### RE: WA State Plan Amendment (SPA) Transmittal Number #17-0040 – Approval

Dear Ms. Lindeblad:

We have reviewed the proposed amendment to Attachment 4.19-A of your Medicaid State plan submitted under transmittal number (TN) 17-0040. This SPA provides a rate increase for psychiatric hospitals that provide 200 or more psychiatric bed days. Qualifying freestanding psychiatric hospitals are set to 68.15% of the statewide average cost per day. All other hospitals are adjusted to the greater of 75% of their provider specific cost, or their current Medicaid psychiatric per diem rate.

We conducted our review of your submittal according to the statutory requirements at sections 1902(a)(2), 1902(a)(13), 1902(a)(30), 1903(a), and 1923 of the Social Security Act and the implementing Federal regulations at 42 CFR 447 Subpart C. We are pleased to inform you that Medicaid State plan amendment 17-0040 is approved effective as of October 1, 2017. For your files, we are enclosing the HCFA-179 transmittal form and the amended plan pages.

If you have any questions concerning this state plan amendment, please contact Tom Couch, CMS' RO NIRT Representative at 208-861-9838 or <u>Thomas.Couch@cms.hhs.gov</u>.

Sincerely,

Kristin Fan

Director

#### STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State WASHINGTON

E. PER DIEM, PER CASE, AND RCC PAYMENT METHODS (cont.)

- 1. PER DIEM RATE (cont.)
  - ✓ Effective for dates of admission on or after July 1, 2013, per diem rates for specialty services will decrease by eleven and fifty one-hundredths (11.50%) from the rates that were established for dates of admission on and after February 1, 2010. This rate adjustment is in accordance with Chapter 74.60 RCW, as amended by the Legislature in 2013. The July 1, 2013, rates will be equal to the July 1, 2009, rates.
  - ✓ Effective for dates of admission on or after July 1, 2014, psychiatric rates were rebased at cost using the same methods as described above, based on cost information for hospital fiscal years ending in 2013. The Agency applied a budget adjuster so that aggregate inpatient payments would remain constant after the rebased costs were determined. The Agency increased funding by psychiatric services by \$3,500,000.
  - Effective for dates of admission on and after October 1, 2017, psychiatric per diem rates were increased as directed by the legislature. The increase was applied to any hospital with 200 or more psychiatric bed days. The increase was prioritized for hospitals not currently paid based on provider-specific costs using a similar methodology to set rates for existing inpatient facilities utilizing cost report information for hospital fiscal years ending in 2016. To distribute the funds for each fiscal year. free-standing psychiatric hospitals were given 68.15% of the statewide average cost per day. All other hospitals were given the greater of 78.41% of their provider-specific cost, or their current Medicaid psychiatric per diem rate. Rate increases for providers were set so as not to exceed the amounts provided by the legislature. The agency will conduct annual reviews for updated cost information to determine whether new and/or existing providers meet the 200+ bed criteria. The agency will apply the same cost percentage criteria for future rebasing of the psychiatric per diem rates.
  - For non-distinct psychiatric unit hospitals with less than 200 psychiatric days:
    - ✓ The hospital's specific per diem rates were defined as the greater of the two statewide-standardized average operating and capital costs adjusted by the wage differences, indirect medical education, and direct medical education calculation. The two statewide-standardized average operating and capital costs determination processes were described in the "Statewide-standardized average operating and capital cost per day calculation" section.
    - Effective for dates of admission on or after February 1, 2010, the psychiatric per diem rates for prospective payment system hospitals will be increased by thirteen percent.

#### METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES FOR INPATIENT HOSPITAL SERVICES (cont.)

- E. PER DIEM, PER CASE, AND RCC PAYMENT METHODS (cont.)
  - ✓ Effective for dates of admission on or after July 1, 2013, per diem rates for specialty services will decrease by eleven and fifty one-hundredths (11.50%) from the rates that were established for dates of admission on and after February 1, 2010. This rate adjustment is in accordance with Chapter 74.60 RCW, as amended by the Legislature in 2013. The July 1, 2013, rates will be equal to the July 1, 2009, rates.
  - ✓ Effective for dates of admission on or after July 1, 2014, the statewidestandardized average cost was recalculated using the same methods as described above, based on cost information for hospital fiscal years ending in 2013. The Agency applied a budget adjuster so that aggregate inpatient payments would remain constant after the rebased costs were determined.
  - j. New Hospitals Rate Methodology

New hospitals are those entities that have not provided services prior to August 1, 2007. A change in ownership does not necessarily constitute the creation of a new hospital. For their per diem rate, the statewide average rate is used. For new hospitals that have direct medical education costs and a submitted Medicare cost report with at least twelve months of data, the Agency will identify and include the direct medical education cost to the hospital-specific rate. For a new hospital that has direct medical education cost and Medicare cost report submitted to Medicare with less than twelve months of data, the Agency will not identify and include the direct mode of the hospital-specific rate.

k. Change in ownership

When there is a change in ownership and/or the issuance of a new federal identification, the new provider's cost-based rate is the same rate as the prior owner's.

Depreciation and acquisition costs are recaptured as required by Section 1861 (V) (1) (0) of the Social Security Act. Mergers of corporations into one entity with subproviders receive a blended rate based on the old entities rates. The blended rate is weighted by admission for the new entity.

2. PER CASE RATE

For dates of admission on and after August 1, 2007, the claim estimated cost was calculated based on Medicaid paid claims and the hospital's Medicare Cost Report. The information from the hospital's Medicare cost report for fiscal year 2004 was extracted from the Healthcare Cost Report Information System ("HCRIS") for Washington in-state hospitals.
