DEC 23 2011

Mr. Stephen Fitton, Director Medical Services Administration Department of Community Health 400 South Pine Lansing, MI 48933

RE: Michigan State Plan Amendment (SPA) 11-10

Dear Mr. Fitton:

We have reviewed the proposed amendment to Attachment 4.19-A of your Medicaid State plan submitted under transmittal number (TN) 11-10. Effective for services on or after September 30, 2011, this amendment revises methodology for making disproportionate share hospital (DSH) payments. Specifically, this amendment sets the aggregate pool amounts and individual hospital DSH payment amounts for the Indigent Care Agreement (ICA) pool for FYs 2011 and 2012; sets the aggregate pool amounts for the Government Provider and Outpatient Uncompensated Care pools for FYs 2011 and 2012; and eliminates the Small Hospital DSH pool.

We conducted our review of your submittal according to the statutory requirements at sections 1902(a)(2), 1902(a)(13), 1902(a)(30), 1903(a), and 1923 of the Social Security Act and the regulations at 42 CFR 447 Subpart C. We hereby inform you that Medicaid State plan amendment 11-10 is approved effective September 30, 2011. We are enclosing the HCFA-179 and the amended plan pages.

If you have any questions, please call Todd McMillion at (608) 441-5344.

Sincerely,

Cindy Mann,
Director (CMCS)

2. Special Pools

In addition to the regular DSH pools of \$45,000,000, the single state agency (SSA) is establishing the following special pools:

a. Effective June 1, 2006, a separate DSH pool will be created annually for areas covered by an Indigent Care Agreement (ICA) approved by the Director of the SSA. The areas covered by an ICA must be within reasonable geographic proximity to the hospital receiving the ICA DSH payment. The ICA must be between the hospital and a partner health care related entity in the area. The ICA must stipulate that direct or indirect healthcare services be provided to low-income patients with special needs who are not covered under other public or private health care programs. This pool will be \$172,343,362 in fiscal year 2006, \$147,687,951 in fiscal year 2007, \$122,707,686 in fiscal year 2008, \$110,937,485 in fiscal year 2009, \$125,001,655 in fiscal year 2010 and ,\$107,926,496 IN FISCAL YEAR 2011, \$97,088,111 IN FISCAL YEAR 2012 AND each subsequent fiscal year. All payments made under (a) in fiscal year 2006 will occur on or after June 1, 2006. No payment will be made under (a) to any hospital with a contractual obligation to forward that payment to a partner health care related entity in the area.

To be eligible for DSH payments made under (a.), hospitals must meet minimum federal requirements for Medicaid DSH payments and have an approved ICA in place. A table showing the eligible hospitals and their annual allocations from this pool is included in Appendix B.

b. The single state agency (SSA) is creating a special DSH payment pool of \$2,772,003 million in fiscal year 2005 and \$2,764,340 for each subsequent fiscal year.

The purpose of this pool is to:

- Assure continued access to medical care for indigents, and
- Increase the efficiency and effectiveness of medical practitioners providing services to Medicaid beneficiaries under managed care.

The SSA will approve one (1) agreement statewide each state fiscal year. To be eligible for the pool, a hospital must meet the following criteria:

- Meet the minimum federal requirements for DSH eligibility listed in Section III.H.
- Have in place an approved agreement between itself and a university with both a college of allopathic medicine and a college of osteopathic medicine that specifies all services and activities to be conducted.

### d. Small Hospital Pool

A special pool of \$7.5 million will be established and renewed annually at the same level. The purpose of the pool is to assure DSH funding for hospitals and hospital systems that received less than \$900,000 in state fiscal year 2008 under Section H.1. For the purposes of this section, a hospital system is defined as two or more affiliated hospitals. Affiliations will be determined based upon Michigan Medical Services Administration hospital records, and according to policy promulgated pertinent to this DSH pool. No payment less than \$1,000 will be made from the \$7.5 million small hospital pool.

In order to receive a payment from the Small Hospital DSH Pool, all three of the following must apply:

- 1) Hospitals must meet minimum federal requirements for Medicaid DSH payments,
- 2) Hospitals must have Medicaid utilization of not less than 1% based on the formula in Section H, and,
- 3) Hospitals and hospital systems must have received less than \$900,000 in DSH payments in state fiscal year 2008 under Section H.1.

Small Hospital DSH payments will be based on Title XIX charges and Medicaid utilization. Title XIX charges used for computing DSH payments from this pool will be the sum of Title XIX charges and Title XIX MCO charges. The Medicaid utilization rate will be based on the proportion of Medicaid inpatient days to total hospital days as specified in Section H. Each hospital's Title XIX charges and Medicaid utilization will be taken from hospital cost reports for cost periods ending during the second previous state fiscal year.

The formula to calculate the distribution of payments from the Small Hospital DSH Pool will be as follows:

<del>II - HOSDITAL LITIO XI</del> .	X Charges x Hospita	I Medicaid Litiliza	tion = Hospit	al Pool Fa	ctor
,	<del>л онагувь х поврік</del>	caicaia Otinza	ilion — rioopit	<del>an oon a</del>	OLO

#### f. Government Provider DSH Pool

A special pool for non-state government-owned or operated hospitals will be established and renewed annually. The purpose of the pool is to assure funding for costs incurred by public facilities providing inpatient hospital services which serve a disproportionate number of low-income patients with special needs. The size of the pool will be the lesser of \$88,168,000 for fiscal year 2006, \$62,064,198 for fiscal year 2007, \$49,172,890 for fiscal year 2008, \$73,117,228 for fiscal year 2009 and 2010, \$82,086,703 FOR FISCAL YEAR 2011, \$73,117,228 FOR FISCAL YEAR 2012 AND each subsequent fiscal year, or the calculated Medicaid and uninsured inpatient hospital and outpatient hospital uncompensated care amounts eligible for Federal financial participation. Allocations for individual hospitals will be determined based upon non-reimbursed costs certified as public expenditures in accordance with 42 CFR 433.51.

