RE: Title XIX State Plan Amendment, SC 14-008

Dear Mr. Soura:

We have reviewed the proposed State Plan Amendment, SC 14-008, which was submitted to the Atlanta Regional Office on December 13, 2014. This state plan amendment is adding Tuberculosis (TB) related services for the optional TB eligibility group pursuant to section 1902(z)(1) of the Social Security Act.

Based on the information provided, the Medicaid State Plan Amendment SC 14-008 was approved on March 11, 2015. The effective date of this amendment is November 4, 2014. We are enclosing the approved HCFA-179 and the plan pages.

A companion letter is also being issued with this approval to address Rural Health Clinics (RHCs) and Federally Qualified Health Centers (FQHCs) sections of Attachment 4-19-B in the state plan. Based on our review, we determined that approval of this section of the state plan is not integral to the approval of the SPA. However, it was noted that RHC and FQHC sections of the state plan do not include the State's process for adjusting rates when there has been a change in scope of service.

If you have any additional questions or need further assistance, please contact Maria Drake at (404) 562-3697 or Cheryl A. Wigfall at (803) 252-7299.

Sincerely,

//s//

RE: Title XIX State Plan Amendment (SPA), SC 14-008 Companion Letter

Dear Mr. Soura:

This letter is being sent as a companion to our approval of South Carolina State Plan Amendment (SPA) 14-008 that was submitted to provide coverage and reimbursement language for the Tuberculosis Program.

The Centers for Medicare & Medicaid Services (CMS) has the following concerns related to our review of SC SPA 14-008 which include Rural Health Clinics (RHCs) and Federally Qualified Health Centers (FQHCs) sections of Attachment 4-19-B in the state plan. Based on our review, we determined that approval of this section of the state plan is not integral to the approval of the SPA. However, it was noted that RHC and FQHC sections of the state plan do not include the State's process for adjusting rates when there has been a change in scope of service.

In accordance with Medicaid Prospective Payment System (PPS) for FQHC and RHC enacted into law under section 702 of the Benefits Improvement and Protection Act (BIPA) of 2000 requires that the state plan include language that describes the PPS rate adjustment process when there is a change in scope of services.

Section 702 of BIPA 2000 states that the PPS rate must be "adjusted to take into account any increase or decrease in the scope of such services furnished by the center or clinic during the fiscal year". A change in the scope of FQHC/RHC services shall occur if: (1) the center/clinic has added or has dropped any service that meets the definition of FQHC/RHC services as provided in section 1905(a)(2)(B) and (C); and, (2) the service is included as a covered Medicaid service under the Medicaid state plan approved by the Secretary. A change in the 'scope of services' is defined as a change in the type, intensity, duration and/or amount of services. A change in the cost of a service is not considered in and of itself a change in the scope of services. In making such an adjustment, state agencies must add on the cost of new FQHC/RHC services even if these services do not require a face-to-face visit with a FQHC/RHC provider, e.g., laboratory, x-rays, drugs, outreach, case management, transportation, etc.

Mr. Christian L. Soura Page 2

Within 90 days of the date of this letter, the state is required to submit a State plan amendment that resolves the issues, or a corrective action plan to resolve the issues, whichever is most appropriate. During the 90-day period, CMS is available to provide technical assistance to the state. State plans that are not in compliance with the requirement referenced above are grounds for initiating a formal compliance process.

If you have any questions regarding this amendment, please contact Cheryl Wigfall at (803) 252-7299.

Sincerely,

//s//

Jackie Glaze Associate Regional Administrator Division of Medicaid & Children's Health Operations

# 19.b Tuberculosis (TB) related services under section 1902(z)(2)(A) - (D) and (F) of the Act

TB related services are available for persons identified as having active TB disease, or who have been exposed to TB. Recipients who are identified with TB disease or TB infection who are in other eligibility category and those who qualify for TB Only Related Services will be covered. TB-related services listed in section 1902(z)(2)(A)-(D) are furnished to the same extent as these services are available to other categorically needy individuals when the service is related to the diagnosis, treatment or management of the eligible individual's TB.

#### Services include:

- Prescribed drugs;
- Physician services and services related to TB including outpatient hospital services, public health clinics, rural health clinic services, and federally qualified health center services;
- Laboratory and X-ray services (including those to confirm the presence of infection or disease);

Directly Observed Therapy (DOTDOT services are covered where patients are observed to ingest each dose of anti-tuberculosis medications, to maximize the likelihood of completion of therapy. DOT services includes medication monitoring.

Non-Covered Services

• This plan does not cover hospital stays or room and board.

#### Providers Eligible to Bill for this Service

The South Carolina Department of Health and Environmental Control (SCDHEC) is the single state agency that is responsible to protect the citizens by treating both TB and latent TB, identifying and testing individuals exposed to TB, and screening and testing persons who might have a high risk of getting the disease. SCDHEC clinic providers and all Medicaid enrolled providers with prescriptive authority are responsible for prescribing an appropriate medication regimen and also for ensuring successful completion of established SCDHEC TB protocols.

To be eligible to bill for TB services a provider shall:

- a. meet South Carolina Medicaid qualifications for participation;
- b. be currently Medicaid enrolled; and
- c. bill only for procedures and services that are within the scope of their clinical practice, as defined by S. C. Labor Licensing and Regulation.

The following providers in a health department setting are eligible to perform this service:

- a. Physicians
- b. Nurse practitioners
- c. Physician assistants
- d. Public Health Nurses (A public Health Nurse is a Registered Nurse or Nurse Practitioner that is working under the approved protocol of a Public Health Physician)
