Roderick Bremby, Commissioner
Department of Social Services
55 Farmington Avenue
Hartford, CT 06105

Dear Commissioner Bremby:

Enclosed for your records is an approved copy of the Connecticut Alternative Benefit Plan (ABP) State plan amendment (SPA) No. CT 15-030. This ABP, which was submitted through the Medicaid Model Data Lab (MMDL) on June 30, 2015, meets all federal statutory and regulatory requirements for establishing an ABP. This SPA was submitted to add targeted case management services for intellectual developmental disabilities (IDD) and for children with behavioral health disabilities (BHD) (corresponding with approved SPA 08-010). This ABP SPA also updates authorization requirements for behavioral health services; clarifies tobacco cessation group services reimbursement. This SPA has been approved effective April 1, 2015.

All requirements pertaining to ABPs must be met, including, but not limited to: benefits, payment rates, reimbursement methodologies, cost-sharing State plan pages, and, if applicable, managed care delivery systems (waivers and contracts). Amendments to the State's approved Medicaid program (SPAs, waivers, contracts) may require corresponding amendments to the ABP if the change to the benefit in the approved State plan will be mirrored in the ABP.

Enclosed are copies of the following approved State plan pages to be incorporated into the Massachusetts State plan:

- Attachment 3.1-L, template ABP 5, pages 1-41

If you have any questions regarding this matter you may contact Marie DiMartino at (617) 565-9157 or by e-mail at Marie.DiMartino@cms.hhs.gov

Sincerely,

/s/

Richard R. McGreal

Subject of Amendment

SPA 15-0030, effective April 1, 2015, amends the ABP as needed to remain aligned with the underlying State Plan, as follows:

1. Adds Targeted Case Management (TCM) for Individuals with Developmental Disabilities as other section 1937 services covered in the ABP. This TCM category was inadvertently omitted from the initial ABP 5.

2. Updates authorization requirements for various behavioral health services (specifically, that intensive individual and observation services no longer require prior authorization).
