4.19(m) Medicaid Reimbursement for Administration of Vaccines under the Pediatric Immunization Program

1928(c)(2) ( i ) A provider may impose a charge for the administration of a qualified pediatric  
(C)(ii) of Act vaccine as stated in 1928(c)(2)(C)(ii) of the Act. Within this overall provision, Medicaid reimbursement to providers will be administrated as follows:

( ii ) The State:

\_\_\_ sets a payment rate at the level of the regional maximum established by the DHHS Secretary.

\_\_\_ is a Universal Purchase State and sets a payment rate at the level of the regional maximum established in accordance with State law.

X sets a payment rate below the level of the regional maximum established by the DHHS Secretary.

\_\_\_ is a Universal Purchase State and sets a payment rate below the level of the regional maximum established by the Universal Purchase State.

1926 of ( iii ) Medicaid beneficiary access to immunization is assured through the following  
the Act methodology:

The Nevada State Health Division is designated as the lead Agency for the Pediatric Immunization Program. As such, the Health Division is responsible for the ordering, storage and shipping of vaccine from the Centers for Disease Control and Prevention as well as for the recruitment, education, and review of immunization practices of providers. The Nevada Medicaid Program (through the Division of Health Care Financing and Policy) reimburses health care professionals who are contracted with the Nevada Medicaid Program for the administration of immunizations provided to Medicaid eligible individuals.

The Division of Health Care Financing and Policy (Nevada Medicaid Program) and the Nevada State Health Division are sister agencies. Nevada Medicaid staff collaborate with the Health Division and staff of the District Offices to provide outreach regarding immunizations.

Nevada Medicaid Program Managed Care Organizations (MCO) require network providers to enroll in the Vaccines for Children (VFC) Program and to work with the Health Division regarding immunizations.
