Social Security Act, Section 1928. The SPA does not change the VFC benefit.

The effective date of this SPA is July 1, 2015. Enclosed are the following approved SPA pages that should be incorporated into your approved State Plan:

- **Section 1, pages 9a -9b**
- **Attachment 4.19(m), page 66(b)**

If you have any questions, please contact Cheryl Young by phone at (415) 744-3598 or by email at Cheryl.Young@cms.hhs.gov.

Sincerely,

/s/

Henrietta Sam-Louie
Acting Associate Regional Administrator
Division of Medicaid & Children's Health Operations

Enclosure

Citation 1 Vaccines For Children Program

1928 of the Act

1. The Vaccines for Children (VFC) program is administered by the California Department of Public Health (CDPH). Vaccines available through the VFC program are those recommended by the Centers for Disease Control and Prevention (CDC), Advisory Committee on Immunization Practices (ACIP). The VFC program maintains a list of program-enrolled providers. The VFC distributes vaccines to program-enrolled providers for immunization of federally vaccine-eligible children in accordance with the Social Security Act (SSA), Section 1928, as indicated below.
 - a. The VFC program will provide each federally vaccine-eligible child, 18 years of age and younger, with medically appropriate vaccines according to the recommended vaccine periodicity schedule developed by ACIP. All ACIP vaccines are preventive and administered without cost-sharing.
 - b. The VFC program will outreach and encourage providers to participate in the program and to administer vaccines in multiple settings. This includes, but is not limited to, private health care providers, providers that receive funds under Title V of the Indian Health Care Improvement Act and health programs or facilities operated by Indian tribes.
 - c. With respect to any population of federally vaccine-eligible children, a substantial portion of whose parents/guardians have limited ability to speak English, the VFC program will identify program-enrolled providers who are able to communicate with this population in the language and cultural context that is most appropriate.
 - d. The VFC program will instruct program-enrolled providers to determine eligibility in accordance with SSA Section 1928(b) and (h).
 - e. The VFC program will assure that program-enrolled providers submit to the State an executed provider agreement in accordance with SSA Section 1928(c) and current VFC program provider agreement terms. No vaccine will be distributed under the program to a provider unless the provider is a program-enrolled provider with an executed participation provider agreement with CDPH.
 - f. Except as authorized under SSA Section 1915(b) or as permitted by the Secretary to prevent fraud or abuse, the State will not impose any additional qualifications or conditions, in addition to those indicated above, in order for a provider to qualify as a program-enrolled provider.

4.19 (m) Medicaid Reimbursement for Administration of Vaccines under the Pediatric Immunization (Vaccines For Children) Program

1928 (c)(2) (i) A provider may impose a charge for the administration of a qualified pediatric
(C)(ii) or vaccine as stated in 1928 (c) (2) (C) (ii) of the Act. Within this overall provision,
The Act Medicaid reimbursement to providers will be administered as follows:

(ii) The State:

___ sets a payment rate at the level of the regional maximum established by the DHHS Secretary.

___ is a Universal Purchase State and sets a payment rate at the level of the regional maximum established in accordance with State law.

X sets a payment rate below the level of the regional maximum established by the DHHS Secretary.

___ is a Universal Purchase State and sets a payment rate below the level of the regional maximum established by the Universal Purchase State.

The State pays the following rate for the administration of a vaccine:

VFC: \$9

Non VFC: \$4.46

Costs associated with the administration of vaccines by a FQHC/RHC are included in the development of the Prospective Payment System (PPS) rate. Providers cannot bill an FQHC visit when only a vaccine is administered.
