RE: TN 19-0011

Dear Mr. Brunssen:

We have reviewed the proposed Nebraska State Plan Amendment (SPA) to Attachment 4.19-B, NE-19-0011, which was submitted to the Centers for Medicare & Medicaid Services (CMS) on September 23, 2019. This plan amendment updates various Nebraska non-institutional rates effective July 31, 2019. In summary, Nebraska is implementing a 2% increase in provider rates, with an additional 2% increase for behavioral health providers.

Based upon the information provided by the State, we have approved the amendment with an effective date of July 31, 2019. We are enclosing the approved CMS-179 and a copy of the new state plan pages.

If you have any additional questions or need further assistance, please contact Mark Wong at (415) 744-3561 or mark.wong@cms.hhs.gov.

Sincerely,

Todd McMillion

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State Nebraska

When services which are reimbursed per a fee schedule, except as otherwise noted in the plan, state-developed fee schedule rates are the same for both governmental and private providers. Except for Clinical Laboratory services and Injectable Drugs, the agency's rates were set as of July 31, 2019, and are effective for services on or after that date. All rates are published at: <http://dhhs.ne.gov/Pages/Medicaid-Provider-Rates-and-Fee-Schedules.aspx>.

The fee schedule amounts for Injectables are based on 100% Medicare Drug fee schedule. The Department shall update the Injectables Fee Schedule using the most current calendar update as published by the Centers for Medicare and Medicaid Services.

Injectable medications approved by the Medicaid Medical Director but not included on the Medicare Drug Fee Schedule will be reimbursed at the estimated acquisition cost (EAC) used to reimburse pharmacy claims.

The agency's fee schedule rate was set as of July 31, 2019 and is effective for services provided on or after that date.

Payment methods for each service are defined in Attachment 4.19-B, Methods and Standards for Establishing Payment Rates, as referenced below.

METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES

Payment for Outpatient Hospital and Emergency Room Services: For services provided on or after July 31, 2019, the Department pays for outpatient hospital and emergency services with a rate which is the product of:

1. Eighty percent (84%) of the cost-to-charges ratio from the hospital's latest Medicare cost report (Form CMS-2552-89, Pub. 15-II, Worksheet C); multiplied by
2. The hospital's submitted charges on Form CMS-1450 (UB-04).

The effective date of the cost-to-charges percentage is the first day of the month following the Department's receipt of the cost report.

Providers shall bill outpatient hospital and emergency room services on Form CMS-1450 (UB-04) in a summary bill format. Providers shall not exceed their usual and customary charges to non-Medicaid patients when billing the Department.

Exception: All outpatient clinical laboratory services must be itemized and identified with the appropriate HCPCS procedure codes. The Department pays for clinical laboratory services based on the fee schedule determined by Medicare.

Payment for Outpatient Hospital and Emergency Room Services Provided by Critical Access Hospitals: Effective for cost reporting periods beginning after July 1, 2016, payment for outpatient services of a CAH is one hundred percent (100%) of the reasonable cost of providing the services, as determined under applicable Medicare principles of reimbursement, except that the following principles do not apply: the lesser of costs or charges (LCC) rule and the reasonable compensation equivalent (RCE) limits for physician services to providers. Nebraska Medicaid will adjust interim payments to reflect elimination of any fee schedule methods for specific services, such as laboratory services, that were previously paid for under those methods. Payment for these and other outpatient services will be made at one hundred percent (100%) of the reasonable cost of providing the services. Professional services must be billed by the physician or practitioner using the appropriate physician/practitioner provider number, not the facility's provider number. To avoid any interruption of payment, Nebraska Medicaid will retain and continue to bill under existing provider numbers until new CAH numbers are assigned.
