For adult day health care services provided on and after January 1, 2007, medical assistance rates of payment to diagnostic and treatment centers shall be increased up to an annual amount of \$2.8 million in the aggregate. Such amount shall be allocated proportionally among eligible providers based on the medical assistance visits reported by each provider in the most recently available cost report, as submitted to the Department of Health. Such allocated amounts will be included as an adjustment to each provider's daily rate of payment for such services.

Effective for adult day health care services rendered on and after January 1, 2007 through December 31, 2009, and for adult day health care services provided to patients diagnosed with AIDS on and after April 1, 2009, medical assistance rates of payments shall reflect trend factor adjustments computed in accordance with the previously approved trend factor methodology. Such adjustments shall be applied to the operational cost component of the rate.

Effective April 1, 2011 through June 30, 2011, rates of payment for adult day health care services provided to patients with AIDS or other HIV related illnesses shall be increased by an additional aggregate amount of \$1,156,650 to be allocated proportionally among such providers based on the Medicaid visits as reported in the most recently available cost report submitted to the State by January 1, 2011.

patients for which fee-for-service reimbursement is available as determined by the Department of Health.

Medical assistance rates of payment for adult day health care services provided on and after December 1, 2002 to patients with AIDS/HIV by a residential health care facility shall be increased by three percent.

This increase to rates of payment will be for purposes of improving recruitment and retention of non-supervisory workers or any worker with direct patient care responsibility. Programs are prohibited from using the funds for any other purpose. The Commissioner of Health is authorized to audit each program to ensure compliance with the purpose for which this funding is provided and shall recoup any funds determined to have been used for purposes other than recruitment and retention.

To generate a threshold day care bill, the provider must ensure that clients receive a core service and be in attendance for a minimum of three hours, and over the course of the week, receive a minimum of three hours of health care services. Health care services are defined as both the core services and health related services that are therapeutic in nature and directly or indirectly related to the core services, which must be identified on the client's comprehensive care plan. Each visit must include a core service. A bill cannot be generated if these two requirements are not met.

**Core services include:**

- Medical visits
- Nursing visits
- Individual and group Mental Health services
- Individual and group Nutrition counseling services
- Individual and group Substance Abuse counseling services
- Medication group counseling
- Activities of Daily Living
- Physical and Occupational Therapy services
- Case management services
- Prevention/Risk reduction counseling
- Any routine assessment performed by an appropriately credentialed staff person

**Health related (non-core) services include:**

- Group exercise sessions
- Acupuncture
- Breakfast and/or lunch
- Therapeutic massage
- Yoga
- Pastoral care
- Therapeutic recreation and structured socialization services
- Tai-chi

For adult day health care services provided on and after January 1, 2007, medical assistance rates of payment to residential health care facilities shall be increased up to an annual amount of \$2.8 million in the aggregate. Such amount shall be allocated proportionally among eligible providers based on the medical assistance visits reported by each provider in the most recently available cost report, as submitted to the Department of Health. Such allocated amounts will be included as an adjustment to each provider's daily rate of payment for such services.

For adult day health care services rendered on and after January 1, 2007, through December 31, 2009, and for adult day health care services provided to patients diagnosed with AIDS on and after April 1, 2009, medical assistance rates of payments shall reflect trend factor adjustments computed in accordance with the previously approved trend factor methodology contained [on page 1(c)(i)] in this Attachment.

Effective April 1, 2011 through June 30, 2011, rates of payment for adult day health care services provided to patients with AIDS or other HIV related illnesses shall be increased by an additional aggregate amount of \$946,350 to be allocated proportionally among such providers based on the Medicaid visits as reported in the most recently available cost report submitted to the State by January 1, 2011.

(h) For the period April 1, 2007 and thereafter, rates of payment for adult day health care services provided by residential health care facilities, shall be computed in accordance with the following:

- (i) the operating component of the rate for an adult day health care program that has achieved an occupancy percentage of 90% or greater for a calendar year, prior to April 1, 2007, shall be calculated utilizing allowable costs reported in the 2004, 2005, or 2006 calendar year residential health care facility cost report filed by the sponsoring residential health care facility, whichever is the earliest of such calendar year cost reports in which the program has achieved an occupancy percentage of 90% or greater, except that programs receiving rates of payment based on allowable costs for a period prior to April 1, 2007 shall continue to receive rates of payment based on that period;
- (ii) for programs that achieved an occupancy percentage of 90% or greater prior to calendar year 2004 but did not maintain occupancy of 90% or greater in calendar years 2004, 2005, or 2006, the operating component of the rate of payment will be calculated utilizing allowable costs reported in the 2004 calendar year cost report divided by visits imputed at 90% occupancy.
