DIVISION OF MEDICAID & CHILDREN'S HEALTH - REGION VI

March 6, 2014

Our Reference: SPA LA 13-0049-MM1

Ms. Ruth Kennedy, State Medicaid Director Department of Health and Hospitals Bienville Building 628 North 4th Street Post Office Box 91030 Baton Rouge, LA 70821-9030

Attn: Darlene Adams Jodie Hebert

Dear Ms. Kennedy:

We have reviewed the proposed amendment to your Medicaid State Plan submitted under Transmittal Number 13-0049-MM1. This MAGI state plan submitted in the Medicaid Model Data Lab (MMDL) converts the Louisiana State Plan eligibility groups to the new MAGI-Based eligibility groups in accordance with the Patient Protection and Affordable Care Act (PPACA).

Transmittal Number 13-0049-MM1 is approved with an effective date of January 1, 2014 as requested. A copy from the MMDL of the HCFA-179, Transmittal No. 13-0049-MM1 dated December 27, 2013 is enclosed along with the approved plan pages.

If you have any questions, please contact Ford Blunt III at <u>ford.blunt@cms.hhs.gov</u> or by phone at (214) 767-6381.

Sincerely,

Bill Brooks Associate Regional Administrator

Medicaid Eligibility

The state covers all children under a specified age limit, equal to or higher than the age limit and/or income standard used in the Medicaid state plan as of March 23, 2010, provided the income standard is higher than the current mandatory income standard for the individual's age. The age limit and/or income standard used must be no higher than any age limit and/or income standard covered in the Medicaid state plan as of December 31, 2013 or under a Medicaid 1115 Demonstration as of March 23, 2010 or December 31, 2013. Higher income standards may include the disregard of all income.

C Yes @ No

Current Coverage of Reasonable Classifications Covered in the Medicaid State Plan as of March 23, 2010

The state covers reasonable classifications of children previously covered in the Medicaid state plan as of March 23, 2010, with income standards higher than the current mandatory income standard for the age group. Age limits and income standards are equal to or higher than the Medicaid state plan as of March 23, 2010, but no higher than any age limit and/or income standard for this classification covered in the Medicaid state plan as of December 31, 2013 or under a Medicaid 1115 Demonstration as of March 23, 2010 or December 31, 2013. Higher income standards may include the disregard of all income.

F Yes C No

Indicate the reasonable classifications of children that were covered in the state plan in effect as of March 23, 2010 with income standards higher than the mandatory standards used for the child's age, using age limits and income standards that are not more restrictive than used in the state plan as of as March 23, 2010 and are not less restrictive than used in the Medicaid state plan as of December 31, 2013 or under a Medicaid 1115 Demonstration as of March 23, 2010 or December 31, 2013.

Other reasonable classifications

Enter the income standard used for these classifications. The income standard must be higher than the mandatory standard for the child's age. It may be no lower than the income standard used in the state plan as of March 23, 2010 and no higher than the highest standard used in the Medicaid state plan as of December 31, 2013 or under a Medicaid 1115 Demonstration as of March 23, 2010 or December 31, 2013.

Click here once 511 form above is complete to view the income standards form.

Individuals placed in foster care homes by public agencies

- Income standard used
 - Minimum income standard

The minimum income standard for this classification of children is the AFDC payment standard in effect as of July 16, 1996, not converted to MAGI-equivalent. This standard is described in S14 AFDC Income Standards.

Maximum income standard

No income test was used (all income was disregarded) for this classification either in the Medicaid state plan as of December 31, 2013, or under a Medicaid 1115 Demonstration as of March 23, 2010 or December 31, 2013.

C Yes @ No

The state certifies that it has submitted and received approval for its converted income standards for this classification of children to MAGI-equivalent standards and the determination of the maximum income standard to be used for this classification of children under this eligibility

An attachment is submitted.

The state's maximum income standard for this classification of children (which must exceed the minimum for the classification) is:

- The state's effective income level for this classification of children under the Medicaid state plan

 6 as of March 23, 2010, converted to a MAGI-equivalent percent of FPL or amounts by household size
- The state's effective income level for this classification of children under the Medicaid state plan as of December 31, 2013, converted to a MAGI-equivalent percent of FPL or amounts by household size.
- The state's effective income level for this classification of children under a Medicaid 1115

 Demonstration as of March 23, 2010, converted to a MAGI-equivalent percent of FPL or amounts by household size.

A Medicaid 1115 Demonstration as of December 31, 2013.

The state's maximum standard for this classification of children is no income test (all income is disregarded).

Income standard chosen

Individuals qualify under this classification under the following income standard:

This classification does not use an income test (all income is disregarded).

Another income standard higher than both the minimum income standard and the effective income level for this classification in the state plan as of March 23, 2010, converted to a MAGI equivalent.

Additional new age groups or reasonable classifications covered

If the state has <u>not</u> elected to cover the Adult Group (42 CFR 435.119), it may elect to cover additional new age groups or reasonable classifications that have not been covered previously. If the state covers the Adult Group, this additional option is not available, as the standard for the new age groups or classifications is lower than that used for mandatory coverage.

