Department of Human Services
600 East Boulevard Avenue
Department 325
Bismarck, ND 58505-0250

Re: North Dakota 18-0006

Dear Ms. Anderson:

We have reviewed the proposed amendment to Attachment 4.19-D of your Medicaid State plan submitted under transmittal number (TN) 18-0006. Effective for services on or after January 1, 2018, this amendment provides for updates to the nursing facility reimbursement methodology. Specifically, this amendment increases the operating margin to 3.74 percent; this increase is then added to the rate for the direct care and other direct care cost categories.

We conducted our review of your submittal according to the statutory requirements at sections 1902(a)(2), 1902(a)(13), 1902(a)(30) and 1903(a) of the Social Security Act and the implementing Federal regulations at 42 CFR 447 Subpart C. We are pleased to inform you that Medicaid State plan amendment TN 18-0006 is approved effective January 1, 2018. The CMS-179 and the amended plan page are attached.

If you have any questions, please contact Christine Storey at (303) 844-7044.

Sincerely,

Kristin Fan
Director

| 23. REMARKS: | | | |

- b. A facility which has an actual rate that exceeds the limit rate for a cost category will receive the limit rate.
2. The department will review, on an ongoing basis, aggregate payments to nursing facilities to determine that payments do not exceed an amount that can reasonably be estimated would have been paid for those services under Medicare payment principles. If aggregate payments to nursing facilities exceed estimated payments under Medicare, the department will make adjustments to rates to establish the upper limitations so that aggregate payments do not exceed an amount that can be estimated would have been paid under Medicare payment principles.
 3. The department shall accumulate and analyze statistics on costs incurred by the nursing facilities. These statistics may be used to establish reasonable ceiling limitations taking into consideration relevant factors including resident needs, nursing hours necessary to meet resident needs, size of the nursing facility and the costs that must be incurred for the care of residents in an efficiently and economically operated nursing facility.
 4. The department shall establish limits on actual allowable historical operating cost per diems based on cost reports of allowable operating costs. The limit rates shall be the median rate plus 20 percent for the Direct Care cost category; the median rate plus 20 percent for the Other Direct care category; and the median rate plus 10 percent for the Indirect Care cost category. Until a new base period is established, the department shall adjust the limits annually by the adjustment factor set forth in Section 24 – Adjustment Factors for Direct Care, Other Direct Care and Indirect Care Costs and the limit rate for those rate years may not fall below the median rate for the cost category of the applicable cost report year.
 5. For rates through December 31, 2016 and for rates effective June 1, 2017, for a facility with an actual rate below the limit rate for Indirect Care costs, an incentive amount equal to 70% times the difference between the actual rate, exclusive of inflation indices, and the limit rate, in effect at the end of the year immediately preceding the rate year, up to a maximum of \$2.60, or the difference between the actual rate, inclusive of the adjustment factor and the limit rate for indirect care costs, whichever is less will be included as part of the Indirect Care cost rate.
 6. For rates effective January 1, 2018, a facility will receive an operating margin of 3.74% based on the lesser of the actual Direct Care and Other Direct Care rates, exclusive of inflation indices, or the limit rate, in effect at the end of the year immediately preceding the rate year. The 3.74% operating margin will then be added to the rate for the Direct Care and Other Direct Care cost categories.
