

State Plan Under Title XIX of the Social Security Act

State: DELAWARE

Less Restrictive income and/or resource methodologies than those in effect as of July 16, 1996 -- continued

4. *For both applicant and recipient families, all interest and dividend income is excluded.*

The income and/or resource methodologies that the less restrictive methodologies replace are as follows:

Prior to 10/1/99, interest and dividend income is counted for both applicant and recipient families.

5. Disregard all earned income for recipients for 12 months after employment causes ineligibility.
6. The standard deduction for self-employment income is considered the cost to produce income. The standard deduction for self-employment is a percentage determined annually and announced each October. When the application of the standard deduction results in a finding of ineligibility, the applicant will be given an opportunity to show that actual self-employment expenses exceed the standard deduction. If the actual expenses exceed the standard deduction, they will be used to determine net income from self-employment.
7. Exclude all wages paid by the U.S. Census Bureau for temporary employment related to decennial Census activities.

The agency terminates medical assistance (except for certain pregnant women and children) for individuals who fail to meet TANF work requirements.

- X. The agency continues to apply the following waivers of provisions of Part A of Title IV in effect as of July 16, 1996, or submitted prior to August 22, 1996 and approved by the Secretary on or before July 1, 1997.

Delaware's F115 Demonstration Waiver for Welfare Reform. Delaware's Temporary Assistance for Needy Families (TANF) Program, was approved on May 8, 1995 and serves as the State's TANF Plan effective 3/10/97.
