23. REMARKS:

"Free-Standing contracting pharmacies not otherwise reimbursed by Medicaid for others service on a cost basis.

"In-House" pharmacies reimbursed by Medicaid on a cost basis for other services.

Dispensing physicians are reimbursed only for the cost of the drug.

Additional Upper Limit Application:

The upper limits are described in this Attachment Section also apply in cases where prescribed drugs are furnished as part of SNF or ICF services or under prepaid capitation arrangements. Contracts between the State Agency and the underwriter, carrier, foundation, HMO or other insurers containing the terms of such prepaid capitation arrangements shall include a provision imposing the same upper limits for reimbursement or prescribing drugs.

12.c Prosthetic Devices and Medical Supplies, Equipment and Services:

Certain medical services, supplies, and equipment (including equipment servicing) that do not generally vary significantly in quantity will be reimbursed at a rate not to exceed the rate established by the Medicare carrier in the area at the lowest charge level at which the service, supplies, and equipment are widely and consistently available within their locality according to the procedures prescribed in 42 CFR 405.511. A list of these items of service is published in the federal regulations. This upper limit is applicable to such services furnished under both Medicare and Medicaid.

For selected services and items furnished only under Medicaid (and identified and published by the Secretary of HHS by regulations), the Medicaid agency must calculate the lowest charge levels under the procedures specified in 42 CFR 405.511^(c) and (d), and limit payments to that amount.

Pregnant women, individuals participating in family planning services, infants and children up to age 19 will not be subject to co-pay.

Hearing Aids - A consolidated contract between the Department of Health and Human Services (DHHS) and Department of Health and Environmental Control (DHEC) is in effect to provide hearing aids, accessories and repair to eligible Medicaid recipients 21 years old and under using S-codes.

Home Dialysis - Reimbursement for equipment and supplies are included in the all-inclusive rate paid only to the End Stage Renal Dialysis Clinic.

12.d Eyeglasses

Eyeglass services are covered for lenses, frames and other services as outlined in the Physician, Laboratories, and Other Medical Professionals manual to recipients under the age of 21. These services are provided by enrolled retail optical establishments or self-employed ophthalmic dispensers (opticians). Except as otherwise noted in the plan, state-developed fee schedule rates are the same for both governmental and private providers of eyeglasses. Providers of eyeglasses and contact lenses are reimbursed the lesser of the providers billed charges or fees determined by SCDHHS, which are based on a review of Medicare fees and/or other data available to SCDHHS, such as relevant cost or fee surveys. The agency's fee schedule rate was set as of January 1, 2014 and is effective for services provided on or after that date. All rates are published on the agency's website at www.scdhhs.gov.