To be eligible for the Government Provider DSH Pool, the following must apply:

- 1. Hospitals must meet minimum federal requirements for Medicaid DSH payments; and
- 2. Hospitals must be non-state government-owned or operated.

Medicare 2552 cost reports, supplemented by Michigan Medicaid Forms (MMFs) will be used to determine each hospital's allowable DSH costs eligible for federal financial participation.

An interim payment and reconciliation process will be employed when making allocations from this pool. Allowable DSH costs will be determined based on information obtained from the cost report periods ending during the second previous state fiscal year. Costs will be obtained from the most recently filed Medicare 2552 cost report and Michigan Medicaid Forms for that period. These costs will be trended to the current state fiscal year using an inflation factor taken from *Health-Care Cost Review* published quarterly by Global Insight. Interim payments will then be made.

Interim payments will be reconciled twice. First, an interim reconciliation of the original payments will be conducted based on updated allowable DSH costs. Information needed to reconcile initial payments will be obtained from hospital Medicare 2552 cost reports filed with the fiscal intermediary and Michigan Medicaid Forms for the applicable reporting period. Second, payments will be adjusted for a final time based on Medicare 2552 cost reports finalized with the fiscal intermediary and Michigan Medicaid Forms for the applicable reporting period.

### Methods and Standards for Establishing Payment Rates Inpatient Hospital Care

Aggregate DSH expenditures will be made in accordance with Section 1923(g)(1)(A) of the Social Security Act. Prior to computing the amount of payment each individual hospital is eligible to receive from this pool, all other DSH and Medicaid payments that the hospital is scheduled to receive will be counted against the hospital's DSH limit.

### g. Outpatient Uncompensated Care DSH Pool

A special pool will be created annually for the purpose of reimbursing hospitals for a portion of their uncompensated care. The pool amount will be \$38,300,000 in fiscal year 2007, \$63,200,000 in fiscal year 2008, \$60,000,000 in fiscal year 2009, \$87,000,000 in fiscal year 2010, \$69,640,500 IN FISCAL YEAR 2011, \$50,359,500 IN FISCAL YEAR 2012, AND \$60,000,000 EACH subsequent fiscal year. Payments from the pool will be made annually.

In order to qualify for a payment from the Outpatient Uncompensated Care DSH Pool, hospitals must meet the minimum requirements for Medicaid DSH payments as specified in Section H. Funds will be distributed from the Outpatient Uncompensated Care DSH Pool to qualifying Privately-Owned or Operated and Non-State Government-Owned or Operated DSH eligible hospitals in Michigan.

The Outpatient Uncompensated Care DSH Pool will be split into Small and Rural and Large-Urban components as follows:

Component	Fiscal Year 2007	Fiscal Year 2008	Fiscal Year 2009	Fiscal Year 2010	FISCAL YEAR 2011	FISCAL YEAR 2012	Subsequent Fiscal Years
Small and Rural components	\$18,900,000	\$31,100,000	\$30,000,000	\$43,5000,000	\$34,820,250	\$25,179,750	\$30,000,000
Large-Urban components	\$19,400,000	\$32,100,000	\$30,000,000	\$43,5000,000	\$34,820,250	\$25,179,750	\$30,000,000
TOTALS	\$38,300,000	\$63,200,000	\$60,000,000	\$87,000,000	\$69,640,500	\$50,359,500	\$60,000,000

For purposes of distributions from this pool, any qualifying DSH hospital located in Michigan with less than 100 acute care beds or any qualifying DSH hospital located in a Michigan rural or Micropolitan County will be eligible to receive a proportional share of the Small and Rural components of the pool.

Also for purposes of distributions from this pool, any qualifying DSH hospital with 100 or more acute care beds and located in an urban Michigan county will be eligible to receive a proportional share of the Large-Urban components of the pool.

The distribution of funding from the Outpatient Uncompensated Care DSH Pool will be based on each hospital's proportion of outpatient uncompensated care relative to other hospitals in the pool. The formula below will be used to calculate the distribution of payments from the Outpatient Uncompensated Care DSH Pool.

Detail:

Effective for services on or after September 30, 2011, this amendment revises methodology for making DSH payments. Michigan makes disproportionate share hospital (DSH) payments from several DSH pools. Specifically, this amendment sets the aggregate pool amounts and individual hospital DSH payment amounts for the ICA pool for FYs 2011 and 2012; sets the aggregate pool amounts for the Government Provider and Outpatient Uncompensated Care pools for FYs 2011 and 2012, and eliminates the Small Hospital pool. The non-Federal share of these payments is funded through a combination of State appropriations, IGTs, CPE, and a permissible hospital provider tax. There are no issues with the UPL. The State met public process requirements.

The State is changing the sizes of certain DSH pools in order to move DSH payments between fiscal years to both minimize the impact on providers and recipients and avoid the need to make actual payment reductions. For this reason, the State doesn't feel the reduction in payments in FFY 2012 will have a negative impact on access.

Other Considerations:

This plan amendment has not generated significant outside interest and

we do not recommend the Secretary contact the governor.

**Recovery Act Impact:** 

The Regional office has reviewed this state plan amendment in conjunction with the Recovery Act and, based on the available information provided by the State regarding 1) MOE; 2) local match; 3) prompt pay; 4) rainy day funds, and 5) eligible expenditures, the Regional Office believes that the State is not in violation of the Recovery Act requirements noted above.
