#### HEALTH PROFESSION EDUCATION

The Department of Social Services supports the direct graduate medical education (GME) of health professionals through the use of Medicaid funds. All in-state, private hospitals which are accredited by the Accreditation Council for Graduate Medical Education (ACGME) are eligible for health profession education payments. Those hospitals are identified through the use of theirmost recently-filed Medicare 2552-10, cost reports. Specifically, worksheet E-4 (Line 1.00) is utilized to identify the number of weighted full-time equivalents for primary care physicians at participating facilities. The agency calculates the Medicaid hospital patient days using the Division of Medical Services (DMS) Cost Settlement Details report of adjudicated claims for the same period as the Medicare 2552 cost report.

Hospitals seeking GME payments must submit an application to DMS prior to the end of the State Fiscal Year. The agency will make payments, as defined below, annually prior to the end of the state fiscal year through the State's Medicaid Management Information System (MMIS) payment system. Payments will be made directly to the qualifying hospitals through a supplemental payment mechanism and will appear on the facility's remittance advice. Each hospital will receive written notification at the time of payment of the payment amount from DMS. GME payments made in error will be recovered via a supplemental recovery mechanism and will appear on the facility in writing explaining the error prior to the recovery. A hospital must notify DMS in writing within 30 days of the effective date if it intends to terminate operation of a GME program, and must notify DMS in writing prior to the end of the State Fiscal Year if it does not wish to participate in the funding pool regardless of whether it is continuing GME.

The agency will determine the annual payment pool prior to the beginning of each State Fiscal Year on July 1.

The pool will be distributed based upon the allocation percentage of each hospital. The hospital allocation percentage will be developed using prior year total Medicaid inpatient days and weighted intern and resident (I & R) full time equivalency (FTE). The State uses the prioryear's cost report data as a proxy for the current year. For example, the State Fiscal Year 2008calculation of allocations from the payment pool was as follows:

	(a) Weighted I & R FTEs	(b) Medicaid Hospital Patient Days	(c) (a*b) Weighted FTE Days	(d) Hospital Allocation Percentage	Payment Pool Total
Hospital A	17	11,450	194,650	35.34%	\$1,052,009
Hospital B	22	10,692	232,230	42.16%	\$1,255,116
Hospital C	23	5,342	123,988	22.51%	\$670,107
Totals	62	27,484	550,868	100.00%	\$2,977,233

Total State funds available for payment through the pool are listed on the department's website, <u>http://dss.sd.gov/medicaid/providers/feeschedules/</u>, effective July 1, 2015.
