METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES –
OTHER TYPES OF CARE

Tobacco Cessation Counseling Services

To maximize the effectiveness of tobacco cessation medications, counseling services are available for Medicaid beneficiary use in conjunction with cessation medication.

Counseling services must be prescribed by a licensed practitioner participating in the Delaware Medical Assistance Program (DMAP).

Clinicians and other licensed practitioners must bill their usual and customary charges and must use the appropriate CPT/CDT Codes to bill for their counseling services. Services supplied by contracted vendors are reimbursable under the terms of the agreement with the State of Delaware.

State developed fee schedule rates and any annual periodic adjustments to the fee schedule and its effective dates are published at

<http://www.dmap.state.de.us/downloads/hcpcs.html>

Assurances – Cost Sharing Exemption for Tobacco Cessation Services

The State assures that cost-sharing is prohibited for tobacco cessation services for pregnant women. In accordance with Section 1916(a)(2)(B) and section 1916A(b)(3)(B)(iii) of the Act, the State does not permit cost sharing for services furnished to pregnant women, if such services are related to the pregnancy or to any other medical condition which may complicate the pregnancy. The State assures that the prohibition on cost-sharing for pregnant women specifically includes "counseling and pharmacotherapy for cessation of tobacco use by pregnant women (as defined in section 1905(bb))."
