RE: State Plan Amendment 14-023

Dear Ms. Mackereth:

We have completed our review of State Plan Amendment (SPA) 14-023. This SPA modifies Attachment 4.19-A of Pennsylvania's Title XIX State Plan. Specifically, the amendment establishes an additional class of disproportionate share hospital payments to promote access to services and to support academic medical programs.

We conducted our review of this SPA according to the statutory requirements at sections 1902(a)(3), 1902(a)(13), 1902(a)(30), 1903(a), and 1923 of the Social Security Act (the Act) and the regulations at 42 CFR 447 Subpart C. We are approving state plan amendment 14-023 effective April 13, 2014. We are enclosing the HCFA-179 and the amended plan pages.

If you have any questions, or require additional information, please call Gary Knight at (304) 347-5723.

Sincerely,

Cindy Mann Director

METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES-INPATIENT HOSPITAL CARE

## ADDITIONAL CLASS OF DISPROPORTIONATE SHARE PAYMENTS

The Department will make a disproportionate share (hospital DSH) payment to qualifying hospitals to promote additional access to inpatient and ancillary outpatient services and to support academic medical programs for integrated patient centered medical services.

The Department determines a hospital eligible for this additional class of DSH payment if the hospital meets all of the criteria listed below. Unless otherwise stated, the source of the information is the State Fiscal Year 2010-2011 Medical Assistance (MA) hospital cost report (MA-336).

- The hospital is enrolled in the Pennsylvania (PA) MA Program as a general acute care hospital.
- b) The hospital is ranked at or above the 92nd percentile of all acute care hospitals on the total acute care inpatient days provided to MA beneficiaries.
- The hospital is ranked at or above the 94<sup>th</sup> percentile of all acute care hospitals on net PA MA Outpatient Revenues.
- d) The hospital is accredited as an Adult Level I Trauma Center and a Pediatric Level I Trauma Center according to the Pennsylvania Trauma Systems Foundation's 2012 Annual Report.
- e) The hospital is part of an academic medical center that includes a regional medical campus in a county of the fourth class.

For FY 2013-2014, the Department will allocate \$5.379 million (\$2.500 million in State General funds and \$2.879 million Federal funds) for this additional class of DSH payments. Payments will be divided proportionally among all qualifying hospitals based on each hospital's total MA acute care inpatient days to total MA acute care inpatient days for all qualified hospitals. In making these payments, the Department will ensure that no hospital will receive any DSH payment that is in excess of its hospital-specific DSH upper limit and the Commonwealth will not exceed its aggregate DSH allotment.
