Re: Minnesota State Plan Amendment (SPA) 20-0003

Dear Mr. Anderson:

We have reviewed the proposed amendment to add section 7.4 Medicaid Disaster Relief for the COVID-19 National Emergency to your Medicaid state plan, as submitted under transmittal number (TN) 20- 0003. This amendment proposes to implement temporary policies, which are different from those policies and procedures otherwise applied under your Medicaid state plan, during the period of the Presidential and Secretarial emergency declarations related to the COVID-19 outbreak (or any renewals thereof).

On March 13, 2020, the President of the United States issued a proclamation that the COVID-19 outbreak in the United States constitutes a national emergency by the authorities vested in him by the Constitution and the laws of the United States, including sections 201 and 301 of the National Emergencies Act (50 U.S.C. 1601 *et seq.*), and consistent with section 1135 of the Social Security Act (Act). On March 13, 2020, pursuant to section 1135(b) of the Act, the Secretary of the United States Department of Health and Human Services invoked his authority to waive or modify certain requirements of titles XVIII, XIX, and XXI of the Act as a result of the consequences of the COVID-19 pandemic, to the extent necessary, as determined by the Centers for Medicare & Medicaid Services (CMS), to ensure that sufficient health care items and services are available to meet the needs of individuals enrolled in the respective programs and to ensure that health care providers that furnish such items and services in good faith, but are unable to comply with one or more of such requirements as a result of the COVID-19 pandemic, may be reimbursed for such items and services and exempted from sanctions for such noncompliance, absent any determination of fraud or abuse. This authority took effect as of 6PM Eastern Standard Time on March 15, 2020, with a retroactive effective date of March 1, 2020. The emergency period will terminate, and this state plan provision will no longer be in effect, upon termination of the public health emergency, including any extensions.

The State of Minnesota requested a modification of the requirement to submit SPAs related to the COVID-19 emergency by March 31, 2020, to obtain a SPA effective date during the first calendar quarter of 2020, pursuant to 42 C.F.R. §430.20. CMS is approving this request pursuant to section 1135(b)(5) of the Act.

The State of Minnesota also requested a waiver of public notice requirements applicable to the state plan amendment (SPA) submission process. Public notice for SPAs is required under 42 C.F.R. §447.205 for changes in statewide methods and standards for setting Medicaid payment rates, 42

C.F.R. §447.57 for changes to premiums and cost sharing, and 42 C.F.R. §440.386 for changes to ABPs. These requirements help to ensure that the affected public has reasonable opportunity to comment on these SPAs.

CMS recognizes that during this public health emergency, Minnesota must act expeditiously to protect and serve the general public. Therefore, under section 1135(b)(1)(C) and 1135(b)(5) of the Act, CMS is approving the state's request to waive these notice requirements applicable to this SPA.

The State of Minnesota also requested a waiver to modify the tribal consultation timeline applicable to this SPA submission process. Under section 1135(b)(5) of the Act, CMS is also approving the State of Minnesota's request for flexibility to modify the timeframes associated with tribal consultation required under section 1902(a)(73) of the Act, including shortening the number of days before submission or conducting consultation after submission of the SPA.

These approvals under section 1135 only apply with respect to SPAs that provide or increase beneficiary access to items and services related to COVID-19 (such as cost sharing waivers, payment rate increases, or amendments to ABPs to add services or providers) and that would not restrict or limit payment or services or otherwise burden beneficiaries and providers, and that are temporary, with a specified sunset date that is not later than the last day of the declared COVID-19 emergency (or any extension thereof). Even though CMS is approving this waiver, we encourage the state to make all relevant information available to the public so they are aware of the changes.

We conducted our review of your submittal according to the statutory requirements at section 1902(a) of the Act and implementing regulations. This letter is to inform you that Minnesota's Medicaid SPA Transmittal Number 20-0003 is approved effective March 19, 2020. Enclosed is a copy of the CMS-179 summary form and the approved state plan pages.

Please contact Sandra Porter at 312-353-8310 or by email at Sandra.Porter@cms.hhs.gov if you have any questions about this approval. We appreciate the efforts of you and your staff in responding to the needs of the residents of the State of Minnesota and the health care community.

Sincerely,

Anne M.

On March 13, 2020, pursuant to section 1135(b) of the Act, the Secretary of the United States Department of Health and Human Services invoked his authority to waive or modify certain requirements of titles XVIII, XIX, and XXI of the Act as a result of the consequences COVID-19 pandemic, to the extent necessary, as determined by the Centers for Medicare & Medicaid Services (CMS), to ensure that sufficient health care items and services are available to meet the needs of individuals enrolled in the respective programs and to ensure that health care providers that furnish such items and services in good faith, but are unable to comply with one or more of such requirements as a result of the COVID-19 pandemic, may be reimbursed for such items and services and exempted from sanctions for such noncompliance, absent any determination of fraud or abuse. This authority took effect as of 6PM Eastern Standard Time on March 15, 2020, with a retroactive effective date of March 1, 2020.