The state does <u>not</u> cover the Adult Group and elects the option to include in this eligibility group additional age groups or reasonable classifications that have not been covered previously in the state plan or under a Medicaid 1115 Demonstration. Any additional age groups or reasonable classifications not previously covered are restricted to the AFDC income standard from July 16, 1996, not converted to a MAGI-equivalent standard.

Medicaid Eligibility

The state certifies that it has submitted and received approval for its converted income standard(s) for this classification of children to MAGI-equivalent standards and the determination of the maximum income standard to be used for this classification of children under this eligibility group.

An attachment is submitted.

The state's maximum income standard for this classification of children (which must exceed the minimum for the classification) is:

- The state's effective income level for this classification of children under the Medicaid state plan as of March 23, 2010, converted to a MAGI-equivalent percent of FPL.
- The state's effective income level for this classification of children under the Medicaid State Plan as of December 31, 2013, converted to a MAGI-equivalent percent of FPL.
- The state's effective income level for this classification of children under a Medicaid 1115 demonstration as of March 23, 2010, converted to a MAGI-equivalent percent of FPL.
- The state's effective income level for this classification of children under a Medicaid 1115 demonstration as of December 31, 2013, converted to a MAGI-equivalent percent of FPL.
- C 200% FPL.
- A percentage of the FPL which may exceed the Medicaid Applicable Income Level, defined in section 2110(b)(4) of the Act, but by no more than 50 percentage points.
- The state's maximum income standard for this classification of children (which must exceed the minimum for the classification) is:

212 % FPL

Income standard chosen, which must exceed the minimum income standard

Individuals qualify under the following income standard:

- The maximum income standard.
- The state's effective income level for this eligibility group under the Medicaid state plan as of March 23, 2010, converted to a MAGI-equivalent percent of FPL.
- If higher than the effective income level used under the state plan as of March 23, 2010, the state's effective income level for this eligibility group under the Medicaid state plan as of December 31, 2013, converted to a MAGI-equivalent percent of FPL.
- If higher than the effective income level used under the state plan as of March 23, 2010, the state's effective income level for this eligibility group under a Medicaid 1115 demonstration as of March 23, 2010, converted to a MAGI-equivalent percent of FPL.
- If higher than the effective income level used under the state plan as of March 23, 2010, the state's effective income level for this eligibility group under a Medicaid 1115 demonstration as of December 31, 2013, converted to a MAGI-equivalent percent of FPL.
- If higher than the effective income level used under the state plan as of March 23, 2010, 200% FPL.

TN: 13-49 Approval Date: 3-6-14 Effective Date: 1-1-14

State: Louisiana Page S54 2 of 3

- If higher than the effective income level used under the state plan as of March 23, 2010, a percentage of the FPL which may exceed the Medicaid Applicable Income Level, defined in section 2110(b)(4) of the Act, but by no more than 50 percentage points.
- Another income standard in-between the minimum and maximum standards allowed, provided it is higher than the effective income level for this eligibility group in the state plan as of March 23, 2010.

The income standard for this eligibility group is: 212 % FPI

- There is no resource test for this eligibility group.
- Presumptive Eligibility

Presumptive eligibility for this group depends upon the selection of presumptive eligibility for the Infants and Children
under Age 19 eligibility group. If presumptive eligibility is done for that group, it is done for this group under the same provisions.

Eligibility Groups - Options for Coverage Individuals with Tuberculosis

S55

1902(a)(10)(A)(ii)(XII)

Individuals with Tuberculosis - The state elects to cover individuals infected with tuberculosis who have income at or below a standard established by the state, limited to tuberculosis-related services.

- @ Yes C No
 - The state attests that it operates this eligibility group in accordance with the following provisions:
 - Individuals qualifying under this eligibility group must meet the following criteria:
 - Are infected with tuberculosis.
 - Are not otherwise eligible for mandatory coverage under the Medicaid state plan.
 - Have household income under a standard established by the state.
 - MAGI-based income methodologies are used in calculating household income. Please refer as necessary to S10 MAGI-Based Income Methodologies, completed by the state.
 - Income standard used for this group
 - Maximum income standard

First indicate the maximum income standard that could be used for this group and then indicate the income standard the state uses for the group.

The state elects to convert the effective income level for coverage of this eligibility group in effect in the Medicaid state plan as of March 23, 2010 and December 31, 2013 to MAGI-equivalent standards.

The state's maximum income standard for this eligibility group is:

- The break-even point for earned income under the SSI program.
- The effective income level for this eligibility group under the Medicaid state plan in effect as of March 23, 2010, not converted to a MAGI-equivalent standard.
- The effective income level for this eligibility group under the Medicaid state plan in effect as of December 31, 2013, not converted to a MAGI-equivalent standard.
- Income standard chosen

The state's income standard used for this eligibility group is:

- C The maximum income standard.
- C If not chosen as the maximum income standard, the break-even point for earned income under the SSI program.
- Another income standard less than the maximum standard allowed.
